NO. 27

WHEN in the Course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.—We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.—That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed.—That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security.—Such has been the patient sufferance of these Colonies; and such is now the necessity which constrains them to alter their former Systems of Government. The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these States. To prove this, let Facts be submitted to a candid world.—He has refused his Assent to Laws, the most wholesome and necessary for the public good.—He has forbidden his Governors to pass Laws of immediate and pressing importance, unless suspended in their operation till his Assent should be obtained; and when so suspended, he has utterly neglected to attend to them.—He has refused to pass other Laws for the accommodation of large districts of people, unless these people would relinquish the right of Representation in the Legislature, a right inestimable to them and formidable to tyrants only.—He has called together legislative bodies at places unusual, uncomfortable, and distant from the depository of their public Records, for the sole purpose of fatiguing them into compliance with his measures.—He has dissolved Representative Houses repeatedly, for opposing with manly firmness his invasions on the rights of the people.—He has refused for a long time, after such dissolutions, to cause others to be elected; whereby the Legislative powers, incapable of Annihilation, have returned to the People at large for their exercise; the State remaining in the mean time exposed to all the dangers of invasion from without, and convulsions within.—He has endeavoured to prevent the population of these States; for that purpose obstructing the Laws for Naturalization of Foreigners; refusing to pass others to encourage their migrations hither, and raising the conditions of new Appropriations of Lands.—He has obstructed the Administration of Justice, by refusing his Assent to Laws for establishing Judiciary powers.—He has made Judges dependent on his Will alone, for the tenure of their offices, and the amount and payment of their salaries.—He has erected a multitude of New Offices, and sent hither swarms of Officers to harass our people, and eat out their substance.—He has kept among us, in times of peace, Standing Armies without the Consent of our legislatures.—He has affected to render the Military independent of and superior to the Civil power.—He has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged by our laws; giving his Assent to their Acts of pretended Legislation:—For quartering large bodies of armed troops among us:—For protecting them, by a mock Trial, from punishment for any Murders which they should commit on the Inhabitants of these States:—For cutting off our Trade with all parts of the world:—For imposing Taxes on us without our Consent:—For depriving us in many cases, of the benefits of Trial by Jury:—For transporting us beyond Seas to be tried for pretended offences:—For abolishing the free System of English Laws in a neighbouring Province, establishing therein an Arbitrary government, and enlarging its Boundaries so as to render it at once an example and fit instrument for introducing the same absolute

rule into these Colonies:—For taking away our Charters, abolishing our most valuable Laws, and altering fundamentally the Forms of our Governments:—For suspending our own Legislatures and declaring themselves invested with power to legislate for us in all cases whatsoever.—He has abdicated Government here, by declaring us out of his Protection and waging War against us.—He has plundered our seas, ravaged our Coasts, burnt our towns, and destroyed the lives of our people.—He is at this time transporting large Armies of foreign Mercenaries to compleat the works of death, desolation and tyranny, already begun with circumstances of Cruelty & perfidy scarcely paralleled in the most barbarous ages, and totally unworthy the Head of a civilized nation.—He has constrained our fellow Citizens taken Captive on the high Seas to bear Arms against their Country, to become the executioners of their friends and Brethren, or to fall themselves by their Hands.—He has excited domestic insurrections amongst us, and has endeavoured to bring on the inhabitants of our frontiers, the merciless Indian Savages, whose known rule of warfare, is an undistinguished destruction of all ages, sexes and conditions. In every stage of these Oppressions We have Petitioned for Redress in the most humble terms: Our repeated Petitions have been answered only by repeated injury. A Prince, whose character is thus marked by every act which may define a Tyrant, is unfit to be the ruler of a free people. Nor have We been wanting in attentions to our British brethren. We have warned them from time to time of attempts by their legislature to

extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which, would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of consanguinity. We must, therefore, acquiesce in the necessity, which denounces our Separation, and hold them, as we hold the rest of mankind, Enemies in War, in Peace Friends.—

WE, THEREFORE, the Representatives of the united States of America, in General Congress, Assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the Name, and by Authority of the good People of these Colonies solemnly publish and declare, That these United Colonies are, and of Right ought to be FREE and INDEPENDENT STATES: that they are Absolved from all Allegiance to the British Crown, and that all political connection between them and the State of Great Britain, is and ought to be totally dissolved; and that as Free and Independent States, they have full Power to levy War, conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which Independent States may of right do.—And for the support of this Declaration, with a firm reliance on the protection of divine Providence, we mutually pledge to each other our Lives, our Fortunes and our sacred Honor.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

CULTURAL AFFAIRS

C. 6050-01
November 15, 2000

Dear Mayor Menino:

I request your written permission to award a contract to M. Harriet McCormack Center for the Arts, Inc., a non profit corporation, with offices at 543 Columbia Road, Dorchester, Massachusetts 02125. Under the terms of this contract, the Office of Cultural Affairs will assist the M. Harriet McCormack Center in operating cultural programs at the Strand Theatre in Uphams Corner. This contract is exempt from M.G.L. c. 30B, as it is a grant agreement with a non profit entity to carry out a public purpose of support and stimulation.

Compensation under this contract shall not exceed \$97,000, which I have determined to be reasonable for the services to be performed. The term of this contract shall be July 1, 2000 to June 30, 2001.

As this is an awarded grant at a reasonable cost, based upon an extensive program and proposal review, I believe that public advertising would serve no purpose. I, therefore, request permission to dispense with inviting sealed bids in the *City Record*, pursuant to authority granted under the City of Boston, St. 4 s. 5.

This contract is late due to the delayed receipt of contract documents and Exhibit A from contractor.

Sincerely,

Esther Kaplan,
Special Assistant to the Mayor.

JOBS AND COMMUNITY SERVICES

November 3, 2000
C. 6006

Dear Mayor Menino:

Pursuant to the vote of the Public Facilities Commission (PFC), dated July 11, 2000, stating that the Director of the Economic Development and Industrial Corporation of Boston (EDIC) is authorized to request from the Mayor, in the name of and on behalf of the Commission, written authority to enter into contracts with service providers funded under the Community Development Block Grant (CDBG) program, I respectfully request your Honor's permission to award a contract to the Citywide Board of Boston Community Centers, Inc., a non-profit corporation, located at 1010 Massachusetts Avenue, Boston, Massachusetts, 02118, for the purpose of providing professional services in support of the Community Development Block Grant (CDBG) program. This contract is exempt from the provisions of M.G.L. c. 30B as it represents a grant agreement with a non-profit entity.

Under the terms of the contract, the Contractor will provide financial management services in support of CDBG-funded public service programs at the following locations at the funding amounts listed:

Blackstone Community Center	\$ 26,000
Condon Community Center	\$ 36,100
East Boston/Harborside Community Center	\$ 23,750
Hyde Park Municipal Center	\$ 18,000
Jamaica Plain Community Center/After Sch.	\$ 31,225
Madison Park Community Center	\$ 40,000
Mattahunt Community Center	\$ 20,000
Mission Hill Community Center	\$ 30,461
Nazarro Community Center	\$ 20,000
Orchard Gardens Community Center	\$ 30,000
Roslindale Community Center	\$ 25,000
Tynan Community Center	\$ 28,302
Veronica Smith Center	\$ 40,200
TOTAL	\$369,038

Total compensation under the terms of this contract shall not exceed \$369,038, payment being made from

the Community Development Block Grant (CDBG) program. The Contractor will receive a fee that is a percentage of this amount, and this percentage (10%) will be subtracted from each of the individual program awards, totaling \$36,904. The period of performance shall be from July 1, 2000 until June 30, 2001. This request has been delayed due to the length of time involved in the program and funding review process, which included an extensive review of all funding recommendations by both Public Facilities Department (PFD) staff and members of the Boston City Council. Also, the City Council did not vote to approve expenditure orders for the FY 2001 CDBG program until June 28, 2000. This request has also been delayed due to contract and budget negotiations with the Contractor.

Since 1983 the Boston Chinatown Neighborhood Center (BCNC) has acted as fiscal agent for these programs and a variety of other Community Center programs. It had contracts with this agency for these services for the previous three (3) fiscal years at the following funding amounts: FY 98 \$501,038; FY 99 \$496,038; FY 00 \$471,038, and, as always, it provided its service through its subsidiary, the Community Management Assistance Corporation (CMAC). During FY 2000 the CMAC staff left BCNC and is now affiliated with the Contractor. The services provided by CMAC have been excellent, and this contract represents a continuation of those services. As this is a negotiated contract for professional services at a reasonable cost, based upon a review of past performance, and for the reasons cited above, I believe that public advertising would serve no useful purpose.

Sincerely,

Mark Maloney,
Director.

LIBRARY DEPARTMENT

December 5, 2000
C. 5827-01

Dear Mr. Mayor:

I respectfully request your Honor's approval to award contracts, without public advertising, pursuant to the authority of General Law Chapter 30B, S.7, to the vendors listed herein for the period September 19, 2000 through June 30, 2001.

Under the terms of this multi-vendor contract, various suppliers will provide library materials, as may be requested from time to time by a designated representative of the Boston Public Library for the purpose of supplying the Allston branch library.

The following four vendors will provide library materials from which the Boston Public Library may make purchases, in the aggregate, in excess of \$10,000. This award request is for a ten-month period. Because the Library purchases materials on an as-needed basis, this type of procurement is the only practicable method by which it can acquire the requisite supplies.

Esteva Servicios Bibliotecarios Empresa 109 Insurgentes Mixcoac 03920 Mexico	\$20,000
Lectorum Publications, Inc. 111 Eighth Avenue New York, New York 10011-5201	\$10,000
Russica Publishers, Inc. P.O. Box 1108 New York, New York 10276-1108	\$10,000
Pan Asian Publications 29564 Union City Blvd. Union City, California 94587-1241	\$15,000

The amount of this contract is only an estimate based upon anticipated requirements, and the Library is not obligated to purchase any specific amount of materials from this vendor. The Auditor may certify an appropriation in an amount less than the face amount of this contract hereunder pursuant to the Standard Contract General Conditions, Articles 12.3 and 12.4.

This contract is late due to protracted negotiations with the vendors. Thank you, in advance, for your consideration.

Yours truly,
Bernard Margolis,
President.

Due to the unique nature of the materials to be procured, I have determined that no practicable alternative vendor exists. As a result, this contract is being awarded without further advertisement.

Thank you, in advance, for your consideration.

Yours truly,

LIVING WAGE INCREASE

Attention vendors who do business with the City of Boston. Please be advised that as of July 1, 2001, the Living Wage amount will increase from \$8.71 to \$9.11 an hour.

Section Six of the Ordinance of 1998-Chapter 5, the Boston Jobs and Living Wage Ordinance, requires that the Living Wage be recalculated annually as of July 1. The current calculation is adjusted in proportion to the increase at the immediately preceding December 31 over the year earlier level of the Annual Average Consumer Price Index for All Urban Consumers (CPU-I) Boston-Lawrence-Salem MA NH as published by the Bureau of Labor Statistics, United States Department of Labor applied to \$8.23 (the initial Living Wage Hourly pay).

The Boston metro area CPU-I rose 4.6% between November 1999 and November 2000 (The Boston CPI is calculated for odd numbered months only. Since there is no CPI figure for December, we must use the most recent data available immediately preceding December 31.) Applying a 4.6% increase to the current \$8.71 hourly rate yields a \$9.11 hourly wage via this method.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

POLICE DEPARTMENT

December 1, 2000
C. 5987-01

Dear Mayor Menino:

I respectfully request your Honor's permission to dispense with public advertising and award a contract to Boston TenPoint Coalition (hereinafter, BTPC), a non profit corporation located at 215 Forest Hills Street, Floor 2, Jamaica Plain, MA 02130, to provide mentoring to at risk youth, under the FY01 Juvenile Accountability Incentive Block Grant. This contract is exempt from M.G.L. c. 30B as it represents a grant agreement with a non profit corporation.

Under the terms of this contract, BTPC will provide mentoring services to youth incarcerated in Department of Youth Services facilities. An outreach worker and a mentor will work closely with the youth and their families. This program will enhance the supervision and intervention provided by the Department of Youth Services and the Department's Youth Violence Strike Force. A detailed description of services to be performed is included in the contractor's proposal attached hereto.

The contractor was selected for funding based upon an evaluation of a proposal submitted by the Boston Police Department to the Executive Office of Public Safety on July 20, 2000. BTPC was determined to be uniquely qualified to perform these services due to its history of working with Boston youth to provide positive career and life alternatives.

Compensation under this contract shall not exceed \$12,680, which I have determined to be reasonable in view of the valuable and comprehensive services to be performed. The term of this contract shall be the period January 1, 2001 through September 30, 2001.

Inasmuch as the contractor is the designated recipient of the FY01 Juvenile Accountability Incentive Block Grant funds to provide the aforementioned services and inasmuch as Boston TenPoint Coalition brings services to youth, I believe public advertising would serve no useful purpose.

Paul F. Evans,
Police Commissioner.

Dear Mayor Menino:

I respectfully request your permission to dispense with public advertising and award a contract to Hyperion Solutions Corporation (Hyperion), a corporation located at 900 Long Ridge Road, Stanford, CN 06902, for annual software license for the Hyperion Pillar Software initially licensed under the Software License Agreement dated November 10, 1997 between Hyperion Solutions Corporation (formerly Hyperion Software Operations, Inc.) and the Boston Public School's Budget Office. This contract is awarded pursuant to the provisions of M.G.L. c. 30B, Section 7. This contract is awarded under the City Charter.

Under the terms of the contract, Hyperion will provide software maintenance services to the Boston Public Schools' Office of Budget Management for the Hyperion Pillar Software system used to produce budget documents for the Boston Public Schools. Hyperion is uniquely qualified to do this work because they are the only company that can provide the annual maintenance service for the software which is needed to produce the Boston Public Schools annual budget. Therefore, I have determined that they are the only practical source for the required software maintenance. Additionally, Hyperion will provide consulting services and Hyperion's software training to the Budget Office. Compensation for these services is based on the attached schedule B. Compensation for the license will be \$10,000 per year and \$10,000 per year for consulting and training services.

Total compensation under this contract shall not exceed \$60,000, which I have determined to be reasonable for the work to be performed. The terms of this contract is the period July 1, 2000 to June 30, 2003 subject to the availability of an appropriation in subsequent fiscal years.

Because of the professional nature of the services to be performed and the fact that Hyperion is uniquely qualified to provide these services, I believe that public advertising would serve no useful purpose.

This contract is being submitted late due to the delay in receiving the signed documents back from Hyperion.

Sincerely,

Thomas W. Payzant,
Superintendent.

Dear Mayor Menino:

I respectfully request your Honor's permission to dispense with public advertising and award a contract to the Boston Plan for Excellence in the Public Schools Foundation (Foundation), a trust, located at 6 Beacon Street, Suite 615, Boston, MA 02108 in an amount not to exceed \$268,045. The term of this agreement is the period September 1, 2000 through August 31, 2001, subject to the availability of an appropriation in the subsequent fiscal year. As a contract to provide job related training to employees of a government body, this contract is exempt from the provisions of M.G.L. c. 30B, pursuant to § 1 (b)(22). This contract is awarded under the authority of the provisions of the Charter of the City of Boston.

Under the terms of this agreement the Foundation will provide professional development services to Boston Public School teachers in eight schools in Cohorts I and II. The services include the provision of parent liaisons, content and literacy coaches and professional development training and support for both staff and the instructional leadership team.

In view of the professional nature of the services to be performed it is my determination that no public purpose would be served by public advertising.

This request is being submitted late due to the delay in obtaining all the required contract documents.

Under the terms of these contracts the vendors will provide multi-level World Language textbooks, videos, software and other educational materials directly related to the curriculum as may be requested from time to time by a designated representative of the Boston Public Schools. Austin, Texas 78746-6487

McDougal Littell, Inc./Houghton Mifflin
1560 Sherman Avenue
Evanston, IL 60201

Prentice Hall School/Pearson Education
1 Lake Street
Upper Saddle River, NJ 07458

Under these contracts the cost of each item purchased will not exceed standard catalog prices in effect at the time of purchase. The contract amount allocated to each vendor will not exceed the following:

Glencoe/McGraw-Hill	\$450,000
Holt, Rinehart and Winston	\$850,000
McDougal Littell Inc.	\$850,000
Prentice Hall School	\$450,000

The amount of each contract is only an estimate based upon anticipated requirements, and the School Department is not obligated to purchase any specific amount of books or materials. The Auditor may certify an appropriation in an amount less than the face amount of each contract hereunder pursuant to the Standard Contract General Conditions, Articles 12.3 and 12.4.

These contracts encompass more than one fiscal year. Therefore, the School Department's financial obligations under these contracts are subject to the availability of an appropriation in each fiscal year in accordance with the requirements of City of Boston Code, St. 4, ss 4 & 8.

Very truly yours,

Superintendent.

Franciscan Children's Hospital will provide tutorial services to Boston Public School students who are patients at the hospital in accordance with M.G.L. c. 71B (Chapter 766) and the regulations promulgated thereunder. Services will be provided to Boston Public School students in accordance with each student's individual educational plan devised by the Boston Public Schools. Dear Mayor Menino:

I respectfully request your Honor's permission to dispense with public advertising and award a contract to Economic Development & Industrial Corporation of Boston (EDIC), located at 43 Hawkins Street, Boston, MA 02114 in an amount not to exceed \$60,000. The term of this agreement is the period July 15, 2000 through June 30, 2003, subject to an appropriation in the subsequent fiscal years. It is my opinion that the cost is reasonable.

Under the terms of this agreement, EDIC will provide training to child care providers for ReadBoston's "Reading Trail Initiative" under the Community Partnerships for Children Program. The services will include literacy training and technical support to participating staff, tracking the progress of the training at each site and the provision of Reading Trail materials.

The Community Partnerships for Children Program is a program designed to provide care and education to three and four year olds of working parents. The grant guidelines for this program stipulate that the program be administered by a Community Partnership Council consisting of local vendors and educators; the Zero to Eight Coalition was selected to act as this Council. The Zero to Eight Coalition is a member based group consisting of parents, teachers, directors and administrators of organizations around the City who take part in the care and education of Boston's children.

This contract is exempt from the provisions of M.G.L. c. 30B pursuant to M.G.L. c. 15, §54 (c) as amended by Chapter 38 of the Acts of 1995, and the attached opinion letter of the Inspector General. This contract is awarded under the provisions of the City Charter.

This contract is funded by a grant, CFDA 97.000, from the Commonwealth of Massachusetts Department of Education, Early Learning Services (DOL). Initial proposals are reviewed and approved for a three-year funding cycle, contingent upon annual approval of continuation funding from DOE.

The Support Services Subcommittee of the Zero to Eight Coalition issued a Request for Proposals in May 2000; proposals were then reviewed by the Support Services Subcommittee. EDIC was selected for the scope of their project and its consistency with the objectives of the Community Partnerships for Children Program as well as their longstanding commitment to expanding child care facilities in the City of Boston. In view of EDIC's competitive selection through the Request for Proposals process, it is my opinion that no useful purpose would be served by further advertising.

This request is submitted late due to the difficulty in obtaining all the necessary contract documents from EDIC in a timely manner.

Sincerely,
Thomas W. Payzant,
Superintendent.

SPECIAL EVENTS & TOURISM

December 18, 2000
C. 6301-01

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a grant agreement to First Night Inc., a corporation located at 20 Park Plaza, Suite 1000, Boston, MA 02116 for the organization and coordination of the three day event known as "First Night Boston." This grant agreement is exempt from the provisions of M.G.L. c. 30B and is awarded under the authority of the Boston City Charter.

First Night Inc., is uniquely qualified for this grant agreement because it is the only organization whose purpose is to support and stimulate the public by way of the three day event known as "First Night Boston," which provides opportunities for residents and visitors to explore and enjoy a variety of cultural events throughout the City of Boston. The City of Boston, through the Office of Special Events & Tourism, proposes to grant to First Night, Inc., an amount not to exceed \$57,500.

The term of this grant shall be December 31, 2000 to January 1, 2001.

Compensation under this emergency contract shall not exceed \$57,500, which I have determined to be reasonable for the work performed.

Because of the professional nature of the services to be performed and for the reasons stated above, I believe that public advertising would serve no useful purpose.

Very truly yours,

Cecily Foster,
Director.

SUFFOLK COUNTY SHERIFF'S DEPARTMENT

October 20, 2000
C. 5877-01

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public notice and advertising requirements and to award an emergency contract to WA Kraft Corporation for the immediate replacement of the back-up generator at the Suffolk County Jail. WA Kraft is a corporation located at 199 Wildwood Avenue in Woburn, Massachusetts. This contract is awarded on an emergency basis pursuant to M.G.L. c. 30B §8.

As part of our compliance policies, the emergency back-up generator is run for one hour each month to ensure its proper operation. During the most recent test, a power surge caused a bolt head to shear off and damage the internal components of the generator. Consequently, the generator has become inoperable and irreparable. Because of the Jail's proximity to the Central Artery/Tunnel Project and risk of power disruption from their excavating, and to ensure the safety and security of staff and inmates, immediate rental of an external generator and replacement of the damaged generator are required.

Initially, an external generator was rented from WA Kraft, the current vendor to provide emergency generator repair services under a competitively bid time and materials agreement. The cost of this rental is \$11,500 per month, and the rental will be required for approximately two months. WA Kraft has already provided services totaling \$10,000 to remove and dissect sections of the generator to diagnose the problem. Engineers from the Division of Capital Asset Management were present during this emergency and concurred with the diagnosis. The costs incurred initially to address and diagnosis this problem totaled approximately \$30,000.

After it was determined that the generator needed to be replaced, three vendors were solicited to provide and install a Caterpillar emergency generator model 3508. The following were the quotes received, which are in addition to the initial \$30,000 expense.

WA Kraft Corporation	\$50,000
Southworth-Milton, Inc.	\$55,000
Electronic Environments	\$80,000

Under the terms of the contract, WA Kraft shall provide an external rental generator and provide and install a new Caterpillar emergency generator model 508 at the Suffolk County Jail. I have submitted a copy of this emergency procurement record to the Secretary of State for publication.

This contract is submitted late because the emergency situation that existed at the Suffolk County Jail was unforeseeable and immediate action was required to ensure the safety of staff and inmates.

Your permission is requested to award this contract to WA Kraft Corporation for the period from September 23 through December 31, 2000 at a cost not to exceed \$80,000.

Very truly yours,

Richard J. Rouse,
Sheriff.

LIVING WAGE INCREASE

Attention vendors who do business with the City of Boston. Please be advised that as of July 1, 2001, the Living Wage amount will increase from \$8.71 to \$9.11 an hour.

Section Six of the Ordinance of 1998-Chapter 5, the Boston Jobs and Living Wage Ordinance, requires that the Living Wage be recalculated annually as of July 1. The current calculation is adjusted in proportion to the increase at the immediately preceding December 31 over the year earlier level of the Annual Average Consumer Price Index for All Urban Consumers (CPU-I) Boston-Lawrence-Salem MA NH as published by the Bureau of Labor Statistics, United States Department of Labor applied to \$8.23 (the initial Living Wage Hourly pay).

The Boston metro area CPU-I rose 4.6% between November 1999 and November 2000 (The Boston CPI is calculated for odd numbered months only. Since there is no CPI figure for December, we must use the most recent data available immediately preceding December 31.) Applying a 4.6% increase to the current \$8.71 hourly rate yields a \$9.11 hourly wage via this method.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

AUDITING DEPARTMENT

March 5, 2001

Dear Mayor Menino:

I respectfully request your Honor's permission to dispense with public advertising and award a contract to PeopleSoft, Inc. (PeopleSoft), 404 Wyman Street, suite 460, Waltham, Massachusetts 02154, to provide software maintenance and training services to the City to support the integrated financial and human resource management systems, for the period December 23, 2000 through December 22, 2001. This contract is awarded according to M.G.L. 30B §1(22) and §7.

In December 1997, your Honor approved a contract with PeopleSoft to license financial and human resource management systems applications; and provide support and maintenance for those applications through December, 2000. The contract was awarded pursuant to M.G.L. Chapter 30B.

This contract extends the support and maintenance services for software currently licensed by the City for one year. Under this contract PeopleSoft will provide support and maintenance services to include customer services; self-servicing and knowledge sharing; application and technical support; and product releases. The contract will also cover the cost of installation services and training. Through PeopleSoft's customer services and self-servicing knowledge sharing, the City will be assigned an account executive and have access to a variety of on-line technical advisories. The applications and technical support provides on-line documentation and on-line and telephone support around the clock for timely and effective resolution to product and technical issues. PeopleSoft provides new releases, service packs/minor releases and tax updates and regulatory changes for the product. These updates keep the City's applications current with new functionality; fixes and updates to product lines; and regulatory changes throughout the product supported lifecycle.

In addition, PeopleSoft will provide services to support the installation of the major upgrade to version 8 of the software for both the financial and human resource management applications currently under license. PeopleSoft also offers job related training classes specific to the changes in the upgraded version of the software as well as training for specific modules within the applications.

The cost for these services are outlined below:

Maintenance Fees	\$ 550,503.18
Installation Services v8	20,000.00
Training Units @ \$500/unit	29,000.00
Total	\$599,503.18

(Continued on next page)

Compensation under this contract shall not exceed \$599,503.18. I have investigated alternative sources and found that PeopleSoft is the sole source for providing software maintenance and is most qualified to perform the installation of new releases and training for their products. Because I consider these costs to be reasonable, I recommend the award of this contract.

This contract is being submitted late due to administrative delays. The vendor required updated information from the City to determine the cost of the maintenance services and specific terms and conditions of the contract were reviewed and refined for this award.

The term of this contract encompasses more than one fiscal year and is therefore subject to an annual appropriation.

Very truly yours,
Sally D. Glora,
City Auditor.

C. 6538-01

Dear Mayor Menino:

I respectfully request your Honor's permission to award a contract to Boston Asian: Youth Essential Service, Inc., a non-profit corporation, located at 199 Harrison Avenue, Boston, Massachusetts 02111. Under the terms of the contract, the Contractor will provide alternative education and employability services for approximately eight (8) out-of-school youths. This contract is exempt from the provision of M.G.L. c. 30B as it represents a grant agreement with a non-profit entity.

The Contractor was selected for refunding based upon an evaluation of its refunding document submitted to the Economic Development and Industrial Corporation of Boston (EDIC), and an intensive review of the Contractor's performance. This Contractor has had contracts for this program for two (2) of the previous three (3) fiscal years at the following funding amounts: FY 98 \$32,907; FY 99 \$38,329. This request has been delayed due to the length of time involved in the funding review process, and due to the late determination of funding availability. EDIC will administer this AEI-funded program on behalf of the Office of Community Partnerships (OCP) in accordance with its contract with OCP, approved by your Honor on October 31, 2000 (C-5717-01).

The Contractor was originally funded in Fiscal Year 1999 based upon an evaluation of its proposal submitted in response to a publicly advertised Request for Proposals (RFP) issued on April 24, 1998 by EDIC. This proposed award represents level funding for the Contractor. As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review, I believe that further public advertising would serve no useful purpose.

INTERGOVERNMENTAL RELATIONS

March 13, 2001
C. 6598-01

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to Fund for Boston Neighborhoods, Inc., a non-profit organization located at Boston City Hall, Rm. 80, to carry out the necessary work of hosting the 2000 National League of Cities — Congress of Cities. This contract is exempt from the provisions of G.L. c. 30B because it represents a grant agreement between a government body and a non-profit entity the purpose of which is to carry out a public purpose of support and stimulation.

Under the terms of the contract, The Fund for Boston Neighborhoods, Inc. will carry out the necessary work of hosting the 2000 National League of Cities — Congress of Cities.

Compensation under this contract shall not exceed \$79,100, which I have determined to be reasonable for the work to be performed.

The term of this contract shall be July 1, 2000 to June 30, 2001. This contract is being submitted because of a delay in receipt of grant funds, as the contract is being wholly funded by a Massachusetts Turnpike Authority Tourism Grant.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,
Dina Siegal,
Deputy Director,
Intergovernmental Relations.

NEIGHBORHOOD DEVELOPMENT

March 8, 2001
C. 6451-01

Dear Mayor Menino:

Pursuant to a vote of the Public Facilities Commission on January 25, 2001, I respectfully request your Honor's written permission to dispense with public advertising and award a contract to Upham's Corner Main Street, Inc., a Massachusetts non-profit corporation, with offices at 594 Columbus Road, Dorchester, MA 02125. Under the terms of the contract, the contractor shall implement a commercial district revitalization program in accordance with the National Trust for Historical Preservation. This contract is exempt from the provisions of M.G.L. c. 30B as it is a grant agreement with a non-profit corporation to provide support and stimulation.

Compensation under this contract shall not exceed \$191,873, which I have determined to be reasonable for the services to be performed. The term of this contract shall be from March 1, 2001 to February 28, 2003. The submission of this request for approval has been delayed due to the vendor's submission of complete contract documents. Funds for this contract shall come from those received under the Community Development Block Grant and the Operating Budget.

The original funding commitment of Boston Main Streets districts was over a four-year period. Upon reviewing the districts ending their fourth year, we realized they have accomplished several of the intended goals. However, Boston Main Streets came to the conclusion that a four-year period was too short of a timeframe for the districts to capitalize on the momentum that they have established. Boston Main Streets does not want to see the efforts of these districts end because of a lack of salary. It was decided that Boston Main Streets should fund the manager's salary for year 5 and 6 in order to keep the administration of the programs intact. In addition, salary money was considered necessary as many of the grants the districts receive do not cover program salary.

As this is a negotiated contract at a reasonable cost based upon extensive program review, I believe that public advertising would serve no useful purpose. Therefore, request permission to dispense with inviting sealed bids in the City Record, pursuant to the authority granted under the City of Boston Code, St. 4 S. 5.

Respectfully,
Charlotte Golar Richie,
Director.

C. 6527-01

ar Mayor Menino:
Pursuant to votes of the Public Facilities Commission on December 21, 2000 and February 8, 2001, I request Your Honor's written permission to award a contract for the lease of certain office space, pursuant to the authority contained in M.G.L. c. 30B, § 6, from Madison Washington, Inc., a Massachusetts corporation, with a mailing address care of Madison Development Corporation, 122 Dewitt Drive, Westbury, MA 02120.

Under the terms of this contract, the City of Boston, acting by and through its Public Facilities Commission and the Director of the Public Facilities Department will lease premises located at 2701 Washington Street in the Westbury District of the City of Boston from Madison Washington, Inc. to provide office space for the Office of Business Development. The premises to be leased consist of approximately 4,670 rentable square feet of office space. This space is comprised of 3,912 rentable square feet on the first floor (the "First Floor Space") and 758 rentable square feet on the third floor (the "Third Floor Space").

The office space in this building will be occupied by several public agencies involved in related economic and career development activities which will allow the sharing of resources and result in cost savings on operating expenses. Due to this unique situation, pursuant to M.G.L. c. 30B, § 16(d), the City has determined that advertising will not benefit the interest of a public agency.

Compensation under this contract shall not exceed \$1,340, which is an annual fixed rent of \$126,090, plus an estimated \$15,250 for operational and tax escalation which I have determined is a reasonable cost for these services. The term of the lease shall be for the period of five years, commencing on July 1, 2001, with the option to extend for an additional period of five years (subject to the availability of a sufficient appropriation for the second and subsequent years and pursuant to the termination option provided in Section 2.4 of the event of the City of Boston losing its appropriation with respect to this lease). Funds for this contract will come from those received under the Community Development Block Grant.

Respectfully,
Charlotte Golar Richie,
Director.

POLICE DEPARTMENT

February 2, 2001
C. 6206-01

ar Mayor Menino:
I respectfully request your Honor's permission to dispense with public advertising and award a contract to Northeastern University (hereinafter NU), a non-profit institution located at 360 Huntington Avenue, 5 Lake Hall, Boston, MA 02115, to provide data collection, analysis and evaluation of the U.S. Department of Justice Drug Free Communities Support Program Grant. This contract is exempt from the provisions of M.G.L. c. 30B as it represents a grant agreement with a non-profit institution.

Under the terms of this contract NU will work to provide ongoing assessment and evaluation of the effectiveness of community substance abuse reduction initiatives directed toward youth. Both qualitative and quantitative data will be gathered to capture the progress of the project, and to document successes, best practices, and lessons learned. A detailed description of services to be performed is attached hereto.

The contractor was selected for funding based upon a grant award received by the Boston Police Department from the U.S. Department of Justice, Office of Juvenile Justice and Delinquency Prevention on September 30, 2000. NU was determined to be uniquely qualified to perform these services due to its extensive history of working with the Department. NU possesses comprehensive experience in research evaluation and administration. Further, whereas NU has the best Criminal Justice Program in New England, it has an incomparable range of resources available to conduct the project the necessary knowledge and experience to provide the needed evaluation.

Compensation under this contract shall not exceed a total amount of \$23,393 which I have determined to be reasonable in view of the comprehensive services to be provided. The term of the contract shall be the period from January 1, 2001 through September 30, 2001.

Inasmuch as the contractor is the designated recipient of the U.S. Department of Justice Drug Free Communities Support Grant funds to provide the aforementioned services and inasmuch as NU brings unique experience, and resources to the Department, I believe public advertising would serve no useful purpose.

Respectfully,

Paul F. Evans,
Police Commissioner.

Dear Mayor Menino:

I respectfully request your Honor's permission to dispense with public advertising and award a contract to the Holy Family Parish, a non-profit corporation located at 1 Lingard Street, Dorchester, MA 02125. The Holy Family Parish will provide a summer day camp program to children of low-income families, under the Violence Prevention Grants Program, a component of the FY99 Bureau of Justice Assistance Block Grant. This contract is exempt from the provisions of M.G.L. c. 30B, as it represents a grant agreement with a non-profit corporation.

Under the terms of this contract, The Holy Family Parish will provide a summer day camp to children of low-income families ages four through twelve. This program provides outdoor exercise, group activities and field trips to museums, pools, parks and playgrounds. Such activities introduce these children to educational experiences and social interactions in a safe environment that might otherwise not be available to them during the summer. Sadly, these children are too familiar with the violence amongst teens and need a safe, familiar, and informative environment in which to spend their summer. A detailed description of the services to be performed is included in the contractor's proposal attached hereto.

The contractor was selected for funding following a public solicitation and examination of proposals designed to invite community organizations to work in partnership with the Boston Police Department to prevent violence, reduce crime, and improve the quality of life in Boston's neighborhoods, under the FY99 Bureau of Justice Assistance Block Grant. Holy Family Parish was determined to be especially qualified to perform these services due to its ability to comply with the strict objectives of the Department's Violence Prevention Grants Program, and its extensive experience and success in addressing social and educational needs to young people from the City of Boston.

Compensation under this contract shall not exceed a total amount of \$18,000, which I have determined to be reasonable in view of the valuable services to be performed. The term of this contract shall be the period from March 1, 2001 through December 31, 2001.

Inasmuch as the contractor is the designated recipient of the FY99 Bureau of Justice Assistance Block Grant funds to provide the aforementioned services, and inasmuch as Holy Family Parish brings innovative social and educational programs to the community, I believe public advertising would serve no useful purpose.

Respectfully,

Paul F. Evans,
Police Commissioner.

I respectfully request your Honor's permission to dispense with public advertising and award a contract to Dorchester House Multi-Service Center (hereinafter, DHMSC), a non profit corporation located at 1353 Dorchester Avenue, Dorchester, MA 02122, to act as a fiscal agent for the Louis D. Brown Peace Institute (hereinafter, LBPI), who will work with homicide survivors across the City of Boston. This contract will be provided under the Executive Office of Public Safety's FY'01 Same Cop Same Neighborhood Grant. This contract is exempt from the provisions of M.G.L. c. 30B as it represents a grant agreement with a non profit corporation.

Under the terms of this contract, DHMSC/LBPI will work with homicide survivors across the City of Boston to enroll them in support groups and engage them in local violence prevention and peacemaking efforts. Unfortunately, survivors of homicide tragedies are typically not considered victims, even though the

murder of a loved one shatters their sense of safety, destroys their trust in institutions that they feel should have protected the victim, and forces them to examine their own vulnerability. This program tries to address these issues and give the families the help and support that they need to get through the tragedy that they are experiencing. In addition, they will act as a liaison between homicide survivors and the Boston Police Department Homicide Unit whenever necessary. A detailed scope of service is attached hereto.

The contractor was selected for funding based upon a grant award received by the Boston Police Department from the Executive Office of Public Safety. DHMSC/LBPI was determined to be uniquely qualified to perform this service due to its five year history of providing this program to surviving families of homicide victims in the City of Boston.

Compensation under this contract shall not exceed \$15,000, which I have determined to be reasonable in view of the valuable and comprehensive services to be performed. The term of this contract shall be the period from March 15, 2001 through December 15, 2001.

Inasmuch as the contractor is the designated recipient of the Executive Office of Public Safety Grant funds to provide the aforementioned services and inasmuch as Dorchester House MultiService Center/Louis D. Brown Peace Institute brings useful services to the City of Boston, I believe public advertising would serve no useful purpose.

Respectfully,
Paul F. Evans,
Police Commissioner.

Dear Mr. Mayor:

I request your Honor's permission to dispense with public advertising and to award a contract to Michael J. Agri, Jr. d/b/a Total Computing, 89 Settlers Path, Marshfield, MA 02050-5616 for Emergency Purchase for Furnishing and Installing New Faraday Fire Alarm Control Panel at the Umana-Barnes Middle School. This contract is exempt from the provisions of M.G.L. c. 30B and is awarded under the authority of M.G.L. c. 149.

On Thursday, July 6, 2000 the fire alarm control panel at the Umana-Barnes Middle School, 312 Border Street, East Boston, MA 02128 failed due to high voltage induced from a field device. Four manufacturers were contacted to find a replacement fire alarm control panel compatible with the existing fire alarm system. Michael J. Agri, Jr. d/b/a Total Computing was the only manufacturer able to provide a compatible fire alarm control panel and complete installation in the time allowed for school opening.

The Department's Director of Facilities Management contacted Mr. George Matthews, Associate General Counsel, Department of Capital Asset Management, to obtain an emergency waiver of the advertising requirements pursuant to M.G.L. c.149, section 44A(4). The waiver was granted. A copy of the approved waiver is attached. Submission of this request for your approval has been delayed because all of the required contract documents were not received from the contractor in a timely manner, despite separate requests from Facilities Management.

The term of this contract is the period commencing July 25, 2000 and ending September 25, 2000

Compensation under this contract shall not exceed \$60,456.66.

Sincerely,
Thomas W. Payzant,
Superintendent.

Dear Mayor Menino:

I respectfully request your Honor's permission to dispense with public advertising and award a contract to Urban College of Boston: A Two Year College, Inc. (Urban College), a non profit corporation located at 178 Tremont Street, Boston, MA 02111-1093 in an amount not to exceed \$36,830. The term of this agreement is the period July 1, 2000 through June 30, 2001. It is my opinion that the cost is reasonable.

Under the terms of this agreement Urban College will provide professional development courses in Cantonese and Spanish to 125 members of the Community Partnerships Program. Two courses will be in Cantonese and three courses in Spanish plus 8 hours of tutorial support per course. Urban College will also provide support services during registration, advisement and translation of materials. Students will have access to all Urban College services. The Community Partnerships for Children Program is a program designed to provide care and education to three and four year olds of working parents. The grant guidelines for this program stipulate that the program be administered by a Community Partnership Council consisting of local vendors and educators; the Zero to Eight Coalition was selected to act as this Council. The Zero to Eight Coalition is a member based group consisting of parents, teachers, directors and administrators of organizations around the City who take part in the care and education of Boston' children.

This contract is exempt from the provisions of M.G.L. c. 30B pursuant to M.G.L. c. 15, § 54(c) as amended by Chapter 38 of the Acts of 1995 and the attached opinion letter of the Inspector General. This contract is awarded under the provisions of the City Charter.

This contract is funded by a grant, CFDA 97.000, from the Commonwealth of Massachusetts Department of Education, Early Learning Services (DOE). Initial proposals are reviewed and approved for a three-year funding cycle, contingent upon annual approval of continuation funding from DOE.

The Professional Development Task Force of the Zero to Eight Coalition issued a Request for Proposals in May 2000; proposals were then reviewed and Urban College was selected for the scope of their project and its consistency with the objectives of the Community Partnerships for Children Program. In view of Urban College's competitive selection through the Request for Proposals process, it is my opinion that no useful purpose would be served by further advertising.

This request is submitted late because of the difficulty in obtaining the required contract documents from the contractor.

Sincerely,

Thomas W. Payzant,
Superintendent.

LIVING WAGE INCREASE

Attention vendors who do business with the City of Boston. Please be advised that as of July 1, 2001, the Living Wage amount will increase from \$8.71 to \$9.11 an hour.

Section Six of the Ordinance of 1998-Chapter 5, the Boston Jobs and Living Wage Ordinance, requires that the Living Wage be recalculated annually as of July 1. The current calculation is adjusted in proportion to the increase at the immediately preceding December 31 over the year earlier level of the Annual Average Consumer Price Index for All Urban Consumers (CPI-U) Boston-Lawrence-Salem MA NH as published by the Bureau of Labor Statistics, United States Department of Labor applied to \$8.23 (the initial Living Wage Hourly pay).

The Boston metro area CPI-U rose 4.6% between November 1999 and November 2000. (The Boston CPI is calculated for odd numbered months only. Since there is no CPI figure for December, we must use the most recent data available immediately preceding December 31.) Applying a 4.6% increase to the current \$8.71 hourly rate yields a \$9.11 hourly wage via this method.

DEPARTMENT OF NEIGHBORHOOD
DEVELOPMENT

REQUEST FOR PROPOSALS
BOSTON MAIN STREETS DESIGNATION

The City of Boston through its Public Facilities Department, hereinafter referred to as the Department of Neighborhood Development, and the National Main Street Center are accepting applications for neighborhood business districts to begin participating in Boston Main Streets in 2001. Neighborhoods will be selected competitively for participation.

The Boston Main Streets Program is a public-private initiative of the City of Boston and the National Trust for Historic Preservation to bring the Main Street strategy for commercial district revitalization to Boston's many neighborhood business districts.

The Main Street program focuses its effort on providing merchant groups and community residents with tools and information necessary for their historic commercial center to compete in today's marketplace. The program helps neighborhood Main Street organizations capitalize on their unique historical, cultural, and architectural assets while also addressing the many economic development needs around small business retention and recruitment in light of strong competition from shopping malls and discount retailers.

The Department of Neighborhood Development will sponsor Education Sessions and Application Workshops. Interested individuals may attend one of two pre-application workshops on Wednesday, July 18, 2001 from 6:00 P.M. - 8:00 P.M. at the Winter Chambers, 26 Court Street, 1st Floor, Boston, MA or Saturday, July 28,

2001 from 10:00 A.M. - 12:00 Noon at Boston Police Headquarters, Media Room, 1st Floor, One Schroeder Plaza (1199 Tremont Street), Roxbury, MA. The workshops will provide an overview of the Main Street program and detailed information on the application process. For more information on the pre-application workshops, contact Pat Connolly at (617) 635-0115. Attendance at one of these workshops is not mandatory, but communities which attend will be duly noted during the selection process.

The Request for Proposal application package will be available beginning July 9, 2001, at the Department of Neighborhood Development, Bid Counter, 10th Floor, 26 Court Street, Boston, MA 02108. Completed applications must be in a sealed envelope labeled "Boston Main Streets" and submitted directly to the Department of Neighborhood Development, Bid Counter, 10th Floor, 26 Court Street, Boston, MA by August 9, 2001, no later than 4:00 P.M. LATE PROPOSALS WILL NOT BE ACCEPTED.

If you have any questions about the application or about Boston Main Streets, or need assistance, please contact Emily Haber, Boston Main Streets, City of Boston Department of Neighborhood Development at (617) 635-0293.

MAYOR MENINO KICKS OFF CITY'S SUMMER POOL PROGRAMMING

Mayor Thomas M. Menino officially kicked off the city's summer pool programming recently at the Clougherty Pool in Charlestown.

"Summer is a very exciting season," said Mayor Menino. "And we all know at this time of the year, kids and their families need to stay cool. That's why we're committed to improving Boston's public pools. We have set aside nearly \$2 million in the city's five-year capital budget for repairs to community center swimming pools. I encourage everyone to take advantage of the city's pools, and remember to always use sunscreen as you are enjoying yourself at the pool, beach, or in the park."

The summer pool program is one of several programs offered through Boston Community Centers (BCC) at various facilities during the summer. In addition to managing the city pools — 1 indoor and 2 outdoor — the BCC oversees 50 summer camps throughout the summer. This year, BCC is offering new programs such as "Cyber Summer 2001" computer camps for young people.

"We are proud of the great shape our pools are in and urge the people of Boston to check out their neighborhood pool and take advantage of the wonderful health benefits of swimming," said Evelyn Riesenbergh, Executive Director of Boston Community Centers.

At the pool, BCC lifeguards, "lifeguard interns," and students in swimming programs demonstrated synchronized swimming, competitive swimming, lifeguarding skills and more. The Lifeguard Intern Program is a mentoring program and summer employment opportunity for aspiring

lifeguards, ages 14-17. It provides youths with on-the-job experience, training and guidance from an American Red Cross designee. The Program was launched six years ago and is an opportunity for young people to learn a skill that they can use for future employment opportunities. Once they reach age 16, and become lifeguard certified by the American Red Cross, they can be hired by Community Centers for a summer or year-round position.

In addition to the pool opening, the adjacent Doherty Park was the site of a "Family Fun Day" sponsored by Area A-1 of the Boston Police Department with assistance from Charlestown Community Centers. The Family Fun Day included a moonwalk, dunk tank, balloon and T-shirt give-aways, snow cones, cotton candy, a cookout, and a canine show. In addition, the Public Health Commission provided a skin cancer information table at the pool with preventative information and sunscreen.

BOSTON VOTES 2001

*Remarks of
Mayor Thomas M. Menino
July 12, 2001*

It's a pleasure to be here today to kick-off New Bostonians Vote 2001. I am proud to once again launch this important drive to make sure that all of our residents have the opportunity to get involved and to vote.

I want to thank our community partners for working with us and being here today. We will screen a video to educate people about voting and civic participation. There will be workshops so that people can ask questions, and learn about the New Bostonians Voter Resource Book.

Voting isn't just a right-it's one of our greatest responsibilities.

My grandparents packed up their belongings in Italy to start fresh here in Boston. They believed that America would offer a better life, for themselves and their children.

Now, their grandson is the Mayor-the first Italian-American Mayor of this historic city. I believe that one of my most important jobs is to give people the same opportunities that my family had. And it starts by making city government open and accessible to everyone, especially our newest immigrants.

Every day, I drive around this city and talk to residents who are concerned about the future of the schools, about development, substance abuse, and affordable housing.

As Mayor, I'm doing everything I can to help this city grow stronger. But I can't do it alone. I need the help of all our residents. You have the power to change things. We need you to participate in your community. When you vote in elections, you vote for the future of our city, and for the future of our country.

My administration is working with the Office of New Bostonians, the Election Department, and our partners in the community to increase voter participation and civic activity.

Last year, Boston Votes 2000 registered more than 5,000 new voters. We hosted 2,500 people at the New

Bostonians Community Day at City Hall so residents could learn about city government. I am proud that this campaign was such a success, and this year - I know that we will get even more people involved.

Diversity is one of Boston's great strengths. That's why I am proud everything we are doing to reach out to our immigrants.

Here in Boston, our residents come from every nation in the world. In fact, one out of every four Bostonians was born in another country. Thirty-five percent of the students in our schools speak a language other than English at home. And together, our residents speak more than 140 languages.

Under the leadership of Rev. Cheung Imm Tan, the Office of New Bostonians has done so much:

- We printed a Guide to City Services in 7 different languages.
- We recruited volunteers for the City Interpreter Pool to help constituents who do not speak English.
- We created a New Bostonians Community Directory to list information about community groups and cultural organizations in Boston.

PLEASE NOTE: The deadline of 5:00 p.m. Wednesday of each week is ten days in advance of publication.

Last year, we hosted a Multicultural Job Fair, and a Cultural Heritage Festival on City Hall Plaza.

And we have launched a new public/private partnership called "English for New Bostonians." With City dollars, and help from businesses and the community, we'll open up 400 additional seats in English classes this year.

The face of Boston is changing. This is a diverse city, and my administration is already meeting the needs of our newest residents.

But we can't do it alone. We can't teach everyone until everyone gets involved. And the best way to participate and voice your ideas and opinions is to cast your vote.

MAYOR MENINO ANNOUNCES MBTA PASS DEDUCTION PROGRAM FOR CITY EMPLOYEES

As part of the recently enacted federal transportation funding bill, employers are now able to provide transportation tax benefits to employees who elect to purchase public transit passes through payroll deductions. The MBTA Pass Deduction Program allows City employees to pay for monthly MBTA Passes with pre-tax dollars, up to a limit of \$65.00 per month, which will increase to \$100.00 per month in January 2002. This program is offered to all qualified City employees who are interested in participating.

What happens to my paycheck?

The full cost of the MBTA Pass will be deducted from the first paycheck of the month prior to the MBTA Pass ridership month. For example, employees receiving a June MBTA Pass will have the deduction taken from their first paycheck in May.

How do I benefit?

Since the cost of your monthly MBTA Pass will be deducted from your gross wages, your taxable gross income will be reduced. Employees save on federal taxes based on the price of the pass they purchase, since that amount is no longer treated as taxable wages.

How many MBTA Passes can I order?

A City employee may order one MBTA Pass only.

Am I qualified to participate?

A City employee who has taxable wages can participate in this program. Those claiming tax exempt status on their W-4, or those receiving Workers' Compensation benefits are ineligible.

How and when do I receive my MBTA Pass?

A designee from your department will make arrangements to have your MBTA Pass delivered to you. You will receive your MBTA Pass during the last week of the month prior to the MBTA Pass ridership month. Those who do not receive a paycheck or do not have sufficient earnings in the first paycheck of the month will not have the deduction taken and therefore, will not receive an MBTA Pass for the following month.

Can I be reimbursed for a missing or stolen MBTA Pass after I have received one?

A City employee enrolled in this program will not receive a refund, replacement or credit for lost or stolen monthly passes after they have been distributed.

How do I enroll? or What if I have enrolled and would like to cancel?

Complete the MBTA Pass Deduction Program Form and submit it to your Department designee.

Requests to start or stop a deduction must be received by Auditing Department/Central Payroll no later than 10 business days before the scheduled deduction date. For example, to receive or cancel a MBTA Pass for June, the MBTA Pass Deduction Program Form must be submitted to Auditing/Central Payroll from the Department designee no later than 10 business days before the first paycheck date in May.

Once the MBTA Pass deduction has been made, the City of Boston cannot refund this amount.

What other benefits are there?

- Convenient payment and receipt of the monthly MBTA Pass.
- Encourages the use of public transportation.
- Reduces traffic congestion on City streets.
- Improves the environment by reducing auto congestion and improving air quality.
- Program serves as a role model for other public and private employers.
- Provides the City of Boston with greater flexibility in offering transportation benefits.

MAYOR MENINO ANNOUNCES MBTA PASS DEDUCTION PROGRAM FOR CITY EMPLOYEES

As part of the recently enacted federal transportation funding bill, employers are now able to provide transportation tax benefits to employees who elect to purchase public transit passes through payroll deductions. The MBTA Pass Deduction Program allows City employees to pay for monthly MBTA Passes with pre-tax dollars, up to a limit of \$65.00 per month, which will increase to \$100.00 per month in January 2002. This program is offered to all qualified City employees who are interested in participating.

What happens to my paycheck?

The full cost of the MBTA Pass will be deducted from the first paycheck of the month prior to the MBTA Pass ridership month. For example, employees receiving a June MBTA Pass will have the deduction taken from their first paycheck in May.

How do I benefit?

Since the cost of your monthly MBTA Pass will be deducted from your gross wages, your taxable gross income will be reduced. Employees save on federal taxes based on the price of the pass they purchase, since that amount is no longer treated as taxable wages.

How many MBTA Passes can I order?

A City employee may order one MBTA Pass only.

Am I qualified to participate?

A City employee who has taxable wages can participate in this program. Those claiming tax exempt status on their W-4, or those receiving Workers' Compensation benefits are ineligible.

How and when do I receive my MBTA Pass?

A designee from your department will make arrangements to have your MBTA Pass delivered to you. You will receive your MBTA Pass during the last week of the month prior to the MBTA Pass ridership month. Those who do not receive a paycheck or do not have sufficient earnings in the first paycheck of the month will not have the deduction taken and therefore, will not receive an MBTA Pass for the following month.

Can I be reimbursed for a missing or stolen MBTA Pass after I have received one?

A City employee enrolled in this program will not receive a refund, replacement or credit for lost or stolen monthly passes after they have been distributed.

How do I enroll? or What if I have enrolled and would like to cancel?

Complete the MBTA Pass Deduction Program Form and submit it to your Department designee.

Requests to start or stop a deduction must be received by Auditing Department/Central Payroll no later than 10 business days before the scheduled deduction date. C.5874-01

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with the public advertising and award a contract to the Boston Public Health Commission, 1010 Massachusetts Avenue, Boston, MA 02118, to support a full-time receptionist position in the Mayor's Office of Community Partnerships. This contract is exempt from the provision of G.L.c.30B as a joint grant agreement between the two agencies and is awarded under the authority of the City Charter.

The term of the contract shall be from July 1, 1999 to June 30, 2001.

This letter is being submitted late due to negotiation delays between two agencies.

Sincerely,
Juanita B. Wade,
Chief of Human Services Cabinet.

March 8, 2001

Dear Mayor Menino:

I respectfully request your Honor's permission to award a contract to Federated Dorchester Neighborhood Houses, Inc., a non-profit corporation, located at 450 Washington Street, Dorchester, Massachusetts 02124. Under the terms of the contract, the Contractor will provide alternative education and employability services for approximately out-of-school youths. This contract is exempt from the provision of M.G.L.c.30B as it represents a grant agreement with a non-profit entity.

(Continued on next page)

The Contractor was selected for refunding based on an evaluation of its refunding document submitted to the Economic Development and Industrial Corporation of Boston (EDIC), and an intensive review of the Contractor's performance. The proposal and program review process focused on a number of criteria, including administrative responsiveness, the ability to have negotiated performance standards, site visits conducted by staff of the Jobs and Community Services Department of EDIC, and the availability of funds.

Compensation under the terms of this contract shall not exceed \$35,411, payment being made from funds aside for the Alternative Education Initiative (AEI). The period of performance shall be September 1, 2000 to June 30, 2001. This Contractor has had contracts for this program for two (2) of the previous three (3) fiscal years at the following funding amounts: FY 98, \$1,000; FY 99 \$35,411. This request has been delayed due to the length of time involved in the funding review process, and due to the late determination of funding availability. EDIC will administer this AEI-funded program on behalf of the Office of Community Partnerships (OCP) in accordance with its contract with OCP, approved by your Honor on October 31, 2000 (C-5717-01).

The Contractor was originally funded in Fiscal Year 1999 based upon an evaluation of its proposal submitted in response to a publicly advertised Request for Proposals (RFP) issued on April 24, 1998 by EDIC. The proposed award represents level funding for the Contractor. As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review, I believe that further public advertising would serve no useful purpose.

Sincerely,
Juanita B. Wade,
Chief of Human Services.

HUMAN SERVICES

C.6302-01

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to Boston Bank of Commerce, a corporation located at 133 Federal Street, Boston, MA 02110, to enlist the City of Boston as a key sponsor of the Money Talks. A Financial Conference for Black Women, to be held annually in Boston. This contract is exempt from the provisions of M.G.L. c.30B as it represents a grant agreement with a corporation engaged in promoting and advancing women and minority business ownership and economic self-sufficiency in the City of Boston.

Under terms of the contract, the contractor will implement an agenda of partnership and advocacy with financial banks and other financial institutions to ensure they meet the Community Reinvestment Act (CRA) requirements by expanding their services into underserved communities in the City of Boston so that city residents have access to appropriate banking and financial services. The contractor will also guarantee that the conference will cover several issues currently undertaken by the City of Boston, such as the impact of the welfare reform on families and children, advocacy and services for children and the elderly, financial independence, and minority and women business ownership. The City of Boston will have headline sponsorship listing, inclusion in all print media and

radio advertisement, free advertisement placement in conference workbooks and programs, participation in luncheon discussion tables, mention of corporate name from podium, free distribution of marketing material, and five (5) reserved seats at the conference.

The contractor is uniquely qualified to perform this work because it is the only organization undertaking such initiative in the City of Boston and has a strong and long-term commitment to supporting economic self-sufficiency and business ownership for women and minorities.

The term of the contract shall be for a period of two years, beginning November 1, 2000 and ending June 30, 2002. Total compensation shall not exceed \$20,000, evenly distributed for two years, which I have deemed to be reasonable for the work to be performed. The continuation of the contract for year two will depend upon the availability of funds.

Because of the specific nature of the services to be performed, it is my opinion that public advertisement would serve no useful purpose.

This contract is being submitted late due to delays by the contractor in securing full sponsorship from other supporting partners.

Sincerely,
Juanita B. Wade,
Chief of Human Services.

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and award a contract to Disability Law Center (DLC), 11 Beacon Street, Suite 925, Boston, MA 02108. This contract is exempt from the provisions of M.G.L.c. 30B because it constitutes a grant agreement with a non-profit organization and is awarded under the authority of the City Charter.

Under the terms of this contract, the contractor, Disability Law Center, through its Leadership Opportunities for Youth with Disabilities (LOYD) project, will work with organizations providing out-of-school services to increase their capacity to serve youth with disabilities.

The contractor is uniquely qualified to perform this work based on its excellent record in providing services for disabled children and youth. Additionally, Disability Law Center's LOYD project is implementing a five-year public-private partnership initiative designed to strengthen the capacity of agencies serving disabled children and youth, create and expand programming that is inclusive of children and youth with disabilities, and provide opportunities to develop the leadership abilities of these youth.

Therefore because of the specialized nature of the services to be performed, and the qualifications and expertise of Disability Law Center in this area, I believe that public advertising would serve no useful purpose.

Compensation under this contract shall not exceed \$30,000, an amount that I deem to be reasonable for the work to be performed. The term of this contract shall be January 15, 2001 to December 31, 2001. A final report will be due thirty days after the completion of the project.

This request is being submitted late due to delay in receiving paper work from the contractor.

Sincerely,
Juanita B. Wade,
Chief of Human Services Cabinet.

Under the terms of this contract, the contractor, Disability Law Center, through its Leadership Opportunities for Youth with Disabilities (LOYD) project, will work with organizations providing out-of-school services to increase their capacity to serve youth with disabilities.

The contractor is specifically qualified to perform this work based on its excellent record in providing services for disabled children and youth. POLICE DEPARTMENT

March 23, 2001

Dear Mayor Menino:

I respectfully request your Honor's permission to dispense with public advertising and award a contract to Psychemedics Corporation, located at 1280 Massachusetts Avenue, Boston, MA 02138, to provide substance abuse testing on applicants and employees of the Boston Police Department. This contract is exempt from the provisions of M.G.L. c30B, as it is a contract with laboratory technicians, and therefore is awarded under the authority of the City Charter.

(Continued on next page)

Under the terms of this contract, Psychomedics Corporation will provide drug testing services employing radioimmunoassay technology in the analysis of hair ("RIAH"), and post-positive mass spectrometry confirmation testing. Samples are submitted to Psychomedics to test for the presence of Cocaine, Opiates, Phencyclidine (PCP), Marijuana, and Methamphetamine. Further, the contractor will also provide training to personnel of the Boston Police Medical Unit in proper specimen collection and the chain of custody procedures. Such training shall include instructional videotapes, telephone consultations, and if deemed necessary, personal or supervised instructions.

This contractor is uniquely qualified to perform these services since Psychomedics was the only company to be awarded U.S. and foreign patents for the detection of drugs in the hair. The Company's first U.S. and European patent covers the universal drug extraction procedure. Psychomedics was the first laboratory to offer the method of testing hair samples rather than body fluids for drugs, and is the only company in the United States to provide this type of drug testing.

Compensation under this contract shall not exceed a total amount of \$190,000 which I have determined to be reasonable in view of the specialized work to be performed. The term of this contract shall be the period July 1, 2001 through June 30, 2002.

Because of the professional and unique nature of the services performed, and the medical testing capabilities of Psychomedics Corporation, I believe public advertising would serve no useful purpose.

Respectfully,

Paul F. Evans,
Police Commissioner.

Dear Mayor Menino:

I respectfully request your Honor's permission to dispense with public advertising and award a contract Dudley Street Neighborhood Initiative, non-profit corporation located at 504 Dudley Street, Roxbury, MA. 02119, to act as fiscal agent for the Cape Verdean Community Task Force, (hereinafter, CVCTF) who will provide assistance to families in need to reduce youth violence in their community, under the Violence Prevention Grants Program, a component of the FY99 Bureau of Justice Assistance Block Grant. This contract is exempt from the provisions of M.G.L. c. 30B, as it represents a grant agreement with a non-profit corporation.

Under the terms of this contract, the CVCTF will provide assistance to families in order to reduce the rate of youth-related problems, ranging from drugs, guns and violent behavior, in conjunction with law enforcement and government agencies, community leaders and parents. A detailed description of the services to be performed is included in the contractor's proposal attached hereto.

The contractor was selected for funding following a public solicitation and examination of proposals designed to invite community organizations to work in partnership with the Boston Police Department to prevent violence, reduce crime, and improve the quality of life in Boston's neighborhoods, under the FY99 Bureau

of Justice Assistance Block Grant. CVCTF was determined to be especially qualified to perform these services due to its ability to comply with the strict objectives of the Department's Violence Prevention Grants Program, and its extensive experience and success in addressing social and educational needs to people from the City of Boston.

The compensation under this contract shall not exceed a total amount of \$18,000, which I have determined to be reasonable in view of the valuable services to be performed. The term of this contract shall be the period April 1, 2001 through December 31, 2001.

Inasmuch as the contractor is the designated recipient of the FY99 Bureau of Justice Assistance Block Grant funds to provide the aforementioned services, and inasmuch as Cape Verdean Community Task Force brings innovative social and educational programs to the community, I believe public advertising would serve no useful purpose.

Respectfully,

Paul F. Evans,
Police Commissioner.

Dear Mayor Menino:

I respectfully request your Honor's permission to dispense with public advertising and award a contract to The Fund for Parks and Recreation (hereinafter, FP&R), a trust located at 1010 Massachusetts Avenue, 3rd floor, Boston, MA 02118, to act as a fiscal agent for the Mayor's Youthline, under the FY00 Juvenile Accountability Incentive Block Grant. This contract is exempt from M.G.L. c.30B as it represents a grant agreement with a trust.

Under the terms of this contract, FP&R will act as a fiscal agent for the Mayor's Youthline who will create a web page that affords criminal justice and other professionals working with youth immediate access to up to date information about youth services in the area. The website will also assist Youthline call takers, who receive over 7,000 calls each year, in providing resource information to the callers. A detailed description of services to be performed is included in the Department's grant application attached hereto.

The contractor was selected for and, based upon an evaluation of a proposal submitted by the Boston Police Department to the Executive Office of Public Safety on September 10, 1999. The Mayor's Youthline was determined to be especially qualified to perform these services due to its history of working with Boston youth through its Youth Development Council and its unique distribution of resources and information to the community.

Compensation under this contract shall not exceed \$46,498 which I have determined to be reasonable in view of the valuable and comprehensive services to be performed. The term of this contract shall be the period January 1, 2000 through September 30, 2000.

Inasmuch as the contractor is the designated recipient of the FY00 Juvenile Accountability Incentive Block Grant funds to provide the aforementioned services and inasmuch as The Funds for Parks and Recreation Mayor's Youthline brings services to youth and the community, I believe public advertising would have served no useful purpose.

The award of this contract was delayed due to administrative problems in transfer of funds to between City agencies. The Department has informed that it could process a debit transfer of the funds to the Mayor's Youthline budget because they are a City entity, but in August, 2000 we were informed that the Youthline did not have a budget line and all funds that they expended were processed through The Fund for Parks and Recreation. At this time it was determined that an official contract was necessary. Once the process has undertaken, there was a delay in submission of information necessary to initiate a contract and a subsequent delay in submission of the signed requisite contract documents which were not received by the Department until April 4, 2001. A memo from the project manager detailing these delays is attached hereto.

Respectfully,

Paul F. Evans,
Police Commissioner.

Dear Mayor Menino:

I respectfully request your Honor's permission to dispense with public advertising and award a contract to Marcia Scott, MD, a physician located at 19 Sibley Court, Cambridge, MA 02138, for providing on-site psychiatric evaluations to police officers and employees of the Boston Police Department. This contract is exempt from M.G.L. c30B as it is a contract with a health care provider and therefore is awarded under the authority of the City Charter.

Under the terms of this contract, Dr. Scott will provide psychiatric fitness for duty evaluations to police officers who are prescribed medications on the job to determine their ability to carry weapons. Since the safety of the public and the officers could be jeopardized, she will confirm through her evaluations that these officers are fully capable of performing the duties of a police officer. In addition, she will also provide psychiatric evaluations to BPD civilian employees, whenever necessary, to address any issues that may have working in a police environment.

This contractor is uniquely qualified to perform these services due to her extensive experience in the field having developed clinical evaluations and treatment programs to schools, hospitals and corporations nationwide. She also developed the psychiatric entry level standards for the State Police. Further, she has conducted training seminars and written a variety of publications on the subject of medical disabilities in the workplace.

Compensation under this contract shall not exceed \$30,000, at an hourly rate of \$125, which I have determined to be reasonable in view of the services to be provided. The term of this contract shall be the period July 1, 2001 through June 30, 2002.

Inasmuch as the contractor is uniquely experienced in providing psychiatric evaluations, and inasmuch as the contractor has demonstrated her expertise in providing this vital service, I believe public advertising would serve no useful purpose.

Respectfully,

Paul F. Evans,
Police Commissioner.

SPECIAL NOTE:

Where the Boston Fire Department is obligated to the existing rehired list from other fire departments in the Commonwealth, it is possible in many cases that partial examinations or none at all would be directed to the rehireds.

Awarded contract will take effect August 20, 2001, through June 30, 2002.

The City of Boston, acting by its Fire Commissioner, invites competent persons, firms or corporations to enter into a contract to submit proposals as may be requested from time to time by the Official, for the performance of particular items of work described above, and to perform such work as may be required by the Official. Copies of the contract documents may be obtained at Fire Headquarters, 115 Southamptton Street, Boston, MA 02118, on or after Monday, July 30, 2001.

Application to contract for such work will be accepted until 12 o'clock noon, Monday, August 13, 2001, at which time and place they will be publicly opened and read aloud. Proposals must be sealed and marked "Examination of One Hundred (100) Candidates for the Position of Fire Fighter".

The attention of all applicants is directed to the provisions of the contract documents, and particularly to the requirements for insurance certificate. The City and Official reserve the right to contract only those cases in accordance with those applications as the Official deems to be in the interest of the City.

In addition to the above, the City of Boston requires that once the examinations begin, the process for all candidates must be completed in a three-week period.

Acting Fire Commissioner.**

CITY OF BOSTON PRESENTS ELMA LEWIS THEATRE AT FRANKLIN PARK

In celebration of its fifth season, the City of Boston's ParkARTS program is presenting the Elma Lewis Theatre, located at the Playstead Overlook near White Stadium at Franklin Park, on Saturday, August 11, at 12 noon.

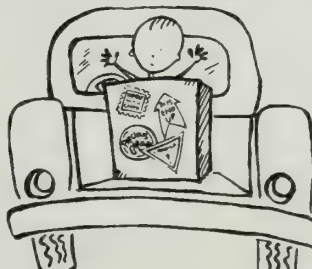

The event commemorates Lewis' extraordinary contributions to Boston's cultural history and her community concert series, *Playhouse in the Park*, which began in the late 1960s, bringing the likes of Alvin Ailey, Duke Ellington, and the Boston Pops with Arthur Fiedler to Franklin Park.

The August 11 performance will feature national recording artists including Woody, formerly of Dru Hill, and the best of Boston's Gospel artists including Persuaded, Brian Hurst, Towanna Frazier, Michael Saunders, Clarence Powell & Total Praise, and the 500-voice ParkARTS Choir comprised of area church members.

Ms. Lewis is the founder and director of the National Center of Afro-American Artists and the Elma Lewis School of Fine Arts. She started the Center, serving people of all ages in the disciplines of theater, dance, music, and the visual arts, with the premise that "Anything is possible." Ms. Lewis has taught over a half-million students, received 28 honorary

degrees from well-known universities and over 400 awards including the prestigious American Academy of Arts and Sciences Fellowship in 1977, the Presidential Medal for the Arts from President Ronald Reagan in 1983, and the McArthur Fellowship.

Mayor Thomas M. Menino began ParkARTS in 1997 under the direction of the Boston Parks and Recreation Department. It is a year-round arts program presenting the performing, participatory and visual arts in City parks. ParkARTS is sponsored by Fleet and supported in part by the Massachusetts Cultural Council, First Night, and the Proscenium Fund for Audience Development, Inc.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

COMMUNITY CENTERS

March 1, 2001
C. 6553-01

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and award a contract to The Home for Little Wanderers, Inc., a non-profit organization whose office is located at 271 Huntington Avenue, Boston, MA 02210. This contract is exempt from the provisions of M.G.L. c.30B, §1(b)(16) and is awarded under the authority of the City Charter.

Under the terms of the contract, The Home for Little Wanderers, Inc., will provide mental health counseling and consultation services for staff and students of the "Boston Community Middle School." This program is an integral piece of the Alternative Education Initiative, serving Boston teenagers.

The Home for Little Wanderers, Inc. provides services to 60 students and 15 staff of the Boston Community Middle School, located in three sites around the city: Charlestown, Mission Hill and Mattapan. Services to staff include support/counseling as needed and on-site training in mental health/social service information. In addition, an on-site Social Worker is provided to do individual therapy on students as needed, group therapy with referrals to agencies, assist in the management of cases through the human service system, coordinate the Life Skills Curriculum, make home visits on occasion, and refer to other workers at The Home for Little Wanderers, Inc. such as Psychologists and Psychiatrists where students can be seen at the agency rather than on site.

The Home for Little Wanderers, Inc. is uniquely qualified in therapeutic services. For the past several years, the agency, formerly The Center for Therapy/Boston Children's Services, has served in various capacities in the Alternative Education Program. The success of the program is partly due to the expertise

provided by The Home for Little Wanderers, Inc., whose staff is familiar with the needs of our clients.

This contract is being submitted late due to the fact that the secretary was unavailable to sign the CM-06 because she was out of the country and there was no other staff with signatory authority.

Compensation under this contract shall not exceed \$25,000, which I have determined to be reasonable for the work to be performed. The term of this contract shall be from March 1, 2001 to June 30, 2001.

Because of The Home for Little Wanderers, Inc.'s professional knowledge of the services to be performed, I believe that public advertising would serve no useful purpose. I, therefore, respectfully request that your permission be forthcoming to enter into this contract.

Respectfully yours,
Evelyn Riesenber,
Executive Director.

EMERGENCY SHELTER COMMISSION

April 25, 2001
C. 6787-01

Dear Mayor Menino:

I respect fully request your permission to dispense with public advertising and award a contract to The Greater Boston Food Bank, Inc., a non-profit organization that is located at 99 Atkinson Street, Boston, MA 02118. This contract is exempt from the provisions of G.L.c. 30B, because it is a grant agreement with a non-profit organization, the purpose of which is to carry out a public purpose of support, and therefore is awarded under the authority of the City Charter.

Under the terms of the contract, The Greater Boston Food Bank, will provide food to 106 food pantries in Boston during the upcoming summer months. There is a dramatic need for this contract by emergency food providers in Boston. Summer brings a significant increase in demand for food assistance, because children are out of school and not receiving school provided meals. Changes in food stamp eligibility are also impacting low-income families. Community-based food pantries — that provide bags of groceries to needy families in their neighborhoods — are most vulnerable to these pressures. The proposed grants will provide real assistance to them during this time of critical need.

The Emergency Shelter Commission will contract with The Greater Boston Food Bank to disburse grants of food totaling no more than \$115,000 — to 106 food pantries located in the City of Boston. Each recipient pantry has been approved as a member of the Food Bank. These food pantries are located throughout the neighborhoods of Boston, including Allston, Brighton, Charlestown, Dorchester, East Boston, Hyde Park, Jamaica Plain, Mattapan, Roslindale, Roxbury, South Boston, and the South End. The grants will range in the amount of \$789.74 to \$1,400, and are based on the amount of meals the pantry serves per month to Boston residents. The Greater Boston Food Bank will credit each pantry in Boston with an amount in proportion to their capacity. Attached is a list of the food pantries, and the grant amount allocated to each.

Each pantry will be able to utilize their respective grant amount under any of two methods. Under the first method, The Greater Boston Food Bank will purchase, in bulk, at a reduced rate, high protein nutritional food, which will be disbursed to the pantries according to the amount and type of food each pantry selects. Under the second method, pantries will access the Food Bank's stock of donated food, and will be credited the Food Bank's Shared Maintenance Fee of \$0.14 per pound of food. Prior to utilization of the grant, each pantry will be required to designate their preferred disbursement method. By making these two methods available, we are enabling pantries to better balance their food stocks during the summer months.

Payments by the City to The Greater Boston Food Bank under this contract shall not exceed \$115,000, of which amount The Greater Boston Food Bank shall be entitled to retain in return for its services to the various pantries a certain percentage of the cost of food, not to exceed 13%. The Greater Boston Food Bank shall submit documentation of grants disbursed in a form approved by the City Auditor.

The term of this contract shall be May 1, 2001 to June 30, 2002. This contract is being submitted late due to the contractor having to resubmit portions of the contract to its board for signatures.

In assigning this contract, I believe that public advertising would serve no useful purpose for the following three reasons. First, The Greater Boston Food Bank has the unique ability to purchase massive quantities of food at significantly reduced rates. Second, the Food bank is the largest donated food clearinghouse in New England, and is relied upon by nearly all emergency food assistance programs in Eastern Massachusetts. Third, the food pantries in Boston are members of the Food Bank, and purchase their food there on a regular basis. I therefore respectfully request that your permission be forthcoming to enter into this contract.

Thank you for your attention to this matter.

Sincerely,
Kelley A. Cronin,
Executive Director.

POLICE DEPARTMENT

April 24, 2001
C. 6849-02

Dear Mayor Menino:

I respectfully request your Honor's permission to dispense with public advertising and award a contract to The Gardner Group, Inc. d/b/a On-Site Academy (hereinafter, On-Site Academy) a nonprofit corporation located at 222 Mill Street, Gardner, MA 01440, to provide clinical counseling and crisis intervention services to the Boston Police Department's Stress Unit. This contract is exempt from the provisions of M.G.L. c. 30B, as it is a contract with a health care provider, and therefore is awarded under the authority of the City Charter.

Under the terms of this contract, On-Site Academy will provide assistance to the Boston Police Stress Unit in the following specialized areas: 1) clinical counseling and management of stress-related cases, including critical incident stress debriefing; 2) training of the Stress Unit's Team to recruit, screen, select, organize and train new team members; 3) 24-hour per day, clinical "call-back" and "on-scene" stress support and debriefing services; and 4) critical incident stress, post-trauma and "return to duty" residential treatment.

This contractor is uniquely qualified to perform these services as it has the only critical incident stress/post trauma residential treatment program of its type in the nation, utilizing a peer-driven, clinically guided model of client support. Its practices and policies of health care service delivery are governed by a board of directors represented by members of the law enforcement, fire prevention, emergency medical, and mental health industries. The program director, Hayder Duggan, is especially qualified to manage and oversee all service components of this contract, as he is a licensed psychologist, designated forensic psychologist of the Commonwealth, registered Emergency Medical Technician, and accredited International Critical Incident Stress Foundation trainer. Further, On-Site Academy has the capability to receive police personnel for residential treatment or stabilization without prior notice.

Compensation under this contract shall not exceed \$100,000, which I have determined to be reasonable in view of the extensive and specialized work to be performed. The term of this contract shall be the period July 1, 2001, through June 30, 2002.

Inasmuch as these services are professional in nature, and inasmuch as On-Site Academy possesses a unique compilation of experience, expertise, emergency and non-emergency treatment services, and qualified staff, necessary to accommodate the diverse needs of the Department, I believe public advertising would serve no useful purpose.

Respectfully,
Paul F. Evans,
Police Commissioner.

This contract is pursuant to the Master Service Agreement statewide contract (#ST7J211) with the Commonwealth of Massachusetts, Operational Services Division, which was publicly bid and awarded to Superior Special Services for the category of recycling of computers throughout the Boston Public Schools. Superior Special Services has agreed to provide recycling services to the Boston Public Schools at the same cost as provided under its contract with the Commonwealth.

MAYOR MENINO ADDRESSES HUNGER PROBLEM IN BOSTON

During the summer months, we spend most of our time outdoors enjoying the warm weather and all of the wonderful things that the city has to offer. We don't spend a lot of time thinking about those families who go to sleep hungry. The fall and holiday season are the times of year when residents make generous donations to Boston's food pantries and many other homeless shelters. But what happens to those who are still hungry in May, July and September? How do they feed their families when there's no food at the food pantry? What happens to the thousands of students in the Boston Public Schools who are no longer given breakfast and lunch during summer vacation? Here in Boston we know that hunger is a year round problem, and that's why we fight it all year long. Recently, I visited the Emmanuel House in Lower Roxbury to award \$115,000 in grants to 106 food pantries. Emmanuel House is a wonderful place that offers a number of important services to the people who live in that area. It is always there to help our residents with its great summer camp for young people and its food pantry for families who are struggling to get by. Emmanuel House is filled with dedicated staff members and they are committed to ending hunger in Boston.

Because of the drop in food pantry donations in the summer months, the City of Boston needed to provide our food pantries with the support they need to reach the many people who depend on food pantries. Our working families need their services just as much today as they do in the fall and winter months. Times are good in Boston, but I know that times are not good for everyone. There is a real need for food in the City of Boston. Pantries report an increase in demand and more working families are asking for help and our elderly and disabled neighbors are having a hard time surviving on a fixed income. I am proud of the city's efforts to end hunger in Boston.

In the fall, the Can Share Food Drive received 40,000 cans of donated food and raised \$18,000. We support 12 Farmers Markets throughout the city and we support the Farm at Long Island Shelter, where shelter guests grow produce and receive job training to help them get back on their feet. A couple of weeks ago, we launched the Summer Meals Program for the sixth year. The Boston Public Schools will serve more than 14,000 breakfasts and more than 15,000 lunches every day throughout the summer. We have made 190 neighborhood sites open so that any child in Boston can walk in and get a meal. Open sites include: the Jackson Mann Community Center in

Allston, the Hyde Park Municipal Building, the Shelburne Center in Roxbury, the Condon Community Center in South Boston and many more. Project Bread is helping us inform families about these open sites. If you know of anyone who is looking for a place for his or her child, please call Project Bread's Hotline. The number is 1-800-645-8333.

Recent studies show that our children need proper nutrition to perform well in school and in life. We can't become complacent when it comes to fighting hunger. In Boston, our economy is still strong, and with surpluses at the state and federal levels - no child should go to sleep hungry. During the school year, the Boston Public Schools provide meals to over 140 After-School Programs. That's a huge increase from just 11 programs two years ago and I want to thank Helen Mont-Ferguson and Superintendent Tom Payzant for their efforts. I want to encourage people to increase their donations during the next few months.

When you go to the grocery store to buy food for your family's cookout, buy something extra for the food pantry down the street. It will prepare you for what will sure to be numerous food drives this fall. We all know that many of the people who work for the food drives and work in the food

(Continued on next page)

pantries and soup kitchens are volunteers. They do this work because they care about their neighbors; they care about their community; and they care about their city. They know that too many people are living from paycheck to paycheck and have to decide whether or not to pay the electric bill or put food on the table. The people who work in the food pantries know that a helping hand can often help a family get back on its feet. And I want to thank all of those volunteers for their hard work. The City of Boston and its many partners will continue the fight against hunger. We need people to donate to our food pantries every month of the year. We need to keep reaching out to those people who are less fortunate than you or me and together we can end hunger in Boston.

Thank you.

I respectfully request your Honor's permission to dispense with public advertising and award a contract to Intercultural Center for Research in Education, Inc. (INCRE), a nonprofit agency located at 366 Massachusetts Avenue, Arlington, MA 02474 in an amount not to exceed \$40,000. The term of the contract is the period April 6, 2001 through June 30, 2001. This contract is exempt from the provisions of M.G.L. c. 30B because it constitutes a grant agreement with a nonprofit agency the purpose of which is to provide public support to a Boston Public Schools program. This contract is awarded pursuant to the City Charter.

Under the terms of this agreement, INCRE will provide evaluation services for the activities of the Boston Public Schools (BPS) Quality Full Day Kindergarten Grant. Services include documentation of class size reduction, and formative evaluations of professional development activities, preschool partnerships, and family involvement activities. C. 3250-01

Dear Mayor Menino:

On January 7, 2000 your Honor approved the award of a lease contract pursuant to M.G.L. c. 30B, s.16(e)(2), to the Diocese of Newton for the Melkites in the United States of America, Inc., doing business as

(Continued on next page)

and acting by and through Our Lady of the Annunciation Cathedral ("Cathedral"), a non-profit entity located at 7 V.F.W. Parkway, Roslindale, MA 02132, to provide classroom and related space, including space for modular classrooms, for the Patrick Lyndon School.

Under the terms of this lease contract, the Cathedral is leasing to the Boston Public Schools classroom and related space in the lower level of the building known and numbered as 7 V.F.W. Parkway, Roslindale, Massachusetts in an amount not to exceed \$588,282. The term of the lease is the five year period which commenced on July 1, 1999 and will end on June 30, 2004, at a fixed rent as follows:

Year 1: \$100,000
Year 2: \$104,000
Year 3: \$108,160
Year 4: \$112,486
Year 5: \$116,986

Rent for that portion of the Cathedral property where temporary structures (modular classrooms) are installed is calculated on a per square foot basis of \$5.50. In Year (1) the square footage was 8,480, for a total of \$46,650 (8,480 sq. ft. x \$5.50), resulting in a total rent cost of \$146,650, which includes Year (1) base rent of \$100,000.

Effective July 1, 2000, the square footage of the portion of the lot where temporary modular structures are installed increased from 8,480 square feet to 15,974 square feet, for a total of \$87,857 (15,974 sq. ft. x \$5.50). Accordingly, the total rent for Year (2) will be \$191,857, which includes Year (2) base rent of \$104,000. The total cost for the five-year term, including the first and second year's rent of space for the modular classrooms of \$46,650 and \$87,857, is an amount not to exceed \$676,139.

Because of the unique qualities and suitability of this property for educational purposes, and in view of its proximity to the Patrick Lyndon School, I am requesting your approval to amend this contract with the Cathedral in an amount not to exceed \$87,857, thereby increasing the total amount of the contract from \$588,282 to an amount not to exceed \$676,139.

This request is submitted late because of the delay in the return of the contract documents from the contractor.

Sincerely yours,

Thomas W. Payzant,
Superintendent.

C. 5096

Dear Mayor Menino:

On September 11, 2000 your Honor approved the award of a contract to Child Care Capital Investment Fund, Inc. (CCCIF), a non-profit corporation located at 8 Tremont Street, Boston, MA 02108 in the amount of \$80,000 to provide facility planning management services for the Capital Expansion Program under the Community Partnerships for Children Program (CPCP) for the period July 15, 2000 through June 30, 2001.

I respectfully request your Honor's permission to amend this contract to provide for the implementation of additional funds awarded to CPCP from the Commonwealth of Massachusetts Department of Education (DOE), Early Learning Services. The funds will provide a facility expansion project to expand the supply of and/or improve the quality of preschool child care space in the City of Boston. CCCIF, in collaboration with the 0-8 Coalition Facilities Task Force, will be responsible for allocation and disbursement of these funds to approved expansion projects. The cost of this amendment shall not exceed \$694,048. The contract as amended shall not exceed \$734,048. The period of performance shall not be extended.

The reason for the large amount of this amendment compared to the basic contract amount is due to the funding cycle for the CPCP grant. The grant is awarded by DOE based upon two separate grant applications. The first grant award is made in July of each year, and is for continuation funding of existing programs. The second grant award is made later in the fiscal year, and is for the expansion and/or creation of programs. CCCIF was awarded a smaller allocation for continuation and a larger amount for expansion.

This amendment, as was the basic contract, is exempt from the provisions of M.G.L. c. 30B pursuant to M.G.L. c. 15, § 54 (c) as amended by Chapter 38 of the Acts of 1995. This amendment is awarded under the

provisions of the Charter of the City of Boston.

Sincerely,

Thomas W. Payzant,
Superintendent.

MAYOR MENINO ANNOUNCES MBTA PASS DEDUCTION PROGRAM FOR CITY EMPLOYEES

As part of the recently enacted federal transportation funding bill, employers are now able to provide transportation tax benefits to employees who elect to purchase public transit passes through payroll deductions. The MBTA Pass Deduction Program allows City employees to pay for monthly MBTA Passes with pre-tax dollars, up to a limit of \$65.00 per month, which will increase to \$100.00 per month in January 2002. This program is offered to all qualified City employees who are interested in participating.

What happens to my paycheck?

The full cost of the MBTA Pass will be deducted from the first paycheck of the month prior to the MBTA Pass ridership month. For example, employees receiving a June MBTA Pass will have the deduction taken from their first paycheck in May.

How do I benefit?

Since the cost of your monthly MBTA Pass will be deducted from your gross wages, your taxable gross income will be reduced. Employees save on federal taxes based on the price of the pass they purchase, since that amount is no longer treated as taxable wages.

How many MBTA Passes can I order?

A City employee may order one MBTA Pass only.

Am I qualified to participate?

A City employee who has taxable wages can participate in this program. Those claiming tax exempt status on their W-4, or those receiving Workers' Compensation benefits are ineligible.

How and when do I receive my MBTA Pass?

A designee from your department will make arrangements to have your MBTA Pass delivered to you. You will receive your MBTA Pass during the last week of the month prior to the MBTA Pass ridership month. Those who do not receive a paycheck or do not have sufficient earnings in the first paycheck of the month will not have the deduction taken and therefore, will not receive an MBTA Pass for the following month.

Can I be reimbursed for a missing or stolen MBTA Pass after I have received one?

A City employee enrolled in this program will not receive a refund, replacement or credit for lost or stolen monthly passes after they have been distributed.

How do I enroll? or What if I have enrolled and would like to cancel?

Complete the MBTA Pass Deduction Program Form and submit it to your Department designee.

Requests to start or stop a deduction must be received by Auditing Department Central Payroll no later than 10 business days before the scheduled deduction date. For example, to receive or cancel a MBTA Pass for June, the MBTA Pass Deduction Program Form must be submitted to Auditing Central Payroll from the Department designee no later than 10 business days before the first paycheck date in May.

Once the MBTA Pass deduction has been made, the City of Boston cannot refund this amount.

What other benefits are there?

- Convenient payment and receipt of the monthly MBTA Pass.
- Encourages the use of public transportation.
- Reduces traffic congestion on City streets.
- Improves the environment by reducing auto congestion and improving air quality.
- Program serves as a role model for other public and private employers.
- Provides the City of Boston with greater flexibility in offering transportation benefits.

MAYOR'S CUP YOUTH TENNIS TOURNAMENT BEGINS AUGUST 22

The action will be fast and furious as over 200 youngsters from throughout the city's neighborhoods compete in the 6th Annual Mayor's Cup Tennis Tournament finals at Carter Playground on August 22, 23, and 24.

"The Mayor's Cup continues to grow as more and more kids discover the sport of tennis," said Mayor Thomas M. Menino. "Thanks to our youth tennis program and city-owned courts, young people are discovering that this is a game they can learn and play right in their own neighborhoods."

Individual first rounds were held on August 18 at the Sportsmen's Tennis Club in Dorchester. The team finals will be held Wednesday, August 22, and the singles and doubles finals on August 23 and 24, from 9:00 a.m. to 5:00 p.m. at Carter Playground, located on Columbus Avenue at Camden Street, Roxbury.

This year's tournament is sponsored by Legal Seafoods and AT&T Broadband. Every participating athlete will receive an official Mayor's Cup Tennis Tournament T-shirt and winners and finalists will receive tournament trophies.

Most competitors took part in the summer tennis programs offered by the Boston Parks and Recreation Department, Tenacity, the Sportsmen's Tennis Club, and the Boston Tennis Council. Mayor Menino has been a strong supporter of the Boston Tennis Council since its inception in 1994. The Council's mission is to bring ten-

All of these organizations are taking part in the 2001 Mayor's Cup Youth Tennis Tournament. The Boston Tennis Council is supported with funding provided by USA Tennis New England.

ARTIE SHAW ORCHESTRA TO CLOSE CITY HALL CONCERT SERIES

The 28th Annual Dorothy Curran Wednesday Night Concert Series will come to a rousing close as the Artie Shaw Orchestra swings at City Hall Plaza during Big Band Night on August 22 at 7:00 p.m.

Directed by Dick Johnson, the Artie Shaw Orchestra carries on the tradi-

tion started by the famed clarinetist when he debuted as a bandleader at Broadway's Imperial Theatre in 1936. Shaw went on to earn the title "King of Swing" as his recording of Cole Porter's *Begin the Beguine* became one of the best-selling records in history. A string of hits followed including *Frenesi*, *Stardust*, *Dancing in the Dark*, and *Concerto for Clarinet*.

When Shaw, now in his early 90s and living in California, first heard Dick Johnson's playing, he wrote back to his manager, "You wanted to hear what I think of Dick Johnson's clarinet playing. As of this time, he's the best I've heard. Bar nobody. And you can quote me on that, anywhere, anytime!"

In 1983, Shaw handed leadership of the band over to Johnson, a native of the Boston area who has played and recorded with such luminaries as Charlie Spivak, Buddy Morrow, Neil Hefti, Benny Goodman, Dave McKenna, and Buddy Rich. Hosted by Mayor Thomas M. Menino, the concert will feature *Dancing Under the Stars* with a dance floor for audience members provided by the Police Activities League.

The 28th Annual Dorothy Curran Wednesday Night Concert Series has been cosponsored by the Mayor's Office of Special Events and Tourism, WCVB-TV, the Boston Herald, the Boston Park Plaza Hotel and the Union Oyster House.

AFFORDABLE HOUSING IN BOSTON

Remarks of Mayor Thomas M. Menino, August 14, 2001.

Mayor Thomas M. Menino joined Sen. John F. Kerry, Cong. Michael Capuano, and residents of housing developments throughout the city to talk about planned cuts in the federal housing budget last week. The following is a transcript of Mayor Menino's speech.

"It's a pleasure to be here at the Bunker Hill Housing Development to talk about one of the most important issues in Boston today, housing. Every time I visit the neighborhoods for a ribbon cutting or attend a Little League game, I meet constituents who are being priced out of their homes and the neighborhoods where they hoped to raise their children.

Each story is a reminder that even prosperity has a price. And for cities like Boston that price is high - we risk becoming a place where only the very rich and the very poor can afford to live. My job is to listen to the concerns and needs of the people who live in every neighborhood of this city. And their message is coming through loud and clear. They want us to build more homes that working people can afford, and preserve and maintain the affordable homes and apartments that we have.

It's a simple message. But for some reason, this Republican administration just doesn't get it. Perhaps they've changed the tone so much in Washington that they've become tone deaf when it comes to listening to the needs of working families.

Every mayor in the country is talking about housing, and we're doing something about it.

We're coming up with creative ways to build more, invest in homeowner-

ship, and restore and fill all of our public housing units. This is a major issue in every major city across this country. So what were the administration and the House leadership thinking? Or should I say, 'Why weren't they thinking?' We have made real progress over the last decade, and have created new housing developments that make our neighborhoods stronger. I challenge anyone to visit Mission Main, Orchard Gardens, and spend time here at Bunker Hill and then tell our tenants that public housing funds ought to be slashed.

I challenge the Department of Housing and Urban Development (HUD) to come look at Boston and see how the Public Housing Drug Elimination Program (PHDEP) is keeping crime down and helping young people lead safer and more productive lives.

I challenge HUD to come look at how the Boston Housing Authority has already brought 400 units back on line

since we announced our housing strategy last year.

And I challenge the administration and the House leadership to come to Boston and see that we aren't just creating housing units -- we're building neighborhoods and improving people's lives.

Even they will see that:

- We need the \$8.2 million in capital improvement funds to bring another 348 BHA units back on line;

- We need the \$3 million in PHDEP funds to keep our police officers and public safety officers;

- We need to renew \$3.1 million for the Shelter Care Unit so that 331 disabled people don't find themselves homeless once again;

- We need funding for our community services department to keep our youth workers, and offer positive alternatives for our young people;

- And we need HUD and the Republican Leaders to put these dollars back in the budget and show their commitment to housing.

Fifty years ago, Republicans and Democrats worked together to create a national housing policy. And I know that it can happen again. As vice president of the US Conference of Mayors, I am making housing one of our top issues. Mayors from both sides of the aisle are working together because our cities have to remain open and affordable to everyone. We know that cities

(Continued on next page)

are the engines that drive our nation's economy. And they thrive when everyone has the opportunity to live, work, and raise their family in a city like Boston.

But that won't happen if HUD funds - our funds - are cut. I applaud HUD's efforts with homeownership and providing mortgages to low-income families. But you can't just focus on homeownership and cut rental housing funds. The housing crisis continues to impact cities in a number of ways. Homelessness has increased 63 percent since 1990. The number of children living in shelters has tripled. Families represent 34 percent of the homeless population. And food pantries have seen a steady increase of 10 percent a year.

Housing is an issue that affects thousands of people in the City of Boston. As leaders, we have the opportunity to make a difference. We need more investment in housing, not less. At the Battle of Bunker Hill, our founding fathers held their ground. They fought for what they believed in - freedom, and opportunity for all. I don't know about you, but I think that HUD and the Republican leaders just

showed us the 'whites of their eyes' with those budget numbers.

I am ready to fight hard with Senator Kerry, Congressman Capuano, and the entire Massachusetts delegation to make housing a national priority. We have to restore those public housing investments so that our working families, our seniors, and the disabled have a safe and secure place to call home.

Housing isn't a luxury; it's a fundamental right. Thank you."

MAYOR MENINO ANNOUNCES MBTA PASS DEDUCTION PROGRAM FOR CITY EMPLOYEES

As part of the recently enacted federal transportation funding bill, employers are now able to provide transportation tax benefits to employees who elect to purchase public transit passes through payroll deductions. The MBTA Pass Deduction Program allows City employees to pay for monthly MBTA Passes with pre-tax dollars, up to a limit of \$65.00 per month, which will increase to \$100.00 per month in January 2002. This program is offered to all qualified City employees who are interested in participating.

What happens to my paycheck?

The full cost of the MBTA Pass will be deducted from the first paycheck of the month prior to the MBTA Pass ridership month. For example, employees receiving a June MBTA Pass will have the deduction taken from their first paycheck in May.

How do I benefit?

Since the cost of your monthly MBTA Pass will be deducted from your gross wages, your taxable gross income will be reduced. Employees save on federal taxes based on the price of the pass they purchase, since that amount is no longer treated as taxable wages.

How many MBTA Passes can I order?

A City employee may order one MBTA Pass only.

Am I qualified to participate?

A City employee who has taxable wages can participate in this program. Those claiming tax exempt status on their W-4, or those receiving Workers' Compensation benefits are ineligible.

How and when do I receive my MBTA Pass?

A designee from your department will make arrangements to have your MBTA Pass delivered to you. You will receive your MBTA Pass during the last week of the month prior to the MBTA Pass ridership month. Those who do not receive a paycheck or do not have sufficient earnings in the first paycheck of the month will not have the deduction taken and therefore, will not receive an MBTA Pass for the following month.

Can I be reimbursed for a missing or stolen MBTA Pass after I have received one?

A City employee enrolled in this program will not receive a refund, replacement or credit for lost or stolen monthly passes after they have been distributed.

How do I enroll? or What if I have enrolled and would like to cancel?

Complete the MBTA Pass Deduction Program Form and submit it to your Department designee.

Requests to start or stop a deduction must be received by Auditing Department/Central Payroll no later than 10 business days before the scheduled deduction date. For example, to receive or cancel a MBTA Pass for June, the MBTA Pass Deduction Program Form must be submitted to Auditing/Central Payroll from the Department designee no later than 10 business days before the first paycheck date in May.

Once the MBTA Pass deduction has been made, the City of Boston cannot refund this amount.

What other benefits are there?

- Convenient payment and receipt of the monthly MBTA Pass.
- Encourages the use of public transportation.
- Reduces traffic congestion on City streets.
- Improves the environment by reducing auto congestion and improving air quality.

LABOR DAY MONDAY, SEPTEMBER 3, 2001

LABOR DAY

In honor of the wage earners of the Nation, the United States and Canada have set aside the first Monday in September as Labor Day, a legal holiday. The observance of this day emanated from an annual parade in New York City by the Knights of Labor on September 5, in the 1880s.

Oregon, in 1887, was the first state to recognize Labor Day as a legal holiday, and other states quickly followed. On June 28, 1894, Congress passed a bill making the day a national holiday. All the states in the Union now observe Labor Day as a national holiday.

A defense against cancer can be cooked up in your kitchen.

There is evidence
 that diet and cancer
 are related. Some
 foods may promote
 cancer, while others may
 protect you from it.

Foods related to low-
 ering the risk of cancer
 of the larynx and esoph-
 agus all have high
 amounts of carotene, a
 form of Vitamin A
 which is in cantalou-
 pines, peaches, broc-
 coli, spinach, all dark
 green leafy vegeta-
 bles, sweet potatoes,
 carrots, pumpkin,
 winter squash, and
 tomatoes, citrus fruits and
 brussels sprouts.

Foods that may help reduce the
 risk of gastrointestinal and respira-
 tory tract cancer are cabbage,
 broccoli, brussels sprouts, kohlrabi,
 cauliflower.

Fruits, vegetables and whole-
 grain cereals such as oat-
 meal, bran and wheat
 may help lower the
 risk of colorectal
 cancer.

Foods high in fats,
 salt- or nitrite-cured
 foods such as ham,
 and fish and types of
 sausages smoked by traditional
 methods should be eaten in
 moderation.

Be moderate in consumption
 of alcohol also.

A good rule of thumb is cut
 down on fat and don't be fat.
 Weight reduction
 may lower cancer
 risk. Our 12-year
 study of nearly a
 million Americans
 uncovered high
 cancer risks particu-
 larly among people
 40% or more overweight.

Now, more than ever, we
 know you can cook up your
 own defense against cancer. So
 eat healthy and be healthy.

No one faces
 cancer alone.

NO. 37

MAYOR MENINO ANNOUNCES 3RD ANNUAL LONG ISLAND FISHING DERBY

Mayor Thomas M. Menino has announced that the 3rd Annual Long Island Striped Bass Fishing Derby will be held on the last three weekends of September.

"This will be our third year of welcoming anglers of all ages out to Long Island," Mayor Menino said. "Over 1,200 men, women, and children have taken advantage of this opportunity since the derby started, and we're looking forward to hosting hundreds more in September at this unique vantage point on the harbor."

Accessible by road from the Squantum area of Quincy, Long Island lies along the main shipping channel into Boston Harbor and provides great fishing opportunities as striped bass and other game fish sweep in and out of local waters. Owned by the City of Boston, the island is closed to the general public but accessible to derby permit-holders.

The Boston Parks and Recreation Department will issue 750 permits on a first-come, first-served basis permitting access to Long Island from 9:00 a.m. to 6:00 p.m. on September 15, 6:00 a.m. to 6:00 p.m. on September 16, 22, 23, and 29, and 6:00 a.m. to 4:00 p.m. on September 30. There is no charge for obtaining a permit.

All registered participants will be checked on and off the island at the kiosk at Squaw Rock staffed by Boston Health Commission officers. Permits will be distributed to registered anglers at the derby site at 9:00 a.m. on September 15 followed by the official opening ceremony at 10:00 a.m. with free refreshments, giveaways, announcement of rules and

prizes, a demonstration by champion long-distance surfcaster Ron Arra, and a "Catching More Bass From Shore" seminar with Bruce Berman of Save the Harbor/Save the Bay. The derby will end on Sunday, September 30, at 4:00 p.m. with announcement of the winners and awarding of prizes.

The derby is only open to registered anglers fishing from shore at the designated site with one rod or line in the water at a time. State fisheries regulations will allow anglers one striped bass per day with a minimum length of 28 inches. Mayor Menino encourages catch and release fishing, so derby staff members will be on hand to measure and register eligible fish before they are released.

Applications are available from the Parks and Recreation Department at 1010 Massachusetts Avenue weekdays from 9:00 a.m. to 5:00 p.m., neighborhood Boston Community Centers, or by calling the Derby Line at (617) 635-4505, ext. 6414. Individual permits are required for all attendees and guests. Children under 17 must be accompanied by an adult and also

have permits. Permit holders will be notified by phone prior to the derby.

Prizes will be awarded to the anglers catching the three largest striped bass as measured by length. Prizes for the 3rd annual derby include an 11-foot Ron Arra Surf Pro rod donated by Lamiglas, a 1/2 day fishing charter with Bruce Berman, lure selections from Stoddard's of Boston and Hab's Custom Plugs, subscriptions to *Salt Water Sportsman*, *On The Water*, and *The Fisherman*, and gift certificates provided by Bob Smith's Wilderness House, Decathlon USA, Neponset Circle Fishing, Doyle's Cafe, and Union Oyster House.

Boston Park Rangers and Boston Health Commission staff will be on hand to ensure a safe and fun derby for all. Please note that access is limited to motorized vehicles only with no bicycles or skates allowed. Parking is only allowed at the paraded ground, and permit holders who trespass in restricted areas will have their passes revoked. There are no concessions on the island, so participants should plan accordingly and bring appropriate food, beverages, and clothing for the day. No alcohol is allowed, and portable toilets will be provided.

For further information or to request a permit application please call the Parks Department Derby Line at (617) 635-4505, ext. 6414.

YOUTHS TEAM WITH THE FOOD PROJECT TO GROW ORGANIC PRODUCE

There's a farm growing organic produce in the City of Boston? Impossible you may say? Well, read on...

Just off of Dudley Street in Roxbury, 2.5 acres of land serve as an urban farm. Originally a dumping ground, the land has been transformed into a lush urban garden by the Food Project. Founded in 1991, the Food Project brings young people of all backgrounds together to grow and distribute food for the hungry while learning job and leadership skills.

Through Mayor Thomas M. Menino's Boston Youth Fund, the Food Project has been able to employ 60 inner city youths during the summer months. For many, this is their first job. Young people from the surrounding suburbs also take part, bringing together teenagers from urban and suburban environments. The combined labor of these youths provides fresh food to people in areas that may not necessarily get organic produce on a frequent basis.

"It is so essential for the future of this city that we introduce our youths to solid jobs that help them find their potential," says Mayor Menino. "The Food Project shows our young people the hard work – and the rewards – involved in the business of food production."

To date, over 3,000 pounds of produce have been harvested with 5,000 pounds expected by summer's end. A second site in rural Lincoln has 21 acres of land that the young farmers also cultivate. The youths follow food production from seed to harvest and also learn how to sell the crop, which is sold fresh at a farmer's market every Tuesday and Thursday on Dudley Town Common, located at the corner of Dudley Street and Blue Hill Avenue.

In addition, the Food Project's Community Lunch Series invites famous chefs from the area to work with youths to prepare lunches for up to 75 people. The youths also visit shelters to make weekly drop-offs and

establish relationships with the shelter while seeing the food going to people who really appreciate it.

"Young people come away with a genuine sense of achieving something, as well as a broader world view," says W. E. David Halbert, crew leader, "Their life experience becomes a lot less abstract when they actually see real people who are in need."

Just as the crop is cultivated, young minds are developed through working with the program and learning respect for the land, the individual, and the community. Workshops direct the youths' large reserves of energy and teach them everything from managing money and speaking in public to learning about the cultures of their peers.

"It's not only farming, it's about building your identity and the changes that result from experiencing different cultures," says summer intern Wilbur Bullock.

A defense against cancer can be cooked up in your kitchen.

There is evidence that diet and cancer are related. Some foods may promote cancer, while others may protect you from it.

Foods related to lowering the risk of cancer of the larynx and esophagus all have high amounts of carotene, a form of Vitamin A which is in cantaloupes, peaches, broccoli, spinach, all dark green leafy vegetables, sweet potatoes, carrots, pumpkin, winter squash, and tomatoes, citrus fruits and brussels sprouts.

Foods that may help reduce the risk of gastrointestinal and respiratory tract cancer are cabbage, broccoli, brussels sprouts, kohlrabi, cauliflower.

Fruits, vegetables and whole-grain cereals such as oatmeal, bran and wheat may help lower the risk of colorectal cancer.

Foods high in fats, salt- or nitrite-cured foods such as ham, and fish and types of sausages smoked by traditional methods should be eaten in moderation.

Be moderate in consumption of alcohol also.

A good rule of thumb is cut down on fat and don't be fat. Weight reduction may lower cancer risk. Our 12-year study of nearly a million Americans uncovered high cancer risks particularly among people 40% or more overweight.

Now, more than ever, we know you can cook up your own defense against cancer. So eat healthy and be healthy.

No one faces
cancer alone.

AMERICAN CANCER SOCIETY®

MAYOR MENINO ANNOUNCES MBTA PASS DEDUCTION PROGRAM FOR CITY EMPLOYEES

As part of the recently enacted federal transportation funding bill, employers are now able to provide transportation tax benefits to employees who elect to purchase public transit passes through payroll deductions. The MBTA Pass Deduction Program allows City employees to pay for monthly MBTA Passes with pre-tax dollars, up to a limit of \$65.00 per month, which will increase to \$100.00 per month in January 2002. This program is offered to all qualified City employees who are interested in participating.

What happens to my paycheck?

The full cost of the MBTA Pass will be deducted from the first paycheck of the month prior to the MBTA Pass ridership month. For example, employees receiving a June MBTA Pass will have the deduction taken from their first paycheck in May.

How do I benefit?

Since the cost of your monthly MBTA Pass will be deducted from your gross wages, your taxable gross income will be reduced. Employees save on federal taxes based on the price of the pass they purchase, since that amount is no longer treated as taxable wages.

How many MBTA Passes can I order?

A City employee may order one MBTA Pass only.

Am I qualified to participate?

A City employee who has taxable wages can participate in this program. Those claiming tax exempt status on their W-4, or those receiving Workers' Compensation benefits are ineligible.

How and when do I receive my MBTA Pass?

A designee from your department will make arrangements to have your MBTA Pass delivered to you. You will receive your MBTA Pass during the last week of the month prior to the MBTA Pass ridership month. Those who do not receive a paycheck or do not have sufficient earnings in the first paycheck of the month will not have the deduction taken and therefore, will not receive an MBTA Pass for the following month.

Can I be reimbursed for a missing or stolen MBTA Pass after I have received one?

A City employee enrolled in this program will not receive a refund, replacement or credit for lost or stolen monthly passes after they have been distributed.

How do I enroll? or What if I have enrolled and would like to cancel?

Complete the MBTA Pass Deduction Program Form and submit it to your Department designee.

Requests to start or stop a deduction must be received by Auditing Department/Central Payroll no later than 10 business days before the scheduled deduction date. For example, to receive or cancel a MBTA Pass for June, the MBTA Pass Deduction Program Form must be submitted to Auditing/Central Payroll from the Department designee no later than 10 business days before the first paycheck date in May.

Once the MBTA Pass deduction has been made, the City of Boston cannot refund this amount.

What other benefits are there?

- Convenient payment and receipt of the monthly MBTA Pass.
- Encourages the use of public transportation.
- Reduces traffic congestion on City streets.
- Improves the environment by reducing auto congestion and improving air quality.
- Program serves as a role model for other public and private employers.
- Provides the City of Boston with greater flexibility in offering transportation benefits.

MAYOR MENINO VIEWS WEB PAGES CREATED BY CITY YOUTHS IN SUMMER PROGRAM

Mayor Thomas M. Menino recently joined youths from Boston Community Centers' "Cyber Summer" program in viewing web pages they created about their environment to be posted on the City web site, bostonyouthzone.com.

This event celebrated the completion of a six-week pilot summer program for youths ages 10-14. Boston youths from various Boston Community Centers had the opportunity this summer to learn about Boston's environment. At the event, the youth demonstrated what they learned about their environment and showed video and web pages that they created for BostonYouthZone. The City's MIS department worked with Apple Computers to provide equipment used in the program.

Pictured above, Jermei Hawco from the Condon Community Center in South Boston joins Mayor Thomas Menino at the podium to talk about his experience at Cyber Summer Camp.

A defense against cancer can be cooked up in your kitchen.

There is evidence that diet and cancer are related. Some foods may promote cancer, while others may protect you from it.

Foods related to lowering the risk of cancer of the larynx and esophagus all have high amounts of carotene, a form of Vitamin A which is in cantaloupes, peaches, broccoli, spinach, all dark green leafy vegetables, sweet potatoes, carrots, pumpkin, winter squash, and tomatoes, citrus fruits and brussels sprouts.

Foods that may help reduce the risk of gastrointestinal and respiratory tract cancer are cabbage, broccoli, brussels sprouts, kohlrabi, cauliflower.

Fruits, vegetables and whole-grain cereals such as oatmeal, bran and wheat may help lower the risk of colorectal cancer.

Foods high in fats, salt- or nitrite-cured foods such as ham, and fish and types of sausages smoked by traditional methods should be eaten in moderation.

Be moderate in consumption of alcohol also.

A good rule of thumb is cut down on fat and don't be fat. Weight reduction may lower cancer risk. Our 12-year study of nearly a million Americans uncovered high cancer risks particularly among people 40% or more overweight.

Now, more than ever, we know you can cook up your own defense against cancer. So eat healthy and be healthy.

No one faces
cancer alone.

MAYOR MENINO ANNOUNCES MBTA PASS DEDUCTION PROGRAM FOR CITY EMPLOYEES

As part of the recently enacted federal transportation funding bill, employers are now able to provide transportation tax benefits to employees who elect to purchase public transit passes through payroll deductions. The MBTA Pass Deduction Program allows City employees to pay for monthly MBTA Passes with pre-tax dollars, up to a limit of \$65.00 per month, which will increase to \$100.00 per month in January 2002. This program is offered to all qualified City employees who are interested in participating.

What happens to my paycheck?

The full cost of the MBTA Pass will be deducted from the first paycheck of the month prior to the MBTA Pass ridership month. For example, employees receiving a June MBTA Pass will have the deduction taken from their first paycheck in May.

How do I benefit?

Since the cost of your monthly MBTA Pass will be deducted from your gross wages, your taxable gross income will be reduced. Employees save on federal taxes based on the price of the pass they purchase, since that amount is no longer treated as taxable wages.

How many MBTA Passes can I order?

A City employee may order one MBTA Pass only.

Am I qualified to participate?

A City employee who has taxable wages can participate in this program. Those claiming tax exempt status on their W-4, or those receiving Workers' Compensation benefits are ineligible.

How and when do I receive my MBTA Pass?

A designee from your department will make arrangements to have your MBTA Pass delivered to you. You will receive your MBTA Pass during the last week of the month prior to the MBTA Pass ridership month. Those who do not receive a paycheck or do not have sufficient earnings in the first paycheck of the month will not have the deduction taken and therefore, will not receive an MBTA Pass for the following month.

Can I be reimbursed for a missing or stolen MBTA Pass after I have received one?

A City employee enrolled in this program will not receive a refund, replacement or credit for lost or stolen monthly passes after they have been distributed.

How do I enroll? or What if I have enrolled and would like to cancel?

Complete the MBTA Pass Deduction Program Form and submit it to your Department designee.

Requests to start or stop a deduction must be received by Auditing Department/Central Payroll no later than 10 business days before the scheduled deduction date. For example, to receive or cancel a MBTA Pass for June, the MBTA Pass Deduction Program Form must be submitted to Auditing/Central Payroll from the Department designee no later than 10 business days before the first paycheck date in May.

Once the MBTA Pass deduction has been made, the City of Boston cannot refund this amount.

What other benefits are there?

- Convenient payment and receipt of the monthly MBTA Pass.
- Encourages the use of public transportation.
- Reduces traffic congestion on City streets.
- Improves the environment by reducing auto congestion and improving air quality.
- Program serves as a role model for other public and private employers.
- Provides the City of Boston with greater flexibility in offering transportation benefits.

BOSTON COMMUNITY CENTERS' SUMMER TRUANCY INITIATIVE HOSTS INTERGENERATIONAL COOKOUT

250 senior citizens, from elderly housing in Roxbury, Roslindale and Jamaica Plain, were treated to an "intergenerational" cookout by youths from Boston Community Centers' Summer Truancy Initiative. Mrs. Angela Menino stopped by the cookout and greeted the seniors

and youths.

For the past three summers, Boston Community Centers has worked with a small number of truant youths making sure that they attend summer school and providing them with a summer job. The Intergenerational Cookout was co-spon-

sored by the Suffolk County District Attorney's Office, DYS, the Youth Providers Network, and the School Attendance Initiative. In addition to the cookout, the event included music, board games and other activities.

Pictured above, Mrs. Menino chats with Josephine Worrell of Roxbury at the cookout.

MAYOR'S CUP YOUTH HOCKEY TOURNAMENT BEGINS SEPT. 29

Hundreds of young skaters from throughout the city are sharpening their skates and taping their sticks in preparation for the Eighth Annual Mayor's Cup Youth Ice Hockey Tournament returning to Boston on September 29.

This year's tournament, which is being sponsored by McDonald's Corporation, McDonald's Owners/Operators, AT&T Broadband, and the Boston Bruins, continues on Septem-

ber 30 and October 6, 7 and 8. The tournament is hosted by the Boston Parks and Recreation Department in cooperation with the Metropolitan District Commission (MDC) and the Mayor's Office. In addition, the Boston Bruins will host all of the tournament players as the team's guests at the September 29 Bruins vs. Rangers game at the FleetCenter. The Bruins are donating a total of 1,500 tickets for that game to the youth of Boston.

"This is the eighth year that we've welcomed hundreds of boys and girls to compete on the ice for the title of 'Boston's Best'" said Mayor Thomas M. Menino. "Hockey fans of all ages are invited to come on down and cheer for their local teams."

MDC Commissioner Dave Balfour Jr., and MDC Director of Recreation Gary Doak have made ice time available for the series at MDC rinks. Ice time for the finals has been made available by Boston University, Northeastern University, and Boston College. A total of 58 teams (including five teams comprised of all girls) hailing from Dorchester, West Roxbury, Charlestown, East Boston, South

pense with public advertising and to award a contract
Pamela McKinney of Byrne McKinney and
Associates, Inc., 71 Newbury Street, Boston, MA
02116, for expert appraisal and witness testimony in
tain appeals to the Appellate Tax Board namely,
erence W. Peterson, Jr., vs. Board of Assessors of the
y of Boston. The Docket Nos. for this case are,
44808, F247274, F254828, F258107 and F259074,
vering fiscal years 1997, 1998, 1999, 2000, and
01. This contract is exempt from the provisions of
c.30B and is awarded under the City Charter.

Under the terms of this contract, Ms. McKinney
ill provide expert witness and appraisal testimony in
abatement appeals, involving the office tower locat-
at One Federal Street, Boston, Massachusetts. Ms.
McKinney is a well-respected appraiser of commercial
estate with a specialty in large class A and A+
ice towers. She possesses the requisite knowledge,
perience and data to provide valuable appraisal opin-
ins to the city.

cal years in question. The contractor shall also pro-
vide expert testimony and trial preparation services for
00 per hour as needed. The terms of this contract are
m June 11, 2001 to June 30, 2002. It is my opinion
at the rate charged by Ms. McKinney is reasonable
d very competitive in comparison to other apprais-
s.

vices because of her reputation in the field of
praising and overall professional competence.

Very truly yours,

Ronald A. Rakow,
Commissioner.

CITY CLERK

C. 7700-02
July 25, 2001

Dear Mayor Menino:

On July 15, 1997, this department executed a three-
year contract (# C-1322-98) with Information Systems,
Inc., now known as Lason Systems, Inc. (hereinafter
"Lason"), whose corporate office is located at 1305
Stephanson Highway, Troy, MI 48083. Lason is a pro-
fessional records services center and stores inactive
city government records. This contract expired June
30, 2000, and its Addendum contains the option to
renew for two successive twelve-month periods. We
exercised this option one year ago, and I now respect-
fully request your approval to exercise this option to
renew the contract with Lason again, for a second and
final period of one year.

Upon investigating alternative vendors, I have
determined that Lason is uniquely qualified to provide
the City of Boston with these services. Lason has
stored the City's records at its Londonderry, NH, loca-
tion for the past four years and now has custody of over
4,500 cubic feet of the City's records. A change of ven-
dor at this time would offer no operational advantages
to the City but, instead, would take up a great deal of
unnecessary time, effort, and expense to move the
City's records to another location.

Compensation under this contract shall not exceed
\$25,000, which I have determined to be reasonable for
the work to be performed.

The term of the contract shall be from July 1, 2001,
to June 30, 2002.

Because of the professional nature of the services to
be performed, I believe that public advertising would
serve no useful purpose.

Sincerely,

Rosaria Salerno,
City Clerk.

EMERGENCY SHELTER COMMISSION

C. 7952-02
July 26, 2001

Dear Mayor Menino:

I respectfully request your permission to dispense
with public advertising and award a contract to The
Greater Boston Food Bank, Inc., a non-profit organiza-
tion that is located at 99 Atkinson Street, Boston, MA
02118. This contract is exempt from the provisions of
G.L.c. 30B, because it is a grant agreement with a non-
profit organization, the purpose of which is to carry out
a public purpose of support, and therefore is awarded
under the authority of the City Charter.

Under the terms of the contract, The Greater Boston
Food Bank will provide grants to Boston Soup
Kitchens during the next year. There is a dramatic need
for this contract by emergency food providers in
Boston. Community-based soup kitchens provide
meals to needy families in their neighborhoods. These
proposed grants will provide real assistance to families
and individuals.

The Emergency Shelter Commission will contract
with The Greater Boston Food Bank to disburse grants
totaling no more than \$20,000.00 to 17 soup kitchens
located in the city of Boston and the greater Boston
area. Each recipient has been approved as a member of
the Food Bank. These soup kitchens are located
throughout the neighborhoods of Boston, including
Allston, Brighton, Charlestown, Dorchester, East
Boston, Hyde Park, Jamaica Plain, Mattapan,
Roslindale, Roxbury, South Boston, and the South End.
The grant amounts will be determined based on the
amount of meals the kitchen serves per month to resi-
dents. The Greater Boston Food Bank will credit each
soup kitchen with an amount in proportion to their
capacity. Attached is a list of the soup kitchens.

Each soup kitchen will be able to utilize their
respective grant amount under any of two methods.
Under the first method, The Greater Boston Food Bank
will purchase, in bulk, at a reduced rate, high protein
nutritional food, which will be disbursed to the
kitchens according to the amount and type of food each
kitchen serves. Under the second method, soup
kitchens will access the Food Bank's stock of donated
food, and will be credited the Food Bank's Shared
Maintenance Fee of \$0.14 per pound of food. Prior to
utilization of the grant, each soup kitchen will be
required to designate their preferred disbursement

method. By making these two methods available, we
are enabling the soup kitchens to better balance their
food stocks during the year.

Payments by the City to The Greater Boston Food
Bank under this contract shall not exceed \$20,000.00
of which amount The Greater Boston Food Bank shall
be entitled to retain in return for its services to the var-
ious pantries a certain percentage of the cost of food,
not to exceed 13%. The Greater Boston Food Bank
shall submit documentation of grants disbursed in a
form approved by the City Auditor.

The term of this contract shall be August 27, 2001
to June 30, 2002.

In assigning this contract, I believe that public
advertising would serve no useful purpose for the fol-
lowing three reasons. First, The Greater Boston Food
Bank has the unique ability to purchase mass quantities
of food at significantly reduced rates. Second, the Food
bank is the largest donated food clearinghouse in New
England, and is relied upon by nearly all emergency
food assistance programs in Eastern Massachusetts.
Third, the soup kitchens are members of the Food
Bank, and purchase their food there on a regular basis.
I therefore respectfully request that your permission be
forthcoming to enter into this contract.

Thank you for your attention to this matter.

Sincerely,

Kelley A. Cronin,
Director.

ENVIRONMENT DEPARTMENT

June 22, 2001

Dear Mr. Mayor:

I respectfully request your permission to dispense
with public advertising and to award a contract to The
Boston Harbor Association, located at 374 Congress
Street, Boston, Massachusetts, for launching a pilot
program during the summer to remove floatable marine
debris from the Boston Harbor. This contract is exempt
from the provisions of G.L.c.30B as it is a grant agree-
ment with a non profit entity.

Under the terms of the contract, Boston Harbor
Association will pick up small floatable debris from the
Harbor. Debris will then be brought to landslide facili-
ty for transfer and subsequent upland disposal. The
Boston Harbor is uniquely qualified to do this work
because it has been working with the New England
Aquarium and a work group of Harbor users, public
agencies, and waterfront businesses to develop a broad
plan to address marine debris.

Compensation under this contract shall not exceed
\$25,000, which I have determined to be reasonable for
the work to be performed.

The term of this contract shall be July 1, 2001 to
October 1, 2001. Because of the professional nature of
the services to be performed, I believe that public
advertising would serve no useful purpose.

Very truly yours,

Antonia M. Pollak,
Department Director.

LAW DEPARTMENT

C. 8057
July 26, 2001

Dear Mr. Mayor:

I respectfully request your Honor's permission to
dispense with public advertising and to award a con-
tract to the law firm of Brown, Rudnick, Freed &
Gesmer, located at One Financial Center, Boston, MA
02111 for providing legal services as special outside
counsel in connection with the City's opposition to the
proposed development of an additional runway and
related improvements at Logan Airport, including the
case entitled Massachusetts Port Authority v. City of
Boston, et al., Suffolk Superior Court Civil Action No.
01-2731. This contract is exempt from the provisions
of G.L. c. 30B and is awarded under the authority of the
City Charter.

Under the terms of the contract, the contractor will
provide representation on behalf of the City of Boston
in the above case. The Contractor is specially qualified
to do this work because of extensive experience in the
involved issues.

(Continued on next page)

Compensation under this contract shall not exceed \$250,000 at the blended rate of \$180, billable with a 15% premium on actual lawyer services, due to the complicated technical nature of this litigation. I have determined the cost to be reasonable for the work to be performed. The term of this contract shall be from July 1, 2001 through June 30, 2002.

This contract is being submitted late because of the need to mount an immediate legal defense.

Because of the professional nature of the services to be performed and the reasonable cost thereof, I believe that public advertising would serve no useful purpose.

Sincerely,

Mark Sweeney,
for Merita Hopkins.

NEIGHBORHOOD DEVELOPMENT

C. 6872-02
July 31, 2001

Dear Mayor Menino:

Pursuant to a vote of the Public Facilities Commission on April 26, 2001, I respectfully request Your Honor's written permission to dispense with public advertising and award a contract to Massachusetts Housing and Shelter Alliance, Inc., a Massachusetts non-profit corporation with offices at 5 Park Street, Boston, MA 02108. Under the terms of this contract, the contractor will provide housing and supportive services to homeless persons. This contract is exempt from the provisions of M.G.L. c. 30B, as it is a grant agreement with a non-profit corporation to provide support and stimulation.

Compensation under this contract shall not exceed \$368,777, which I have determined to be reasonable for the services to be performed. The term of the contract shall be from September 1, 2001 to August 31, 2003, subject to the availability of an appropriation in the subsequent fiscal year. Funds for this contract shall come from the United States Department of Housing and Urban Development's (HUD) Supportive Housing Program.

All projects included in the application to HUD were selected through a response to a Request for Proposals submission on April 21, 2000. The only applicants who were eligible to apply were non-profits who were looking for renewal funding of existing contracts. Proposals were reviewed, rated and ranked to determine which proposals should be included with the City's application to HUD for funding based on their rating score.

As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review, I believe public advertising would serve no useful purpose. I, therefore request permission to dispense with inviting sealed bids in the City Record, pursuant to the authority granted under the City of Boston Code, St. 4 s. 5.

Respectfully,
Charlotte Golar Richie,
Director.

C. 7304-02
June 26, 2001

Dear Mayor Menino:

Pursuant to a vote of the Public Facilities Commission on May 24, 2001, I respectfully request Your Honor's written permission to dispense with public advertising and award a contract to Economic Development and Industrial Corporation of Boston, with offices at 43 Hawkins Street, Boston, MA 02114. Under the terms of this contract, the contractor will administer \$4,237,201.00 of Community Development Block Grant funds for various human service activities and provide operating support to the City's Boston Empowerment Center. This contract is exempt from the provisions of M.G.L. c. 30B, as it is a contract to purchase services from an instrumentality of the Commonwealth, and is further exempt as it is a grant agreement in part, to provide support and stimulation.

Compensation under this contract shall not exceed \$866,050, which I have determined to be reasonable for the services to be performed. The term of this contract shall be from July 1, 2001 to June 30, 2002. Funds for this contract shall come from those received under the Community Development Block Grant program.

As this is a negotiated contract at a reasonable cost, based upon extensive program and proposal review, I believe that public advertising, would serve no useful

purpose. I, therefore, request permission to dispense with inviting sealed bids in the City Record, pursuant to the authority granted under the City of Boston Code, St. 4s. 5.

Respectfully,
Charlotte Golar Richie,
Director.

PARKS AND RECREATION DEPARTMENT

C. 6590-02
July 19, 2001

Dear Mayor Menino:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to the Massachusetts Bay Transportation Authority (MBTA), a public authority located at 10 Park Plaza, Boston, MA 02116.

The MBTA is in the process of planning, designing, and constructing a subsurface transit system commonly known as the South Boston Piers Transitway Project. Part of the Project involves reconstruction of the Harborwalk on Children's Museum property. The City has determined that granting funds for this Project will carry out a public purpose of support and stimulation, as it will promote public access and enhance public convenience to the Harborwalk adjacent to Boston Harbor. Under the terms of the contract, the MBTA will reconstruct the Harborwalk as generally described above and specifically as described in the attached agreement between the City of Boston and the MBTA.

Whereas the MBTA is the agency charged with constructing the Transitway Project, I believe that public advertising would serve no useful purpose.

Compensation under this contract shall not exceed \$152,267, which I have determined to be reasonable, and per the terms of the grant agreement. The term of the contract shall be from January 1, 2001 to December 31, 2003. This contract is being submitted late because of delays in receiving contract documents from the MBTA.

Sincerely,
Justine M. Liff,
Commissioner.

POLICE DEPARTMENT

C. 6651-02
July 16, 2001

Dear Mayor Menino:

I respectfully request your Honor's permission to dispense with public advertising and award a contract to Gilmartin, Harris & Associates, a corporation located at 1526 East Grant Road, Tucson, AZ 85719, to provide emotional survival/integrity training to employees of the Boston Police Department. This contract is exempt from the provisions of M.G.L. c. 30B and is a contract for career development services and job-related training, and therefore is awarded under the authority of the City Charter.

Under the terms of this contract, Gilmartin, Harris & Associates will provide training seminars to sworn personnel at the Police Academy on the importance of emotional survival. Middle management and supervisory personnel would receive a course of instruction on this subject matter, which focuses on practical information and skills that can be used immediately to produce results on the day to day pressures associated with the law enforcement profession.

This contractor is uniquely qualified to perform these services as it is a recognized consulting company that, for the past eighteen years, specializes in providing training, behavioral science and management consulting services to over 110,000 law enforcement and public safety agencies nationwide ranging from chief to non-supervisory personnel. Further, Gilmartin, Harris & Associates is particularly familiar with the Department's long-term training objectives and has the rare understanding of, and sensitivity to, the internal dynamics of police organizations.

Compensation under this contract shall not exceed a total amount of \$20,000, which I have determined to be reasonable given the valuable training services performed. The term of this contract shall be the period July 1, 2001, through June 30, 2002.

Whereas Gilmartin, Harris & Associates offers a unique compilation of valuable training services designed to meet the diverse needs of the Department,

I believe public advertising would have served no useful purpose.

This contract is being processed late due to delayed submission of pertinent information necessary to initiate contract procedures, and the time required to obtain the contractor's signed requisite contract documents, which were not received by the Department Contracts Unit until July 11, 2001.

Respectfully,
Paul F. Evans,
Commissioner

C. 7903-0
July 16, 2001

Dear Mayor Menino:

I respectfully request your Honor's permission to dispense with public advertising and award a contract to Laboratory for Scientific Interrogation, Inc., (hereinafter LSI) a corporation located at P.O. Box 17, Phoenix, AZ 85011-7386 to provide training seminars to employees of the Boston Police Department. This contract is exempt from M.G.L. c.30B, as it is a contract for career development services and job related training, and therefore is awarded under the authority of City Charter.

Under the terms of this contract, LSI will provide training seminars on Scientific Content Analysis Technique (hereinafter SCAN). Designed to prepare police officers for their many challenging endeavors, SCAN teaches effective methods for obtaining information, analyzing statements from beginning to end and detecting deception by means of verbal communications. LSI will provide these training seminars to BPD personnel while also providing additional guidance in the SCAN technique through the LSI technical support hotline. A detailed description of the service to be performed is included in the contractor's proposal attached hereto.

This contractor was determined to be especially qualified to perform these services due to its unit and successful scientific training approach. SCAN applies many disciplines on its methodology, such as linguistics, psychology, sociology, criminology, psychiatry and salesmanship. This unique training developed by LSI's President, Mr. Avinoam Sapir, a polygraph examiner who holds a Bachelor's Degree in Psychology and a Master's Degree in Criminology through extensive research, and studies on linguistic behavior exhibited by people in verbal communications. LSI's clients include the FBI and other federal agencies, as well as law enforcement and military agencies throughout the U.S., Canada and Australia, further endorsing SCAN effectiveness.

Compensation under this contract shall not exceed \$25,000, which I have determined to be reasonable for the services to be provided. The term of the contract shall be the period July 1, 2001 through June 30, 2002.

Inasmuch as LSI offers a unique compilation of valuable training services designed to meet the diverse needs of the Department, I believe public advertising would serve no useful purpose.

This contract is being processed late due to delayed submission of pertinent information necessary to initiate contract procedures, and the time required to obtain the contractor's signed requisite contract documents, which were not received by the Department Contracts Unit until July 13, 2001.

Respectfully,
Paul F. Evans,
Commissioner

while also assisting superior police officers in the ongoing development of adult learning theories and personal systems concepts with professional coaching methods and traditional mentoring practices.

The contractor is uniquely qualified to perform these services due to its extensive experience in this field. The President and founder, Sydney Rice Harild, has extended experience working as a professional coach, consultant and trainer to over 1,000 individuals and has worked with a variety of organizations in the United States and Europe for more than twenty years, including the Boston Police Department. Inasmuch as the contractor is uniquely experienced in presentation training, and inasmuch as the contractor has demonstrated its expertise in providing a comprehensive training program which complements the Department's policing initiatives, I believe public advertising would serve no useful purpose.

Respectfully,

Paul F. Evans,
Commissioner.

C. 7910-02
July 23, 2001

Dear Mayor Menino:

I respectfully request your Honor's permission to dispense with public advertising and award a contract to YMCA of Greater Boston, Hyde Park Division, a non-profit corporation located at 1137 River Street, Hyde Park, MA 02136. YMCA will provide day camp scholarships to children from the City of Boston, under the FY01 Same Cop Same Neighborhood Grant. This contract is exempt from the provisions of M.G.L. c. 30B, as it represents a grant agreement with a non-profit corporation.

Under the terms of this contract, YMCA will provide 350 day camp scholarships to children from the City, referred to the camps from the Boston Police Department. In collaboration with the Boston Police, the contractor will identify children that will benefit most from these scholarships. A detailed description of the services to be performed is included in the contractor's proposal attached hereto.

The contractor was selected for funding based upon grant award approved by the Executive Office of Public Safety. YMCA of Greater Boston was determined to be especially qualified to perform these services due to its history of assisting disadvantaged adolescents through its camp programs throughout Boston. Through years of community presence and activism, YMCA has established relationships of trust with neighborhood youth. This contractor is the largest and most diverse human service provider in the City. Its programs benefit more than 25,000 children, adults and seniors annually.

Compensation under this contract shall not exceed a total amount of \$20,000, which I have determined to be reasonable in view of the valuable services to be performed. The term of this contract shall be the period July 15, 2001 through September 30, 2001.

Inasmuch as the contractor is the designated recipient of the Same Cop Same Neighborhood Grant funds to provide the aforementioned services, and inasmuch as YMCA brings innovative social and educational programs to the community, I believe public advertising would serve no useful purpose.

This contract is being processed late due to the delayed submission of pertinent information necessary to initiate contract procedures, and the time required to obtain the contractor's signed requisite contract documents.

Respectfully,

Paul F. Evans,
Commissioner.

Boston Private Industry Council Inc. is uniquely qualified to provide these services because of its extensive experience in providing counseling services to the youth of the City of Boston.

In view of the personal and professional nature of the services to be performed, and the expertise of the contractor in this area, it is my determination that no public purpose would be served by public advertising. MAYOR OF BUFFALO AND DELEGATES VISIT BOSTON COMMUNITY CENTERS

Mayor Anthony Masiello of Buffalo recently visited Boston Community Centers in hopes of learning more about one of the crucial agencies responsible for the dramatic drop in youth violence in the City of Boston. The program that particularly interested the visitors was Community Centers' Streetworker program.

In a meeting led by Evelyn Riesenber, executive director of Boston Community Centers, Mayor Masiello, accompanied by over 25 youth service delegates, elected officials and Buffalo law enforcement, listened as Evelyn explained the success of Boston Community Centers and its 44 facilities. "Boston Community Centers is a unique partnership between Central Office and local Councils at each center" said Evelyn. Boston Community Centers would not be the success that it is if not for the hard working, selfless volunteers that give over 30,000 hours a year at Community Centers throughout Boston." In response Mayor Masiello said "One of the challenges that we find in our city is networking volunteers into the system, as well as finding building and spaces for youth programs."

Tracy Littcutt, director of youth services at Boston Community Centers, made a presentation about the Streetworker program. Tracy spoke about the hard work and time put into the Streetworker program. He spoke about

the crucial relationships that the program has with the Police Department as well as neighborhood residents, community businesses and schools that creates a network that allows the streetworker program to thrive and continue to be successful. The Streetworker program is composed of adult youth workers who familiarize themselves with the neighborhoods and help connect youth to programming, activities, and special events aimed at addressing their interests and concerns.

Before visiting Community Centers,

Mayor Masiello and his delegation spent time with Boston Mayor Thomas M. Menino who has led the efforts to provide positive activities for young people and reduce youth violence in Boston. Mayor Masiello and his delegation also visited the Boston Police Department whose officers are key to the partnership which has led to Boston's success.

Boston Community Centers is the City of Boston's largest youth and human service agency operating 44 facilities.

ORDER APPROVING MODIFICATION TO PARK PLAZA URBAN RENEWAL PLAN WITH RESPECT TO CHARLES/TREMONT SUB-PARCEL OF PARCEL 3 AND PARCEL B (DOCKET NO. 0902)

The following was received:

City of Boston
Office of the Mayor

June 27, 2000

To the City Council.

Dear Councillors:

I hereby transmit for your approval a City Council Order approving the modification to the Park Plaza Urban Renewal Plan (the "Plan") adopted by the Boston Redevelopment Authority by a resolution dated March 30, 2000. A copy of the resolution is attached. Section M.1 of the Plan entitled "Plan Modification or Amendment" states that "any change which increases any . . . height limit . . . or which alters the uses . . . shall be deemed to be substantial."

The resolution adopted by the Boston Redevelopment Authority modifies Section F.4 of the Plan entitled "Land Use and Building Requirements for Disposition Parcels" with respect to the Charles/Tremont Subparcel of Parcel 3 and Parcel B of the Park Plaza Urban Renewal Area to increase the height limitation to 155' if permitted under Section 38-7 of the Boston Zoning Code, and to add institutional use by a college or university to the Permitted Uses if permitted as of right, or as a conditional use under the Boston Zoning Code. The modifications to the Plan require City Council approval.

The Emerson College Performance and Production Center, which will be constructed adjacent to Allen's Alley and will include College theaters, television studios, and rehearsal space and support facilities for the Emerson Majestic Theatre, will increase the College's presence in the Midtown Cultural District and will support the City's plans for the revitalization of the area as a center for the visual and performing arts.

I therefore urge the approval of the attached Council Order that will approve the modification to the Park Plaza Urban Renewal Plan thereby allowing the Emerson College Performance and Production Center project to proceed.

Sincerely,

Thomas M. Menino,
Mayor of Boston.

Whereas, The Urban Renewal Plan for the Park Plaza Urban Renewal Area (the "Urban Renewal Area") was adopted by the Boston Redevelopment Authority (the "Authority") on July 15, 1971; approved by the City Council of the City of Boston, with certain modifications, on December 6, 1971; and confirmed and accepted by vote of the Authority on December 6, 1971 (said plan, as heretofore amended, being herein referred to as the "Plan");

Whereas, Section M.1 of the Plan, entitled "Modification and Termination," provides that the Plan may be modified or amended from time by the Authority, and that certain amendments, including increases in permitted height for any parcel and changes in use, require approvals as for a new urban renewal plan;

Whereas, The General Court finds and declares that a serious public emergency exists in the City of Boston with respect to the housing and also the employment of a substantial number of the citizens of said city, as further described below; and

Whereas, There is not an adequate supply of affordable housing for low- and moderate-income residents of the city; and

Whereas, The construction of new large-scale commercial real estate developments in the city tends to reduce the supply of affordable housing available to low- and moderate-income residents; and

Whereas, In order to supply affordable housing for low- and moderate-income residents in the city in conjunction with the construction of new large-scale commercial real estate developments, an act was adopted by the General Court as Chapter 371 of the acts of 1987, which imposed an obligation on large-scale commercial real estate developments to mitigate their adverse impacts on the availability of such affordable housing by making development impact project exactions to provide revenue to meet the public exigency of the provision of affordable housing in the city; and

Whereas, Section 16 of Chapter 371 of the acts of 1987 provides that the measured value of the affordable housing exaction to be imposed is to be determined on the basis of a fixed dollar amount per square foot of gross floor area devoted to exaction uses in excess of one hundred thousand square feet of gross floor area devoted to exaction uses, exclusive in both cases of all accessory parking garage space, as determined by the zoning commission of the city upon recommendation by the Boston Redevelopment Authority, and further provides that the zoning commission of the city is authorized to increase said measured value three years after the effective date of Chapter 371 and no more frequently than at three year intervals thereafter, but any such increase shall not exceed the per cent of the increase in the combined index for the prior thirty-six month period; and

Whereas, The measured value of the affordable housing exaction was set at five dollars per square foot upon the effective date of Chapter 371 of the acts of 1987 and has not been increased since then; and

Whereas, There is a not an adequate supply of employment opportunities for low- and moderate-income residents of the city; and

Whereas, The construction of new large-scale commercial real estate developments in the city tends to reduce the number of jobs for which low- and moderate-income residents of the city are qualified; and

Whereas, In order to supply job opportunities to low- and moderate-income residents in the city in conjunction with the construction of new large-scale commercial real estate developments, Chapter 371 of the acts of 1987 also imposed an obligation on large-scale commercial real estate developments to mitigate their adverse impacts on the availability of such employment opportunities by making an employment exaction to provide revenue to meet the public exigency of the provision of job training for low and moderate income residents of the city; and

Whereas, Section 17 of Chapter 371 of the acts of 1987 provides that the measured value of the employment exaction to be imposed is to be determined on the basis of a fixed dollar amount per square foot of gross floor area devoted to exaction uses in excess of one hundred thousand square feet of gross floor area devoted to exaction uses, exclusive in both cases of all accessory parking garage space, as determined by the zoning commission of the city upon recommendation by the Boston Redevelopment Authority, and further provides that the zoning commission of the city is authorized to increase said measured value three years after the effective date of Chapter 371 and no more frequently than at three year intervals thereafter, but any such increase shall not exceed the per cent of the increase in the combined index for the prior thirty-six month period; and

Whereas, The measured value of the employment exaction was set at one dollar per square foot upon the effective date of Chapter 371 of the acts of 1987 and has not been increased since then; and

Whereas, The City of Boston is currently in the midst of a "hot" real estate and economic market in which the cost of housing and job training has increased faster than the rate of increase in inflation and the consumer price index.

Now, therefore, be it enacted as follows:

Section 1: Chapter 371 of the acts of 1987 is hereby amended by inserting after Section 16 thereof the following new Section 16A:

Section 16A. Notwithstanding any general or special law to the contrary, the zoning commission shall be authorized to increase the measured value of the affordable housing exaction by the per cent of the increase in the combined index for the period commencing as of the effective date of Chapter 371 of the acts of 1987 and ending as of the most recent anniversary date of such effective date occurring prior to the enactment of this act, notwithstanding that such period is in excess of the thirty-six month period described in Section 16; provided, however, that the zoning commission shall not be authorized to set the measured value of the affordable housing exaction for the period described above at more than seven dollars and eighteen cents per square foot of gross floor area devoted to exaction uses in excess of one hundred thousand square feet devoted to exaction uses, exclusive in both cases of all accessory parking garage space, and thereafter increases shall be in accordance with Section 16 above.

Section 2: Chapter 371 of the acts of 1987 is hereby amended by inserting after Section 17 thereof the following new Section 17A:

Section 17A. Notwithstanding any general or special law to the contrary, the zoning commission shall be authorized to increase the measured value of the

employment exaction by the per cent of the increase in the combined index for the period commencing as of the effective date of Chapter 371 of the acts of 1987 and ending as of the most recent anniversary date of such effective date occurring prior to the enactment of this act notwithstanding that such period is in excess of the thirty-six month period described in Section 17; provided, however, that the zoning commission shall not be authorized to set the measured value of the employment exaction for the period described above at more than one dollar and forty-four cents per square foot of gross floor area devoted to exaction uses in excess of one hundred thousand square feet devoted to exaction uses, exclusive in both cases of all accessory parking garage space, and thereafter increases shall be in accordance with Section 17 above.

Section 3: Chapter 371 of the acts of 1987 is hereby amended by inserting after Section 17 thereof the following new Section 18A:

Section 18A. Notwithstanding any general or special law to the contrary, including the provisions of Section 18(b) above, for the period commencing as of the effective date of Chapter 371 of the acts of 1987 and ending as of the most recent anniversary date of such effective date occurring prior to the enactment of this act notwithstanding that such period is in excess of the thirty-six month period described in Section 18(b), the zoning commission shall be authorized to increase the present and future economic burden of any such improvements or amenities to the present value of seven dollars and eighteen cents per square foot paid in equal and annual installments over a seven year period plus the present value of one dollar and forty-four cents per square foot paid in equal and annual installments over a two year period, each commencing on the date of the issuance of the building permit, and after the period described above increases to the present and future economic burden of any such improvements or amenities shall be in accordance with Section 18(b) above.

Section 4: The zoning commission is hereby authorized to adopt such regulations or rules as will effectuate the provisions of the amendment described in Sections 1 and 2 above, including without limitation, such regulations and rules as may be required to amend Section 80B-7 of the Boston Zoning Code to reflect such provisions.

Section 5: This act shall take effect immediately upon its enactment.

**ORDER FOR HEARING RE: ENHANCED 911
EMERGENCY SYSTEM (DOCKET NO. 0914)**

Councillors FEENEY, KELLY, DAVIS-MULLEN, HONAN, TURNER, YANCEY, HENNIGAN, CONLEY and FLAHERTY offered the following:

Whereas, The use of an enhanced 911 Emergency System by the Boston Police Department is considered the first line of defense for any resident of the City of Boston, especially the elderly population, in an emergency situation; and

Whereas, The Boston Police Department only breaks down the type of emergency call by assigning a numerical digit, 1-9, to the type of emergency and not by the age or fragility of the caller; and

Whereas, The elderly residents in the City of Boston are often considered an at-risk population yet they are not given a higher priority code when making a 911 emergency call; and

Whereas, It seems that other states around the nation do in fact give a higher priority to 911 emergency calls placed by their Senior Citizen population; therefore be it

Ordered, That the Boston City Council requests the Boston Police Department to research this procedure used by other states and hereby invite the Police Department officials to attend a public hearing concerning this matter.

Referred to the Committee on Public Safety.

VENE EQUITY COMMISSION TO DEVELOP

(DOCKET NO. 0916)**

Councillor TURNER offered the following:

Whereas, Linkage agreements and community benefits packages need to take into consideration the broad impacts of large scale developments; and

Whereas, There is a consensus that the agreements, negotiated in 1998, regarding the Seaport District and the Convention Center, were too narrowly conceived; and

Whereas, The Convention Center and Seaport development will have major effect on City Council Districts 1 and 3 as well as 2; and

RESOLUTION THAT BOSTON CITY COUNCIL CALL UPON SPEAKER FINNERAN AND HOUSE WAYS AND MEANS COMMITTEE CHAIRMAN PAUL HALEY TO ALLOW S. 1946 TO COME TO VOTE ON HOUSE FLOOR (DOCKET NO. 0933)

Councillors TURNER, ROSS, DAVIS-MULLEN, ROACHE, CONLEY, HONAN and FLAHERTY offered the following:

Whereas, More than 1,350 units of affordable, government-subsidized or insured apartments have already been lost in Boston due to owner decisions to opt out of federal subsidy programs; and

Whereas, More than 9,000 additional governmentally-involved affordable housing units in Boston remain at similar risk today; and

Whereas, More than 300 units of affordable units in Mattapan, Dorchester, Hyde Park, Roxbury and Jamaica Plain are at immediate risk due to Jonathan Realty's decision to not renew expiring project-based Section 8 contracts with HUD; and

Whereas, More than 320 households at Back Bay Manor, a formerly HUD-insured development, are at immediate risk of displacement due to exorbitant rent increases far in excess of limits agreed to by the owner with the City of Boston in 1985; and

Whereas, A state legislative proposal, S. 1946, entitled "An Act Authorizing Municipalities to Protect Low- and Moderate-Income Tenants and Units of Governmentally-Involved Housing," would enable Boston voters to adopt a local referendum to preserve affordable housing units which were previously subsidized and/or regulated by federal or state government; and

ORDER RE: DEATH BENEFITS OF LIEUTENANT MINGOLELLI (DOCKET NO. 0934)

Councillors HONAN and MURPHY offered the following:

Ordered, That a petition to the General Court, accompanied by a bill for special law relating to the City of Boston, be filed with an attested copy of this order be, and hereby is, approved under Clause (1) of Section

Eight of Article Two, as amended, of the Amendments to the Constitution of the Commonwealth of Massachusetts, to the end that legislation be adopted providing precisely as follows, except for clerical or editorial changes of form only:

Whereas, Richard D. Mingolelli sustained injury while in the performance of his duties and such injuries resulted in his death, the Boston City Council hereby

Petitions, that the following bill for a special law be enacted.

Section 1: Notwithstanding the provisions of any general or special law to the contrary and in order to promote the public good, the Boston Retirement Board is hereby authorized and directed to provide "Line of Duty" death benefits to Mrs. Anne Mingolelli, the surviving spouse of Richard D. Mingolelli, a Lieutenant in the Boston Fire Department who, on March 28, 1999, sustained injury while in the performance of his duties, and such injury resulted in his death on August 6, 1999.

On March 28, 1999, Richard D. Mingolelli suffered chest pains and neck pains while responding to an alarm at the Italian Home for Children, 1125 Centre Street, Jamaica Plain. Upon arrival at the location, an employee of the Italian Home for Children was pointing up to the front stairs of the building where the fire alarm was going off. Firefighter Magrath, who accompanied Lieutenant Mingolelli to the Italian Home for Children, and Lieutenant Mingolelli did a floor by floor search of the premises to investigate for a possible source of the fire alarm. Lieutenant Mingolelli, dressed in full gear (a total weight in excess of 55 pounds), ran to the top floor of the three story building to start his portion of the search. Firefighter Magrath began his search on the first floor and worked his way up the building. After completing his portion of the search, Firefighter Magrath met up with Lieutenant Mingolelli on the second floor of the building. According to Firefighter Magrath, Lieutenant Mingolelli did not look well, he was very pale and was short of breath. Lieutenant Mingolelli told Firefighter Magrath that he felt a burning sensation in his throat and that his chest felt tight. As a result, Lieutenant Mingolelli was taken to Milton Hospital where he was seen by Dr. John Cronin. Dr. Cronin told Lieutenant Mingolelli that he could not return to work for the Boston Fire Department until further tests were done.

As a result of the incidents which transpired on March 23, 1999, Lieutenant Mingolelli was placed on leave for a heart injury. Lieutenant Mingolelli remained on injured leave until he suffered a fatal heart attack on August 6, 1999. The fatal heart attack sustained by Lieutenant Mingolelli on August 6, 1999 was a natural and proximate cause of the heart injury sustained by Lieutenant Mingolelli on March 28, 1999.

Lieutenant Mingolelli was injured in the line of duty of March 28, 1999. As a result, Lieutenant Mingolelli was placed on injured leave. On August 6, 1999, Lieutenant Mingolelli subsequently died of the injury when he suffered a fatal heart attack.

The annual amount of pension payable to Mrs. Anne Mingolelli, as the surviving spouse of Lieutenant Mingolelli, shall be equal to the amount of salary which would have been paid to Lieutenant Mingolelli had he continued in service as a Lieutenant of the Boston Fire Department.

Section 2: This act shall take effect upon its passage.
Referred to the Committee on Public Safety.

ORDER FOR HEARING TO DISCUSS MERITS AND MEANS OF REORGANIZING BOSTON REDEVELOPMENT AUTHORITY (DOCKET NO. 0935)

Councillors DAVIS-MULLEN, KELLY, TURNER and YANCEY offered the following:

Whereas: The Boston Redevelopment Authority (BRA) was established by the Boston City Council in

1957, "for the purpose of engaging in urban renewal and land assembly and redevelopment projects" (August 15, 1957 Order by Boston City Council, voted August 19, 1957), under State enabling legislation Chapter 150 of the Acts of 1957 at a time when development in Boston was purported to be in decline, and

Whereas, The purpose of this Federally subsidized Urban Renewal program was to eliminate "slums" and "blighted, decadent and substandard areas" using public resources and public police powers, including eminent domain, zoning exception, and tax concessions to stimulate replacement with economic development, and

Whereas, The BRA absorbed the Boston Planning Board in 1960, by Chapter 652 of the Acts of 1965 as amended, and has retained all planning responsibilities for the City, with the resulting conflict of interest between the Authority's development and the planning mandates, and

Whereas, Changed economic conditions have eliminated "blighted, decadent and substandard" areas, yet sections of the city are still designated urban renewal areas, and properties within them could be subject to BRA action on a BRA finding that they are "blighted, decadent or substandard", and

Whereas, The BRA is empowered to delegate Urban Redevelopment powers of zoning exception, tax concessions, and eminent domain to private development corporations to implement projects outside of the urban renewal areas, and

Whereas, Urban renewal/development by use of public resources and police powers is no longer justifiable, and continued use of such measures may constitute an abuse of authority and a violation of constitutional protections against seizure of private property without public purpose, and

Whereas, The City of Boston may be losing tax revenues due to concessions to developers under Chapter 121 A agreements, the documentation of which is needed from the Tax Assessment Department (and any other department containing such relative agreements; and

Whereas, Federal financial subsidy to Urban Renewal ended in 1974, and the Urban Renewal plans, of 40 year terms, are beginning to expire, therefore be it

Ordered, That the Boston City Council conduct a public hearing to discuss and gather testimony from the BRA, the City, the business community, the Tax Assessment Department, Citizens of Boston, and others regarding:

- the merits and means of reorganizing the BRA,
- repealing the Urban Renewal and Urban Redevelopment legislation,
- alternatives for restructuring Boston's city planning and public property management functions into agencies more appropriate for future city growth.

ORDER TO FACILITATE DISPOSITION AND REDEVELOPMENT OF FOLEY BUILDING AND E BUILDING BOTH LOCATED AT FORMER BOSTON SPECIALTY AND REHABILITATION HOSPITAL (DOCKET NO. 0939)

The following was received:

City of Boston
Office of the Mayor

July 29, 2000

To The City Council;
Dear Councillors:

I transmit herewith for your approval an Order to facilitate the disposition and redevelopment of the Foley Building and the E Building, both located at the former Boston Specialty and Rehabilitation Hospital in Mattapan.

Rehabilitation of the two buildings will produce a total of 116 housing units including mixed-income, assisted and independent senior housing in the Foley Building and permanent housing for Entre Familia in Building E.

As this housing is sorely needed and has strong community support, I urge your Honorable Body to adopt this Order at the earliest possible date.

Sincerely,

Thomas M. Menino,
Mayor of Boston.

Be it ordered by the City Council of Boston, as follows:

Whereas, The Boston Public Health Commission ("Commission") was created by Chapter 147 of the Acts of 1995; and

Whereas, The Commission has developed a reuse plan for the Foley building and the E Building located at the former Boston Specialty and Rehabilitation Hospital in Mattapan, based upon the report of the Mattapan

Community Advisory Board to Mayor Thomas M. Menino and the Commission dated November 1999; and

Whereas, The Commission has determined that the highest and best use for the Foley building is its rehabilitation into a facility for affordable elder assisted and independent living, with financing which will include the low income housing tax credit program, and, with the approval of the Boston Redevelopment Authority, redevelopment under the provisions of M.G.L. Chapter 121A; and

Whereas, The Commission has determined that the highest and best use for the E Building is to rehabilitate the E Building for use by the Entre Familia Program, with financing which will include the low income housing tax credits program, and, with the approval of the Boston Redevelopment Authority, redevelopment under the provisions of M.G.L. Chapter 121A; and

Whereas, A development team led by Trinity Financial, Inc. was selected by the Commission pursuant to a request for proposals issued by the Commission and the Boston Redevelopment Authority; and

Whereas, Ownership of the buildings and a long term lease of the surrounding land is required in order to secure affordable housing funds, including the low income housing tax credit program; and

Whereas, Any lease or conveyance of real property by the Commission, other than in the ordinary course of business, requires approval of the City Council and the Mayor under the provisions of Chapter 147 of the Acts of 1995 and Chapter 486 of the Acts of 1909.

Therefore, be it ordered that:

Pursuant to the provisions of Chapter 147 of the Acts of 1995 and Chapter 486 of the Acts of 1909, the City Council hereby approves (a) the conveyance by the Boston Public Health Commission to an affiliated corporation to be created by the Commission (the "PHC Affiliated Entity") of the Foley building and the E Building located at the former Boston Specialty and Rehabilitation Hospital in Mattapan and surrounding land, approximately as shown on the plan attached hereto, together with such easements as may be necessary or appropriate for the redevelopment of the Foley Building and the E Building, (b) the conveyance by the PHC Affiliated Entity of fee title to the Foley Building and the E Building to Trinity Foley Limited Partnership, a Massachusetts limited partnership organized by Trinity Financial, Inc. under the provisions of M.G.L. Chapter 121A and approved by the PHC Affiliated Entity to undertake the project (the "Partnership"), and (c) the entry by the PHC Affiliated Entity into a long term ground lease of the surrounding land, approximately as shown on the plan attached hereto, and easements with the Partnership, each of the foregoing conveyances being for nominal consideration (or, as to the conveyances to the Partnership, such consideration as may be required to maximize low income housing tax credits for the redevelopment), in recognition of the public purpose being served by the creation of affordable elder assisted and independent living and in recognition of the restrictions as to affordability of the redevelopment under the provisions of the low income tax credit program and the provisions of M.G.L. Chapter 121A.

Referred to the Committee on Government Operations.

Councillors SCAPICCHIO, MURPHY, CONLEY, HENNIGAN, FEENEY, KELLY, ROACHE DAVIS-MULLEN and HONAN offered the following:

Whereas, Over the past thirty years the demand for air travel by the citizens of the Commonwealth of Massachusetts has continued to grow on an annual basis; and

Whereas, The brunt of this burden has been shouldered by those citizens living in neighborhoods of the City of Boston and other communities surrounding Logan International Airport: and

Whereas, Forty-seven percent of Logan's passengers emanate from beyond the Route 128 area; and

Whereas, Thirty-three percent of Logan's passengers emanate from between Route 128 and Route 495; and

Whereas, Worcester, T. F. Green, Manchester and Hanscom Field are a much shorter vehicle trip for many

of those passengers than driving to Boston's Logan Airport; and

Whereas, The tons of harmful pollutants needlessly added to our atmosphere field and Worcester Airport threatens the health and well being of citizens of the Commonwealth; and

Whereas, The additional noise and traffic congestion imposed on Boston and surrounding communities created by those citizens commuting to and flying out of Logan is manifestly unfair to all citizens of the Commonwealth not blinded by their own self interest; and

Whereas, For the first time in years it may be possible to alleviate some of this unfair burden because airlines are actively seeking to provide service to Hanscom Field; and

Whereas, The FAA Administrator, Jane Garvey, has yet to grant approval for those airlines to commence new service at Hanscom Field; and

Whereas, Support of regionalization would be rendered totally meaningless if Administrator Garvey does not authorize commencement of those services; therefore be it

Resolved, That the Boston City Council hereby requests that FAA Administrator Garvey authorize commencement of those services forthwith; and therefore be it further

Resolved, That copies of this resolution be sent to FAA Administrator Garvey, Secretary of Transportation Slater, Congressmen Joseph Moakley, Michael Capuano, and the entire Boston Delegation of state office holders.

Councillor SCAPICCHIO moved that the resolution be passed in the following new draft:

This ordinance shall apply to all privately managed senior and/or handicapped housing facilities located in the City of Boston.

SECTION 3. Corporations doing business in the City of Boston via the management of housing facilities that maintain residences specifically for senior and/or handicapped persons shall employ, at a minimum, one forty (40) hour per week on-site building manager for each separate facility.

STATUS ON OR BEFORE YEAR 2010.
GRANT OFFICIAL RECOGNITION AND SUP-

SUFFICIENT RESOURCES (DOCKET NO.
0946)**

Councillors FLAHERTY, ROACHE, TURNER, HENNIGAN, SCAPICCHIO, FEENEY, DAVIS-MULLEN, MURPHY and YANCEY offered the following:

Whereas, Latinos represent approximately 6% of Massachusetts' population and contribute their work, tax dollars and cultural values to the well being of the Commonwealth and the City of Boston; and

Whereas, The federal government has launched Health People 2010, a national initiative to eliminate in this decade racial and ethnic disparities in health; and

Whereas, Available data demonstrate that Massachusetts Latinos have disproportionately higher rates of preventable illness and death due to excess prevalence of risk factors related to poor health and barriers to access to care; and

Whereas, In Latino health data, inadequate collection systems and procedures, irregular and inconsistent analysis, and poor dissemination mechanisms conceal the extent and importance of these disparities; and

Whereas, Current interventions based on available data may be insufficiently informed and improperly focused; and

Whereas, Latino public health and health care experts and activists have organized a Latino Health Policy Council to analyze existing data, identify gaps, recommend corrections, and develop a unified agenda to accomplish the goals of eliminating excess morbidity and mortality among Latinos and Latinas of all ages, national origins, races, faiths and sexual orientations in Massachusetts; and

Whereas, The sustained rapid growth of the Latino population guarantees that the future health of Massachusetts as a whole will be influenced substantially by the Commonwealth's success in improving the health of Latinos; now therefore be it

Resolved, That the Boston City Council, in Meeting Assembled, call on the Executive and Legislative branches of the government of the Commonwealth of Massachusetts to:

1. Formally adopt the goal of eliminating disparities in health status on or before the year 2010; and

2. Grant official recognition of and support to the Latino Health Policy Council in planning, implementing and monitoring the systematic reduction and progressive elimination of excess Latino morbidity and mortality in the Commonwealth; and

3. Identify and allocate sufficient resources throughout the decade to accomplish this goal; and be it further Resolved, That a true copy of the foregoing be delivered upon the Governor of Massachusetts, the Speaker of the Massachusetts House of Representatives and the President of the Massachusetts Senate.

Referred to the Committee on Public Health.

Later in the session, on motion of Councillor YANCEY, the rules were suspended; **the resolution was adopted.**

MINE IF ACTIONS TAKEN BY MANAGEMENT ARE IN VIOLATION OF CODE OF CITY OF BOSTON (DOCKET NO. 0967)

Whereas, The Boston Elections Department and its Commissioners have the tremendous responsibility of ensuring that all elections held in the City of Boston are fair, proper and efficient; and

Whereas, These responsibilities are best carried out in an environment that does not bring any additional pressure to the employees of the department; and

Whereas, The Commissioner of the Elections Department as well as the Department managers have an obligation to their subordinates and the residents of the City to provide such an environment; and

Whereas, It has been reported that there has been continued harassment of certain Department employees that has created a disruption of the work environment as well as threatened the physical health of certain employees; and

Whereas, Under such conditions Department employees are allowed to file grievances with their Labor representative or discuss the circumstances with a City Council Committee Chairperson without fear of reprisal; and

ORDER FOR THE HEARING TO DETERMINE
CITY'S PROPERTY DISPOSITION PROCESS,
COMMUNITY INPUT AND SITE SELECTION
FOR HACKNEY DIVISION OF POLICE
DEPARTMENT (DOCKET NO. 0993)

Councilor YANCEY offered the following:

Whereas, The Codman Square community has worked hard and diligently for a number of years developing a vision for rebuilding and revitalization of the commercial district in Codman Square through inclusive and collaborative processes, such as the Codman Square Customer Intercept Survey and the Millennium Plan; and

Whereas, At a city-sponsored meeting in February, 2000, the community specifically voiced opposition to the use of the building at 305 Talbot Avenue for auto repair and/or garaging; and

Whereas, With total disregard for the community's expressed opposition that the hackney inspection operation, with proposed "light maintenance" for the BPD's Hackney Division and Area B-3 police vehicles, would be detrimental to developing housing and retail outlets in the area, representatives from the Mayor's office pushed for this use of this building; and

Whereas, On June 14, 2000, at a meeting of the Codman Square Combined Organizations, residents/attendees were informed by the Mayor's representative, Eric Hill, this was a "done deal" and work was already under way to house the BPD Hackney Division at 305 Talbot Avenue; and

Whereas, This decision was reached without sufficient input and with much opposition from the broader Codman Square community, including civic groups that represent the residents in that area and who had expressed concern that Codman Square already has too many auto related businesses; and

Whereas, On Friday, July 7, more than a dozen people picketed in front of the site to express disapproval at the City's "done deal" policy which ignores community residents and abutters;

Ordered, That this Order be referred to the appropriate committee to convene a hearing to determine the City's Property Disposition Process, community input

and site selection for the Hackney Division of the Boston Police Department, and be it further

Ordered, That the Director of the Department of Neighborhood Development, the Boston Police Department's designee, and the public be invited to testify.

Referred to the Committee on Economic Development and Transportation and the Committee on Equity.

MESSAGE DISAPPROVING ORDER REGARDING
MATTAHUNT COMMUNITY CENTER (DOC-
KET NO. 0917)

The following was received:

City of Boston
Office of the Mayor

July 14, 2000

To the Boston City Council.
Dear Councillors:

I return herewith unsigned and disapproved, Docket Number 0917 An Order Regarding the Mattahunt Community Center, passed by your Honorable Body on June 28, 2000. The order outlines projects under way by the Administration.

Specifically, the Mattahunt Community Center is slated to be on-line by February 2001, with wiring and installation beginning this September. In addition to the twelve networked computer learning centers located in community centers, we are actively securing funds for five new computer learning centers in the City.

As you are aware, technology is an important issue for me and has been a priority for my Administration. This year we were recognized for bringing Internet access to 65,000 Boston Public School students in our efforts to close the "digital divide". We continually find creative solutions to bring our schools, libraries, community centers, and families on-line with state-of-the-art computer technology.

I appreciate the intentions of this order. However, I feel confident that the administration is proactively addressing the technology needs of all Bostonians through our existing and ambitious plans.

Sincerely,
Thomas M. Menino,
Mayor of Boston.

Whereas, Boston Community Centers provide a variety of services to Boston residents; and

Whereas, Many residents of Boston do not have access to the Internet in their homes; and

Whereas, Access to the Internet is becoming as essential as the telephone and other communication systems; and

Whereas, The Mattahunt Community Center does not have networked computers that are accessible to the public; therefore be it

Ordered, That the Administration take immediate steps to equip the Mattahunt Community Center with networked computers and be it further

Ordered, That the administration conduct a study of all community centers funded by the City of Boston to insure that each center is equipped with accessible networked computers.

Assigned for further action.

ORDER FOR HEARING TO DISCUSS ADOPTING CHAPTER 127, SECTION 159 OF MGL "VOLUNTEER ELDER PROPERTY TAX CREDIT" (DOCKET NO. 0989)

Councilor DAVIS-MULLEN offered the following:

Whereas, Chapter 127, Section 159, of the Massachusetts General Laws, the "Volunteer Elder Property Tax Credit" law was recently amended to allow cities and towns to establish a tax exemption program that would allow persons over the age of 60 to volunteer to provide service to the city or town they reside, in exchange for a reduction in their real property tax bill, and

Whereas, In addition to any other tax abatement or exemption that eligible residents may already receive, the person seeking to take advantage of this program would be credited on their tax bill at a rate not to exceed the current hourly minimum wage, and at a sum not to exceed \$500 in a tax year, and

Whereas, The amount of credit shall not be considered income, wages or employment for purposes of taxation, and

Whereas, Chapter 127, Section 159, the "Volunteer Property Tax" is state enabling language that must be adopted by the municipal governments of each city and town in order for that city or town's eligible residents to take advantage of the program,

Whereas, If this enabling law is adopted by the City of Boston, it will bring much needed property tax relief to residents over the age of 60 who want to live in the City of Boston but who cannot afford the rising cost of living and taxes that have besieged Boston over the last few years, therefore be it

Ordered, That the Boston City Council, in meeting assembled, hold an immediate public hearing to discuss, explore and adopt this legislation for the benefit of residents over the age of 60, and that members of the public, the administration, the tax assessing department, the elderly department and the office of intergovernmental affairs be invited to attend and testify.

Councilors HENNIGAN and MURPHY offered the following:

Whereas, The West Nile Virus was found in a dead crow at Willow Pond in Jamaica Plain; and

Whereas, Last year seven residents of New York died after being infected by West Nile Virus; and

Whereas, Under the supervision of Mayor Thomas M. Menino and the Public Health Commission, Willow Pond and land in a 3 mile radius of Willow Pond was sprayed with insecticide in order to protect the health of residents from the threat of being bitten by a mosquito carrying the West Nile Virus; and

Whereas, Since the discovery of the crow, no human cases of West Nile Virus have been found in Massachusetts; and

Whereas, Many residents of the Boston area are very concerned about the possibility of contracting West Nile Virus from an infected mosquito; and

Whereas, Many residents are also concerned about the impact of spraying insecticide on the environment and wildlife such as the Three Spined Stickleback fish that is easily affected by such insecticides; therefore be it

Ordered, The appropriate City Council committee will hold a hearing for an update from the Public Health Commission and the Administration about the steps already taken and also future steps that will be taken to protect the residents of Boston from this disease, and that this will be an opportunity for concerned residents to be invited to the hearing and voice their concerns about West Nile Virus and the effects of the insecticides on the environment and wildlife.

RESOLUTION REQUESTING MAYOR TO DIRECT BOSTON REPRESENTATIVE ON MBTA BOARD OF DIRECTORS TO VOTE AGAINST MBTA'S PROPOSED FARE INCREASE (DOCKET NO. 0995)

Councilors TURNER, DAVIS-MULLEN, ROACHE, CONLEY, FLAHERTY, HENNIGAN, FEENEY, YANCEY, MURPHY, HONAN and SCAPICCHIO offered the following:

Whereas, According to Massachusetts General Law, Chapter 161A, the Massachusetts Bay Transit Authority (MBTA) must meet certain procedural requirements before it can implement a fare increase, including demonstrating that they have made efforts to increase ridership and improve fare collection practices prior to the increase; and

Whereas, The MBTA must demonstrate that they have maximized all other sources of non-transportation revenue and will implement a free or reduced transfer policy; and

Whereas, The MBTA has made no attempt to meet these requirements before proposing a fare increase; and

Whereas, A fare increase would further burden residents in lower income neighborhoods of which a large portion of the residents in those neighborhoods of Boston are people of color; and

Whereas, Low income residents, in particular, who do not have alternative modes of transportation will be forced to use income needed for other expenses to meet the MBTA's 25% increase in fares; and

Whereas, The current level of service being provided by the MBTA does not and has not met the needs of riders, particularly on overly-crowded, late and dysfunctional MBTA buses; and

Whereas, The MBTA has a history of dis-investment in the inner city neighborhoods of Boston where people are most dependent upon MBTA service. We, the Boston City Council, find that the increase of fares system-wide without any improvements to MBTA service unjust; therefore be it

Resolved, That the Boston City Council requests that the Mayor direct the Boston Representative on the MBTA Board of Directors to vote against the MBTA's proposed fare increase.

On motion of Councilor TURNER, the rules were suspended; **the resolution was adopted.**

RESOLUTION CALLING UPON LEGISLATURE TO ACT IMMEDIATELY TO REVERSE DECISION TO VETO SUMMER JOB FUNDING (DOCKET NO. 0996)

Councilors ROSS, FEENEY, KELLY, SCAPICCHIO, TURNER, ROACHE, MURPHY, HONAN, HENNIGAN, FLAHERTY, DAVIS-MULLEN and YANCEY offered the following:

Whereas, The Summer Job program in Boston results in numerous benefits to our communities including a low crime rate and invaluable work experience; and

Whereas, The State has been an important partner with the City and the private sector in funding the cost of the Summer Job program; and

Whereas, The overwhelming majority of the Boston Legislative Delegation has supported legislation that would continue to finance this essential program; and

Whereas, The governor vetoed over 2 million dollars in Summer Job funding for Boston, effectively jeopardizing this vital service; and a veto override vote was not taken by the House of Representatives, now there-

fore be it

Resolved, That the Boston City Council calls upon the legislature and the governor to act immediately to reverse this unexpected decision.

The rules were suspended, **the resolution was adopted.**

ORDER REGARDING ACT RELATIVE TO CONSTRUCTION AND FINANCING OF INFRASTRUCTURE AND OTHER IMPROVEMENT IN CITY AND AROUND FENWAY PARK (DOCKET NO. 0997)

Councilors KELLY, ROSS, TURNER, FEENEY, DAVIS-MULLEN, ROACHE and HENNIGAN offered the following:

Whereas, The state legislature has determined that "the acquisition and financing by the City of Boston of a suitable site within the city for the new ballpark is in furtherance of a public purpose and shall provide an essential stimulus to the development of the ballpark and the economic health and development of the city and the community adjacent to the ballpark"; and

Whereas, The taking of private land by eminent domain is a serious undertaking that, because it implicates important constitutional rights, should be reserved to accomplish a genuine and legitimate public purpose; and

Whereas, The courts have long recognized it is a fundamental principle of law that government should only exercise eminent domain for a public purpose because the use of eminent domain is one of the highest powers of government in that it affords the general public use of private property against an owner's will; and

Whereas, Because the government has the power to exercise this right does not make the taking just unless it can be clearly shown that other means have been fully exhausted, and the taking of private property is the last refuge of government; and

Whereas, Because there are a number of concerns regarding the legitimacy of public purpose in taking private land from one person or entity, and turning it over to another person or entity for their private use, and whether the acquisition and financing arrangements envisioned by the state legislature are reinforced by adequate statutory safeguards that have been mandated by the Supreme Judicial Court in Opinion of the Justices, 356 Mass. 775 (1969), and whether the residents of Boston support a public financed ballpark at the proposed site; and

Whereas, A delay in voting on council acceptance of the necessary land taking and bonding issues, as well as the confusion that will arise should the council delay in signaling its interest on behalf of the residents of the City of Boston, is not in the best interest of any party and will only confuse investors who may be asked to financially support a plan under the assumption that council approval of the necessary measures is a given; be it therefore

Ordered, That the Boston City Council shall conduct a public hearing, or series of public hearings, into the above matter, and that representatives of the mayor's office, the Boston Red Sox, and the general public be invited to attend; and be it further

Ordered, That the appropriate committee shall conduct expedited public hearings and at the conclusion of this public process, shall recommend to the full council

the following order:

Ordered, Consistent with the land taking provisions of the City of Boston charter, as amended, the Boston City Council, by a required two-thirds vote, hereby authorizes, after full public hearings, the city to begin appropriate land takings, inasmuch as the public interest in a land taking for the purposes outlined in "An act relative to the construction and financing of infrastructure and other improvements in the City of Boston and around Fenway Park" is found to be a legitimate public purpose.

On motion of the Chair, the following language was substituted:

Mass. 775 (1969), and whether the residents of Boston support a public financed ballpark at the proposed site; and

Whereas, A delay in voting on council acceptance of the necessary land taking and bonding issues, as well as the confusion that will arise should the council delay in signaling its interest on behalf of the residents of the City of Boston, is not in the best interest of any party and will only confuse investors who may be asked to financially support a plan under the assumption that council approval of the necessary measures is a given; be it therefore

Ordered, That the Boston City Council shall conduct a public hearing, or series of public hearings, into the above matter, and that representatives of the mayor's office, the Boston Red Sox, and the general public be invited to attend; and be it further

Ordered, Consistent with the loan authorization provisions of the City of Boston charter, as amended, the Boston City Council, by a required two-thirds vote, hereby declares as a legitimate public purpose, and approves under its power as the legislative branch of city government, the necessary loan authorizations to accomplish the purposes for which, "An act relative to the construction and financing of infrastructure and other improvements in the City of Boston and around Fenway Park" has been enacted.

Councilor YANCEY moved the question.

The motion was carried.

Referred to the Committee on Ways and Means and Committee on Economic Development and Transportation.

C.32, S.6, CL.(3) (DOCKET NO. 0998)

Councilors CONLEY, MURPHY, KELLY, HENNIGAN, HONAN and FLAHERTY offered the following:

Be it ordained in the City of Boston as follows:

The Boston City Council shall not consider any spe-

cial law that would have the effect of granting a city employee an annual pension of an amount equal to the regular rate of compensation that would have been paid had the employee continued in the service of the City of Boston at the grade held by the employee at the time of his/her retirement, unless said special law is accompanied by a copy of the written report of a "Regional Medical Panel" in accordance with the provisions of M.G.L. c.32 s.6, cl.(3).

Referred to the Committee on Government Operations.

MAYOR MENINO ANNOUNCES MBTA PASS DEDUCTION PROGRAM FOR CITY EMPLOYEES

As part of the recently enacted federal transportation funding bill, employers are now able to provide transportation tax benefits to employees who elect to purchase public transit passes through payroll deductions. The MBTA Pass Deduction Program allows City employees to pay for monthly MBTA Passes with pre-tax dollars, up to a limit of \$65.00 per month, which will increase to \$100.00 per month in January 2002. This program is offered to all qualified City employees who are interested in participating.

What happens to my paycheck?

The full cost of the MBTA Pass will be deducted from the first paycheck of the month prior to the MBTA Pass ridership month. For example, employees receiving a June MBTA Pass will have the deduction taken from their first paycheck in May.

How do I benefit?

Since the cost of your monthly MBTA Pass will be deducted from your gross wages, your taxable gross income will be reduced. Employees save on federal taxes based on the price of the pass they purchase, since that amount is no longer treated as taxable wages.

How many MBTA Passes can I order?

A City employee may order one MBTA Pass only.

Am I qualified to participate?

A City employee who has taxable wages can participate in this program. Those claiming tax exempt status on their W-4, or those receiving Workers' Compensation benefits are ineligible.

How and when do I receive my MBTA Pass?

A designee from your department will make arrangements to have your MBTA Pass delivered to you. You will receive your MBTA Pass during the last week of the month prior to the MBTA Pass ridership month. Those who do not receive a paycheck or do not have sufficient earnings in the first paycheck of the month will not have the deduction taken and therefore, will not receive an MBTA Pass for the following month.

Can I be reimbursed for a missing or stolen MBTA Pass after I have received one?

A City employee enrolled in this program will not receive a refund, replacement or credit for lost or stolen monthly passes after they have been distributed.

How do I enroll? or What if I have enrolled and would like to cancel?

Complete the MBTA Pass Deduction Program Form and submit it to your Department designee.

Requests to start or stop a deduction must be received by Auditing Department/Central Payroll no later than 10 business days before the scheduled deduction date. For example, to receive or cancel a MBTA Pass for June, the MBTA Pass Deduction Program Form must be submitted to Auditing/Central Payroll from the Department designee no later than 10 business days before the first paycheck date in May.

Once the MBTA Pass deduction has been made, the City of Boston cannot refund this amount.

What other benefits are there?

- Convenient payment and receipt of the monthly MBTA Pass.
- Encourages the use of public transportation.
- Reduces traffic congestion on City streets.
- Improves the environment by reducing auto congestion and improving air quality.
- Program serves as a role model for other public and private employers.
- Provides the City of Boston with greater flexibility in offering transportation benefits.

A defense against cancer can be cooked up in your kitchen.

There is evidence that diet and cancer are related. Some foods may promote cancer, while others may protect you from it.

Foods related to lowering the risk of cancer of the larynx and esophagus all have high amounts of carotene, a form of Vitamin A which is in cantaloupes, peaches, broccoli, spinach, all dark green leafy vegetables, sweet potatoes, carrots, pumpkin, winter squash, and tomatoes, citrus fruits and brussels sprouts.

Foods that may help reduce the risk of gastrointestinal and respiratory tract cancer are cabbage, broccoli, brussels sprouts, kohlrabi, cauliflower.

Fruits, vegetables and whole-grain cereals such as oatmeal, bran and wheat may help lower the risk of colorectal cancer.

Foods high in fats, salt- or nitrite-cured foods such as ham, and fish and types of sausages smoked by traditional methods should be eaten in moderation.

Be moderate in consumption of alcohol also.

A good rule of thumb is cut down on fat and don't be fat. Weight reduction may lower cancer risk. Our 12-year study of nearly a million Americans uncovered high cancer risks particularly among people 40% or more overweight.

Now, more than ever, we know you can cook up your own defense against cancer. So eat healthy and be healthy.

No one faces
cancer alone.

AN ORDINANCE

REGARDING RECYCLING MECHANISMS

Whereas, The City of Boston's Public Works Department makes available free recycling services to those who choose to participate; and

Whereas, Collection of recyclable materials from large multi unit residential premises has lagged behind collections of such materials from single and small

Whereas, Instituting a recycling mechanism for multi unit residential premises will increase the amount of recyclable materials collected by the city; therefore

Be it ordained by the City Council of Boston, as follows:

City of Boston Code. Ordinances, Chapter 7-13.4 is hereby amended by adding the following after paragraph (g).

h. The owners of residential premises of large apartment buildings as determined by the Commissioner of Public Works shall submit to the Commissioner a recycling plan for their properties. The plan shall identify the respective property, and include the number of units, details for a holding facility for recyclable materials, and shall describe any structural changes that may be necessary for implementation of the holding facility. Said plans shall also include a statement by the owner that he/she will post notice, in common area, notifying all residents of the need to place recyclable materials in the holding facility. Said notice shall include the dates and times of collections by the city.

Property owners shall cause the recyclable materials contained in holding facilities to be placed at the appropriate place of collection at the appropriate times as specified by the Commissioner. The means by which said materials will be placed for collection shall be specified in the property's recycling plan.

The Commissioner, through authority granted in this ordinance, shall approve, reject or amend said plans. Once a plan is approved and the holding facility is operational, the Commissioner shall schedule collection of materials from said holding facilities.

ENFORCEMENT

The enforcement of this ordinance shall refer to § 7-13.6

ORDER FOR HEARING TO DETERMINE FEASIBILITY OF IMPLEMENTING STRICT PARKING FREEZE IN FENWAY NEIGHBORHOOD FOR PURPOSE OF PROTECTING ENVIRONMENTAL AND PUBLIC HEALTH OF COMMUNITY IN WAKE OF PENDING NEW DEVELOPMENT (DOCKET NO. 1038)

Councillors ROACHE and ROSS offered the following:

Whereas, The City of Boston, in conjunction with the Commonwealth of Massachusetts and the Boston Red Sox Organization has reached an agreement to finance the acquisition and preparation of the site for a proposed new baseball park in the Fenway neighborhood; and

Whereas, The proposed ballpark will bring an increase of approximately one million people into the Fenway neighborhood during a six-month period each year; and

Whereas, In order to accommodate this increase, and in addition to the site preparation costs, the City has also agreed to finance the construction, operation, and maintenance of a parking facility with a capacity for as many as three thousand vehicles per day; and

Whereas, The Fenway neighborhood is already overburdened by the volume of traffic that travels through the community everyday, bringing unacceptably high levels of auto emissions and many other harmful pollutants; and

Whereas, Any increase in traffic through the community will be detrimental to the public and environmental health of the neighborhood; and

Whereas, For the purpose of protecting the community from the hazards of increased congestion due to projected development, the Fenway IPOD has recommended a freeze on non-accessory parking spaces; and

Whereas, The configuration of the proposed three-thousand unit public parking garage may produce an unacceptably large number of non-accessory parking spaces which would offset precautions that the community has taken to protect the quality of life in their neighborhood; therefore be it

Ordered, That the Boston City Council hold a public hearing to determine the feasibility of implementing a strict parking freeze in the Fenway neighborhood for the purpose of protecting the environmental and public health of the community in the wake of pending new development; be it further

Ordered, That representatives from the Boston Transportation Department, the Environment Department, the State Executive Office of Environmental Affairs, the Environmental Protection Agency, and other relevant departments be invited to provide testimony.

Referred to the Committee on Economic Development and Transportation.

ORDER FOR HEARING RE: CHANGE IN DEPARTURE PROCEDURES FOR RUNWAY 27 AT LOGAN AIRPORT (DOCKET NO. 1039)

Councillors TURNER, ROACHE, ROSS, KELLY, YANCEY, DAVIS-MULLEN, MURPHY, FEENEY FLAHERTY and HONAN offered the following:

Whereas, In August 1996 the Federal Aviation Administration issued a record of decision to formally alter the turbo jet departure procedures for Runway 27 at Logan Airport to include a 235 degree turn; and

Whereas, The change in departure procedures for Runway 27 at Logan Airport channels all traffic from the runway into a narrow air corridor over parts of South Boston, South End, Back Bay, Dorchester, Roxbury and Mattapan; and

Whereas, The Federal Aviation Administration has provided no mitigation measures to limit the affects of increased noise and air pollution created by this change. Therefore be it

Ordered, That the appropriate Boston City Council committee hold a public hearing to determine the basis of the 1996 record of decision and why there are no mitigation measures accompanying the decision. And be it further

ORDER FOR HEARING TO INVESTIGATE HIGH
PARKING RATES (DOCKET NO. 1049)

Councillor SCAPICCHIO offered the following:
Whereas, The parking rates in Boston are among the highest in the country and have doubled in less than a decade; and

Whereas, Since 1975, The Environmental Protection Agency has limited the number of parking spaces in Boston to 35,503; and

Whereas, The number of vehicles travelling into Boston each day has at least doubled since the cap on spaces has been put into affect; and

Whereas, The current parking freeze needs to be examined to determine its impact on the prevailing rates; and

Whereas, Lifting the cap that limits the number of parking spaces may have an adverse effect on the air quality in Boston; therefore be it

Ordered, That The Boston City Council hold a hearing to investigate the high rates and their effect on the quality of life, economic vitality, and growth of the City of Boston.

Referred to the Committee on Economic Development and Transportation.

ORDER CALLING FOR EVENING HEARINGS IN
CERTAIN AREAS OF CITY WHERE RESI-
DENTS ARE UNDER SIEGE BY RISING
RATES OF CRIMES (DOCKET NO. 1050)

Councillors FLAHERTY, ROACHE, DAVIS-MULLEN, TURNER, MURPHY, ROSS, HONAN, CONLEY, KELLY and FEENEY offered the following:

Whereas, The City of Boston is enjoying its lowest recorded levels of crime, including violent crime and domestic crime, in decades; and

Whereas, June 2000 Boston Police Office of Research and Evaluation data show that serious crime in the city is at its third lowest level since 1968, at 48% of the 1990 level, with 15,632 fewer victims than ten years ago; and

Whereas, Much of the credit for this reduction in reported crime owes to the efforts of the Boston Police Department and its heightened focus on crime prevention, enforcement, community policing, education and early intervention; the prosecutorial efforts of the Suffolk County District Attorney's office; and the incarceration and rehabilitation services of the Suffolk County Sheriff's Department; and

Whereas, Despite this decade-long trend of reduced criminal activity in the City of Boston, there exist several areas or "clusters" of unacceptably high rates of crime, particularly violent crime; and

Whereas, Boston Police have identified eight clusters where residents are under siege by rising rates of crime in the six categories of homicide, robbery, aggravated assault, firearms arrests, recovered firearms and other general crime, of which there were 306 total incidents between February and May of this year; and

Whereas, It is in the interests of the city and its residents to examine the issues and circumstances causing or contributing to the existence of high-crime clusters in Boston, as part of an effort to provide appropriate and effective ameliorative resources; therefore be it hereby

Ordered, That the Boston City Council conduct a series of evening public hearings in areas encompassing the eight high-crime clusters, to hear from representatives of the Boston Police, the Suffolk County District Attorney's office, other law enforcement agencies, human service organizations, neighborhood residents, and any other interested parties, and to thereby gain a better understanding of the phenomenon of crime clusters.

Referred to the Committee on Public Safety.

Councillor FEENEY in Chair.

APPOINTMENT OF TEMPORARY EMPLOYEE (DOCKET NO. 1051)

Councillor KELLY offered the following:

Ordered, That effective Saturday, September 16, 2000, the following-named person be, and hereby is, appointed to the position set against their name until Friday, November 24, 2000:

ORDER REQUESTING CERTAIN INFORMATION UNDER SECTION 17F RE: UNCOLLECTED CODE ENFORCEMENT FINES (DOCKET NO. 1052)

Ordered, That, under the provisions of Section 17F of Chapter 452 of the Acts of 1948, as amended, and under any other applicable provision of law, His Honor, the Mayor, be, and hereby is, requested to obtain and deliver to the City Council, within one week of the receipt hereof, the following information:

- Uncollected code enforcement fines from February 16, 2000 to present organized comprehensively by order of address of violation

On motion of Councillor ROSS, the rules were suspended, **the order was passed.**

RESOLUTION URGING GOVERNOR AND LEGISLATURE TO TAKE APPROPRIATE MEASURES TO RESTORE 636 FUNDING THROUGH SUPPLEMENTAL BUDGET LEGISLATION (DOCKET NO. 1053)

Councillors HONAN, MURPHY and FEENEY offered the following:

Whereas, Chapter 636 was established by the Commonwealth of Massachusetts to ensure education enrichment monies for the support of such activities as the establishment of parent information centers and various cultural initiatives for youth; and

Whereas, While Boston's students are laboring to meet the higher academic standards imposed by the State Board of Education through improved performance on MCAS tests, this loss of funding would cut programs that are vital to our students' educational experience; and

Whereas, Cultural enrichment is a significant factor in student growth and personal development; and

Whereas, The City of Boston has received annual state funding for more than two decades including approximately \$5.4 million last year; and

Whereas, Governor Celluci vetoed this important line item and the Massachusetts Legislature did not consider the veto before its adjournment on July 31; therefore be it

Resolved, That the Boston City Council in meeting assembled urge the Governor and Legislature to take appropriate measures to restore this funding through consideration of a supplemental budget legislation.

On motion of Councillor HONAN, the rules were suspended; **the resolution was adopted.**

RESOLUTION SUPPORTING ADDITION OF TWO NEW STOPS TO FAIRMOUNT COMMUTER RAIL (DOCKET NO. 1054)

Councillor YANCEY offered the following:

Whereas, Members of the Greater Four Corners Action Coalition (GFCAC) are requesting that the Massachusetts Bay Transportation Authority (MBTA) reopen two rail stations in Dorchester; and

Whereas, These two stations, that would be on the existing Fairmount Commuter Rail Line, could be the first step toward later implementation of the "Indigo Line," a plan to make better use of this rail route which is being advocated by a diverse coalition of neighborhood and environmental groups, local City Councillors, State Senators, and Representatives, Congressman Capuano, members of the business community, and the MBTA Advisory Board; and

Whereas, Nearly 1,500 residents of Dorchester, Roxbury and Mattapan have signed a petition in support of reopening the rail stations; and

Whereas, One station will be near Park Street and Norwell Street (allowing people from Codman Square and the southern part of Four Corners access), and the other will be at Washington Street and Erie Street with an additional entrance at Norwell Street and Carmen Street (allowing access to people from Grove Hall and the northern part of Four Corners); and

Whereas, The new stations along with increased frequency will create a sufficient rapid transit system for Dorchester, Roxbury and Mattapan residents traveling to and from downtown Boston; and

Whereas, Boston Transportation Department Commissioner, Andrea d'Amato (following examples of other urban transportation agencies, such as those in San Francisco, Denver and Salt Lake City) is stressing rail as an effective option for public transit; and

Whereas, The new stations would help alleviate the growing problem of vehicular traffic congestion in Grove Hall, Codman Square and Four Corners; and

Whereas, Opening the new rail would add to the quality of life in a neighborhood that has struggled to survive through white flight, crime, and disinvestment; and

Whereas, The capital cost for adding stations to an existing, fully functional rail line in regular operation will be minimal particularly in comparison to the \$56.5 million spent to add two stations and extend service 9.6 miles from Ipswich to Newburyport or the \$400+ million proposed to complete the Greenbush extension; be it therefore

Resolved, That the Boston City Council, in meeting assembled, support adding the two new stops to the Fairmount Commuter Rail.

Referred to the Committee on Economic Development and Transportation.

Councillor KELLY in the Chair.

LATE-FILED MATTERS

The Chair stated that, in absence of objection, two late-filed matters would be added to the Agenda.

No objection being heard, the following matters were

added:
ORDER FOR HEARING TO INVESTIGATE MAGNITUDE OF TAX VIOLATIONS AND PROPOSE LEGISLATION THAT WILL ENACT CIVIL AND/OR CRIMINAL PENALTIES TO DETER SUCH ACTIONS (DOCKET NO. 1077)

Councillors ROSS, SCAPICCHIO, KELLY, YANCEY, TURNER, MURPHY, FEENEY, FLAHERTY and DAVIS-MULLEN offered the following:

Whereas, The City of Boston is responsible for the collection of residential and commercial taxes; and

Whereas, In an effort to assist residents and make tax payments more affordable, the City has implemented a residential exemption tax policy where owner-occupied residents are eligible to receive an exemption of \$499.12 toward their taxes; and

Whereas, The City's Assessing department has been tracking and monitoring tax violators who are fraudulently claiming residential exemptions; and

Whereas, These violators are responsible for siphoning hundreds of thousands of dollars from our City while residents and businesses suffer the consequences; and

Whereas, Currently no civil or criminal penalties exist today to deter potential violators from claiming a residential exemption or in some cases multiple exemptions; Therefore be it

Ordered, That the City Council convene a public hearing to investigate the magnitude of tax violations and propose legislation that will enact civil and/or criminal penalties to deter such actions; and be it further

Ordered, That the City's Chief Financial Officer, the Assessing Commissioner and their designees are invited to testify; and be it further

Ordered, That neighborhood residents and businesses concerned about this issue be invited to attend.

Referred to the Committee on Ways and Means.

Councillors TURNER, KELLY, DAVIS-MULLEN, ROACHE, MURPHY, HONAN, FLAHERTY and YANCEY offered the following:

Whereas, In 1996, the Boston Redevelopment Authority (BRA) took by eminent domain, the Boston City Hall Plaza from the City of Boston by order of the Mayor; and

Whereas, Concerns have been raised by many parties regarding the BRA's authority to take such action. Therefore be it

Ordered, That the Boston City Council seek a legal opinion regarding the power of the Boston Redevelopment Authority to take such actions.

ORDINANCE RELATING TO REGISTRATION OF DOGS AND FURTHER REGULATING DANGEROUS OR VICIOUS DOGS (DOCKET NO. 1105)

City of Boston

In The Year Two Thousand

Be it ordained by the City Council of Boston, in accordance with the provisions of Massachusetts General Laws Chapter 43B, Section 13, and any other applicable law, as follows:

Whereas, Vicious dogs are so dangerous that they constitute a threat to children and others in the city; and

Whereas, Vicious dogs occasionally escape from the yard or building in which they are kept, by slipping under a fence, jumping over a fence, slipping out through a door or gate temporarily opened or unlatched, breaking the leash or chain, or pulling up the anchor for the chain or leash; and

Whereas, Children too young to read may wander too close to a dog, even in the presence of "beware of dog" signs; and

Whereas, It is the policy of the City that children and others should not have to assume the risk of a vicious dog having an opportunity to attack or to kill, and

Whereas, The benefits to a dog owner in owning a dangerous dog are outweighed by dangers to children and to the general public.

Now therefore be it ordained:

Section 1: Chapter 16 of the City of Boston Ordinances is hereby amended by inserting the following new section, after Section 1.9A:

16-1.9B Dangerous or Vicious Dogs

a) A "dangerous or vicious" dog as the term is used in this section shall mean any dog that has bitten or attacked any person or animal, and any dog that has attempted to bite or attack any person or animal. A dog shall be deemed to be attempting to attack if it is restrained by a leash, fence or other means, and it is clear from the dog's excited actions that only the presence of the leash, fence or other means of restraint is

preventing the dog from making an immediate attack. Such incidents shall be evidenced by verified reports of the Dog Officer and shall be governed by the procedures delineated in G.L. c. 140, § 157.

When a dog is deemed to be vicious, the Office of Animal Control may order any or all of the following:

- 1) Spay or neutering
- 2) Microchip Identification
- 3) Behavior Training

b) An "owner or keeper" of a vicious dog shall mean an individual who is the registered owner as well as an individual who keeps, harbors, or possesses a vicious dog.

c) While on the owner's or keeper's property, a dangerous or vicious dog must be securely confined indoors or in a securely enclosed and locked pen or structure of a type meeting standards established by the Dog Officer, suitable to prevent the entry of young children, and designed to prevent the animal from escaping. Such pen or structure must have a minimum dimension of five feet by ten feet and must be securely enclosed. If it has no bottom secured to the sides, the sides must be imbedded into the ground no less than two feet. The enclosure must also provide protection from the elements for the dog.

The owner or keeper shall display a sign or signs on his or her premises facing out from all sides of the premises warning that there is a dangerous or vicious dog on the property the location and design of which shall be determined by the Dog Officer. This sign should be visible and capable of being read from a public way or within 20 feet of its placement. In addition, the owner shall conspicuously display a sign with a symbol warning children who cannot read of the presence of a dangerous or vicious dog.

Councillors MURPHY, HONAN, ROACHE, FLAHERTY, FEENEY, YANCEY, SCAPICCHIO, HENNIGAN, CONLEY, KELLY and DAVIS-MULLEN offered the following:

Whereas, Recent incidents involving vicious dogs have prompted hearings, meetings and an examination of the City's Vicious Dog ordinance; and

Whereas, The City's Animal Control Office currently has a staff of 12 with only 3 Officers available for city wide monitoring and enforcement scheduled on the night shift only; and

Resolved, That the Boston City Council call on the Administration to appropriate the necessary monies to add 8 Animal Control Officers to the Office of Animal Control to staff a day shift that would aggressively monitor the City's animal problems and enforce the dog licensing laws; and be it further

Whereas, The City of Boston undertakes many capital improvement projects annually, and

Whereas, These projects are publicly bid and contracted to the lowest qualifying bidder, and

Whereas, Many projects have not been satisfactorily completed due to slapdash workmanship, use of cheap materials, or delayed work schedules, and

Whereas, Capital expenditures on these projects are important to the quality of life of the city's residents, and

ORDER THAT CITY COUNCIL SUBMIT PROPOSAL TO JOHN F. KENNEDY SCHOOL OF GOVERNMENT FOR POLICY ANALYSIS EXERCISE TO EXAMINE AND EVALUATE APPROACHES OF CHOICE/NO-FAULT AND OF REGULATED COMPETITION AS THEY COULD BE APPLIED TO MASSACHUSETTS AUTOMOBILE: INSURANCE SYSTEM (DOCKET NO. 1093)

Councillors TURNER, DAVIS-MULLEN, MURPHY, SCAPICCHIO, ROACHE, YANCEY, ROSS, CONLEY, KELLY, HENNIGAN and FEENEY offered the following:

Whereas, Massachusetts automobile insurance rates are among the highest in the nation; and

Whereas, Rates for inner-city residents of Boston and other urban areas are two and three times higher than the state average rates; and

Whereas, Costs of automobile insurance in Boston are so high that as many as one-third of Boston Motorists drive illegally uninsured; and

Whereas, The rigidity and severity of the state's "Safe Driver Incentive Plan" engender considerable hostility on the part of Massachusetts motorists; and

Whereas, Since the use of an automobile is vital to many of our citizens, and since the Commonwealth of Massachusetts requires that automobile insurance coverage be compulsory, it is only fitting that the state seek to provide the means whereby its citizens can meet that requirement; and

Whereas, Affordable automobile transportation can help to solve the welfare-to-work transportation problem of access to entry-level jobs in suburban retail establishments; and

Whereas, A change to a so-called "choice/no-fault" system could produce annual savings for Massachusetts motorists on an average of \$285 a year, and for the motorists of Boston, as much as \$700 a year, based on a 1998 report of the Joint Economic Committee of the United States Congress; and

Whereas, Total annual savings for Massachusetts motorists could be as much as \$800 million, an annual amount greater than the projected current one-time cost of the recently-proposed new Red Sox stadium; and

Whereas, Total annual savings for the 180,000 Boston area motorists could approach \$70 million, an annual amount over six times the annual debt repayment schedule for the proposed Red Sox stadium;

Whereas, Other benefits of a choice/no-fault system, would include not only broader coverage of single-car accidents but also far quicker compensation for personal injuries, especially beneficial for those victims who cannot afford delays as long as two, three or four years before financial restitution is made available; and

Whereas, In addition to the savings a choice/no-fault system, a more competitive insurance market could provide more flexible incentives for safe driving than available under the Commonwealth's current "Safe Driver Incentive Program"; and

Whereas, Any move toward a more competitive system would need to include provisions to avoid the problems that characterized the prior 1977 attempt at competition; and

Whereas, Any proposed major change to our automobile insurance system should be subjected to as much study and analysis as possible; and

Whereas, The extent of the potential benefits for citizens of Boston warrants a full consideration of these approaches by the Boston City Council; and

Whereas, A study of major changes to our automobile insurance system, including the concepts of choice/no-fault and of competition, was included as a budget item in the recent legislative budget presented to the Governor, an item which the Governor saw fit to veto;

and

Whereas, The John F. Kennedy School of Government of Harvard University, through its Policy Analysis Exercise program, makes available the services of graduate students, under the guidance of faculty advisors, to analyze public policy issues at nominal costs, and said program commences in October of each year and concludes with a written report the following April; and

Whereas, A private citizen has offered to provide the funds to cover the costs of such a Policy Analysis Exercise study; and

Whereas, Such a program could provide the Boston City Council with considerable relevant information with which to evaluate the benefits to the citizens of Boston and of the entire state, of the incorporation of choice/no-fault and competition into the Massachusetts automobile insurance system; therefore be it

Ordered, That the Boston City Council submit a proposal to the John F. Kennedy School of Government for a Policy Analysis Exercise to examine and evaluate the approaches of choice/no-fault and of regulated competition as they could be applied to the Massachusetts automobile insurance system, with special focus on the needs of and benefits for the motorists of Boston and other urban areas, and to furnish to the Boston City Council a full report of the results of this effort, the costs to be born by the above-mentioned donor.

On motion of Councillor TURNER, the rules were suspended; the order was passed

ORDINANCE RELATIVE TO BANNING SALE OF MERCURY THERMOMETERS (DOCKET NO. 1116)

Councillors ROACHE, KELLY, FLAHERTY, DAVIS-MULLEN, FEENEY and MURPHY offered the following:

City of Boston
In the Year Two Thousand

AN ORDINANCE RELATIVE TO
BANNING THE SALE OF
MERCURY THERMOMETERS IN THE
CITY OF BOSTON

Be it ordained by the City Council of Boston, in accordance with the provisions of Massachusetts General Laws Chapter 43B, Section 13, and any other applicable law, as follows:

(a) Mercury is a persistent and toxic pollutant that bioaccumulates in the environment and the food chain.

(b) Incineration of medical and municipal waste, which contains whole or broken thermometers, is a major source of atmospheric deposition of mercury in the Northeast resulting in mercury contamination of air and water.

(c) Mercury from mercury thermometers can also directly enter the environment through vaporization and/or spillage when a thermometer breaks during use, transportation or disposal. The United States Environmental Protection Agency (US EPA) estimated that for the year 2000, 17 tons of elemental mercury from thermometers will be disposed of as municipal solid waste - this does not include additional mercury that finds its way into the medical waste stream.

(d) Accidental mercury spills, breakages, and releases have occurred at schools throughout the Northeast. In addition to the threat of health risks to students and staff and potential for adverse environment impact, these discharges are costly. Harvard University has cited that it costs \$110 to properly clean up a single thermometer breakage in a laboratory. If the mercury is accidentally spread through tracking, HVAC or cleaning, costs rapidly escalate. This does not reflect the cost to replace contaminated items and in some cases it can reach into multiple thousands of dollars. These incidences have proven costly to clean up and have exposed students, teachers and/or administrators to mercury emissions.

(e) Due to the bioaccumulation of mercury in fish, the Massachusetts Department of Public Health has issued a statewide native fresh water fish advisory, warning pregnant women, women of childbearing age and children not to consume any fish.

(f) Pharmacy chains of Rite-Aid, K-Mart, Brooks, Target, Wal-Mart, Albertson, Kinney, Toys 'R' Us, Safety First, The First Years and Meijers amongst others have joined a Mercury Free Thermometer campaign, pledging to discontinue the sale of mercury basal and fever thermometers.

(g) There are accurate and safe alternatives to mercury thermometers that are readily available and comparable in cost.

(h) Local take back programs have already demonstrated the ease and effectiveness of removing mercury products. The Town of Burlington, MA successfully collected more than 1425 mercury thermometers. Unexpectedly, Burlington's program also received over 60 pounds of raw elemental mercury. Oakland County in Michigan is also rounding up mercury thermometers to get the toxic metal out of medicine cabinets. Beth Israel Deaconess Medical Center, New England Medical Center, and Dana Farber Cancer Institute and Newton-Wellesley Medical Center are among many hospitals and clinics that have participated in mercury thermometers 'round-ups' and have taken a pledge to virtually eliminate mercury waste from the health care waste stream by 2003.

(i) The Massachusetts Water Resources Authority (MWRA) has strictly limited the amount of mercury in effluent water to 1 part per billion. For every one-gram of mercury from a single mercury thermometer that goes down the drain, 5 million gallons of Boston Harbor seawater is contaminated.

(j) Mercury discharged into the sewers ultimately is released into the ocean with the treated effluent at the MWRA's Deer Island Treatment Plant. Or it can become

part of the sewage sludge that the MWRA turns into fertilizer that is then spread onto agricultural fields.

(k) In 1998 the American Poison Control Center received 18,000 phone calls regarding broken mercury thermometers. The average cost of handling each call was \$30, plus the added cost to the caller of cleaning up the mercury spill.

(l) In the state of New Hampshire, a person shall not sell or supply mercury fever thermometers to consumers and patients, except by prescription. The County of San Francisco; the City of Duluth, Minnesota; the City of Ann Arbor, Michigan and Dane County Wisconsin are among many government bodies that have already passed legislation to ban the sale of mercury thermometers.

(m) The New England States and Eastern Canadian Provinces are implementing a bi-national mercury plan, which was unanimously adopted in June of 1998 by the Conference of New England Governors and Eastern Canadian Premiers (and signed by Governor Cellucci in June 1998). The mercury action plan is an ambitious program to virtually eliminate the emissions of mercury in the region. The regional goal of this action plan supports the virtual elimination of anthropogenic mercury. The plan consistent with the prohibition of mercury thermometers sales.

(n) The "Massachusetts Zero Mercury Strategy", formed by Environmental Affairs Secretary, Robert Durand, adopted in the summer of 2000 an ambitious strategy that calls for virtual elimination of the use and discharge of mercury including mercury thermometers.

(o) The American Hospital Association (AHA) - US Environmental Protection Agency (EPA) memorandum of Understanding calls for "virtual elimination" of mercury from healthcare facilities. Over 500 hospitals and clinics across the country have already taken a pledge to remove mercury thermometers and replace them with safe alternatives.

(p) The New England states are in the process of individually introducing model mercury legislation that would severely restrict the sale of mercury fever thermometers.

Section 2 The Municipal Code of the City of Boston is amended as follows:

Section 2.1. Definitions.

A. City means the City of Boston.

B. Mercury thermometer means a mercury-containing product that is used to measure body temperature. A mercury-containing product is a product, device, instrument or equipment into which elemental mercury or mercury compounds are intentionally added during its formulation or manufacture and in which the continued presence of mercury is desired to provide a specific characteristic or to permit a specific function.

C. Health care facility means any hospital, nursing home, extended care facility, long-term facility, clinic or medical laboratory, state or private health or mental institution, clinic, physician's office or health maintenance organization.

D. Manufacturer means any person, firm, association, partnership, corporation, governmental entity, organization, combination, or joint venture that produces a mercury fever thermometer. If the mercury thermometer is produced in a foreign county, the manufacturer is the importer or domestic distributor.

Section 2.2. Retail Sale Prohibited. A person shall not sell or supply (including online retail) mercury fever thermometers to consumers and patients, except by prescription. The manufacturers of mercury fever thermometers shall supply clear instructions on the careful handling of the thermometer to avoid breakage and proper cleanup should a breakage occur with all mercury fever thermometers sold through prescriptions.

Section 2.3. Manufacturing Prohibited. It shall be unlawful for any person to manufacture a mercury thermometer in the City.

Section 2.4. Importation Prohibited. It shall be unlawful for any facility to import, purchase, or distribute a

mercury thermometer in the City.

Section 2.5. Restriction on the Sale of Mercury Thermometers. Six months after the adoption of this ordinance, a person may not sell or supply mercury fever thermometers to consumers and patients.

Section 2.6. Penalty. Any person who violates this ordinance shall be guilty of a misdemeanor, punishable by a fine of not more than \$700, or by imprisonment for not more than 6 months, or by both such fine and imprisonment.

Referred to the Committee on Public Health.

ORDINANCE RELATING TO REGISTRATION OF DOGS AND FURTHER REGULATING DANGEROUS OR VICIOUS DOGS (DOCKET NO. 1117)

Councillor MURPHY offered the following:

City of Boston
In the Year Two Thousand

AN ORDINANCE RELATING TO THE REGISTRATION OF DOGS AND FURTHER REGULATING DANGEROUS OR VICIOUS DOGS

Be it ordained by the City Council of Boston, in accordance with the provisions of Massachusetts General Laws Chapter 43B, Section 13, and any other applicable law, as follows:

Whereas, Vicious dogs are so dangerous that they constitute a threat to children and others in the city; and

Whereas, Vicious dogs occasionally escape from the yard or building in which they are kept, by slipping under a fence, jumping over a fence, slipping out through a door or gate temporarily opened or unlatched, breaking the leash or chain, or pulling up the anchor for the chain or leash; and

Whereas, Children too young to read may wander too close to a dog, even in the presence of "beware of dog" signs; and

Whereas, It is the policy of the City that children and others should not have to assume the risk of a vicious dog having an opportunity to attack or to kill, and

Whereas, The benefits to a dog owner in owning a dangerous dog are outweighed by dangers to children and to the general public; now therefore be it ordained:

Section 1: Chapter 16 of the City of Boston Ordinances is hereby amended by inserting the following new section, after Section 1.9A:

16-1.9B Dangerous or Vicious Dogs

a) A "dangerous or vicious" dog as the term is used in this section shall mean

1) Any dog that has bitten or attacked any person and any dog that has attempted to bite or attack any person. A dog shall be deemed to be attempting to attack if it is restrained by a leash, fence or other means, and it is clear from the dog's excited actions that only the presence of the leash, fence or other means of restraint is preventing the dog from making an immediate attack.

2) Any dog with a known propensity, tendency or disposition to attack, to cause injury to, or to otherwise threaten the safety of domestic animals.

Such incidents shall be evidenced by verified reports of the Dog Officer and shall be governed by the procedures delineated in G.L. c. 140, § 157.

When a dog is deemed to be vicious, the Office of Animal Control may order any or all of the following: 1) Spay or neutering 2) Microchip Identification 3) Behavior Training

b) An "owner or keeper" of a vicious dog shall mean an individual who is the registered owner as well as an individual who keeps, harbors, or possesses a vicious dog.

c) While on the owner's or keeper's property, a dangerous or vicious dog must be securely confined indoors or in a securely enclosed and locked pen or structure of a type meeting standards established by the Dog Officer,

suitable to prevent the entry of young children, and designed to prevent the animal from escaping. Such pen or structure must have a minimum dimension of five feet by ten feet and must be securely enclosed. If it has no bottom secured to the sides, the sides must be imbedded into the ground no less than two feet. The enclosure must also provide protection from the elements for the dog.

The owner or keeper shall display a sign or signs on his or her premises facing out from all sides of the premises warning that there is a dangerous or vicious dog on the property the location and design of which shall be determined by the Dog Officer. This sign should be visible and capable of being read from a public way or within 20 feet of its placement. In addition, the owner shall conspicuously display a sign with a symbol warning children who cannot read of the presence of a dangerous or vicious dog.

The Dog Officer may permit a dangerous or vicious dog to be off the owner's or keeper's premises if it is muzzled and restrained by a lead or chain approved by the Dog Officer not exceeding three feet in length and is under the control of an adult, able-bodied person. The muzzle must be made in a manner that will not cause injury to the dog or interfere with its vision or respiration, but must prevent it from biting any person or animal.

The provisions of this Ordinance regarding dangerous or vicious dogs shall not apply to animals owned by law enforcement agencies and used for law enforcement purposes.

(d) The owner or keeper of any dangerous or vicious dog who fails to comply with the requirements as set forth in paragraph (c) shall be subject to a fine of two hundred fifty dollars (\$250.00) for a first offense and five hundred dollars (\$500.00) for any subsequent offense. If said animal is found on property not owned or controlled by its owner or keeper, or not restrained in a secure area per paragraph (c) of this section on two separate occasions within a twelve-month period as documented by the Dog Officer, said animal shall be forever banned from within the limits of the City of Boston.

(e) Each day there exists a violation of any of the provisions of this ordinance shall constitute and be punishable as a separate offense.

(f) A dog shall not be considered legally licensed, pursuant to G.L. c. 140 §§ 137, 147, unless the owner is in full compliance with this ordinance.

(g) Compliance with the requirements of this section shall not be a defense to an order of disposal of a vicious dog pursuant to G.L. c. 140, § 157.

Section 2: To the extent permitted by G.L. c. 140 § 172, fines collected pursuant to the provisions of this ordinance and Chapter 16 of the City of Boston Ordinance, Section 1.9A and all dog registration and licensing fees collected pursuant to Chapter 18 of the City of Boston Ordinances, Section 1.4 (6-10) shall be deposited into a revolving fund within the Animal Control Unit of the Property Management Department with disbursement at the direction of the Commissioner of Property Management, pursuant to the provisions of G.L. c. 44, §53E1/2, and shall be subject to annual authorization by the City Council with the approval of the Mayor. Said fund shall be utilized as follows: to reimburse for administrative costs to those City agencies which enforce this ordinance and Chapter 16 of the City of Boston Ordinances, Section 1.9 and for costs associated with licensing and registration. The total amount which may be expended from such fund in fiscal year 1997 shall not exceed amounts authorized under the aforesaid Section 53E1/2.

Section 3: The title of Chapter 16 of the City of Boston Ordinances, section 32.3 is hereby amended to read as follows: 16-32.3 Alternative Noncriminal Disposition of Violations of Subsections 16- 19, 16-32.4 16-1.9B and 16-12.7.

Section 4: The first sentence of Chapter 16 of the City of Boston Ordinance, Section 32.3 is hereby amended

by inserting after 16-1.9 the following: 16-1.9B

Section 5: The first sentence of Chapter 16 of the City of Boston Ordinances, Section 32.3 is hereby further amended by inserting the following after the last word of the sentence: and the Animal Control Unit of the Property Management Department.

Section 6: pursuant to the provision of St. 1909, c. 486, §5, as amended by St. 1953, c. 473, chapter 16 of the City of Boston Ordinances is hereby amended by inserting the following new section, after Section 1.9B: 16-1.9C Dog Registration & Licensing. All the powers and duties associated with dog registration and licensing in the City of Boston, heretofore exercised by the Police Commissioner of the City of Boston and the Inspectional Services Department pursuant to G.L. c. 140 are hereby transferred to the Animal Control Unit of the Property Management Department. The following positions in the Property Management Department and the Inspectional Services Department shall be reclassified or transferred to and within the Property Management Department: the incumbent Executive Assistant responsible for Animal Control in the Property Management Department shall be reclassified to the position of Executive Assistant (Director of Animal Control); the incumbent Dog Officers in the Inspectional Services Department shall each be transferred to the position of Animal Control Officer to the Property Management Department; the incumbent Administrative Assistant in the Animal Control Unit of the Inspectional Services Department shall be transferred to the Property Management Department to the position of Administrative Assistant (Animal Control). Section 7: Chapter 18 of the City of Boston Ordinances, Sections 1.4 (6-10) are hereby amended by deleting the several references to "the Police Commissioner" and inserting in place thereof: the Animal Control Unit of the Property Management Department.

Section 8: All of the fees appearing in Chapter 18 of the city of Boston Ordinances, Sections 1.4(6)-(10) are hereby increased by the amount of two dollars (\$2.00).

Whereas, Members of the City Council, MONS neighborhood coordinators and interested community groups do not receive notice of these hearings until sometime closer to the scheduled hearing date; and

Whereas, This time period is insufficient to raise public awareness about the pending application, to secure a meeting location and to advertise the meeting in local papers; and

SPECIAL EXHIBITION

"Presence"

October 31 - December 30, 2001

Art meets science in the Fall 2001 exhibition at the Gardner. The germination of life and death. The generating and corrupting influences of light. Facing, aging, memory, possession and loss. The ever-changing tonalities and hues of the color green. These are some of the ideas and themes woven into the fabric of an extraordinary body of work by artists Heather Ackroyd and Daniel Harvey, who are known internationally for their creation of "photographs" on large canvases of grass. This British pair harnesses the process of photosynthesis and capture chlorophyll to fix images in growing grass. This installation of their work will mark the first solo exhibition of Ackroyd's and Harvey's work in the U.S.

* Gallery talks about *Presence* will be given by Museum staff members on Saturdays at 12:00 p.m. throughout the exhibition (excluding Thanksgiving weekend). All gallery talks are free with Museum admission.

In conjunction with the exhibition, *Presence*, artists Heather Ackroyd and Daniel Harvey will speak about their fascinating work with photosynthesis and genetic research to create "living photographs," genetically engineered,

photosensitive grass images. Learning how to manipulate the process of light and plant material brought them together with scientists at the Institute of Grassland and Environmental Research in Wales who were looking for ways to develop a "stay green" grass. Their collaboration produced highly effective results and offers a prime example of how art and science can work together to reveal the way in which genetic research is changing the nature and meaning of life.

The artists will be joined by British scientists Howard Thomas and Helen Ougham from the Institute of Grassland and Environmental Research, and Carole Kismaric, co-curator of *Paradise Now*, the ground-breaking New York exhibition and the first U.S. survey of contemporary artists exploring genetics. This will be an opportunity to engage the Gardner audience in a broader and deeper public discussion about some of the new realities, promises, and concerns of biogenetics in our lives.

CHILDREN'S PROGRAM

Enjoy a lively Saturday morning exploring the Gardner Museum with your child in a Family Fun workshop. Each Family Fun program engages families in active gallery discovery before the Museum opens to the public, followed by creative art-making in the studio. "What Should I Wear," Family Fun Workshop for parents and children (ages 6-10), on Saturday, October 27, from 10 a.m. to noon. Come and see what some interesting people chose to wear when they had their portraits painted long ago! Look for clues that can tell you who wore what and why. After meeting some fancy friends, come to the studio to create a costumed portrait using a variety of collage materials.

Cost is \$20 member and \$25 non-member parent/child pair (an adult may attend with two children for an additional \$5). **Please register by October 17, call 617-278-5147.**
